RALEIGH

State Treasurer Lacy's Ruling on Slot Machines.

Supt. Public Instruction Report. New Knitting Mill. Good Penitentiary Showing. Political Apathy. A. & M. College Improvements.

RALEIGH, Oct. 2.—The report of the State Superintendent of Public Instruction for last year and this year will appear in December. It will contain the report of the State text book commission which last year selected the text books for 5 years. The report will be of peculiar interest, as it will show how widely the commission departed from the recommendations of the sub-commission. The latter was composed entirely of teachers.

Attorney General Gilmer left today for Moore and Chatham counties, to make three political speeches.

James B. Martin and Ernest Martin of Raleigh have ordered the machinery for a knitting mill here. It will be the third knitting mill at this point and will be owned entirely by them.

Among today's arrivals were H. B. Peebles, of Jackson and Adjutant General B. S. Royster, of Oxford.

The penitentiary directors are now estimating that its excess of income over expenditures this year will be \$50,000. Very economical management, the employment of many convicts on paying railway work and good crops on the State farm are the reasons.

Political apathy continues. This is the statement which comes in from all quarters.

Some one made a newspaper statement that Wayne county, always a Democratic stronghold, would go for Stocumb the Republican nominee for Congress. It is said, on the contrary, that it will give Patterson, Democrat, 1000 majority at least.

Work on Pullen hall at the Agricultural and Mechanical College here is now half finished. Many improvements of the college farm are being made. By the end of this week all the cadets will be ununiformed. There are nearly 200 new cadets this term.

State Treasurer Lacy rules out those "nickel-in-the-slot" machines which may or may not give money for each coin dropped in but which always play a piece of music; the idea being that the music is not an equivalent for the money put in. A ruling was made some time ago that the machines which always gave chewing gum but which were uncertain as to a money return could not be prohibited. But these too are purely for gambling.

TELEGRAPHIC BREVITIES.

Serious flood conditions prevail all over Southern Iowa.

There was a snow storm late Monday night in Central Kansas.

The Department of Agriculture estimates for next year call for \$500,000 increase.

Postmaster General Payne will ask for \$46,295,320 next year, an increase of \$3,614,700.

Nine States received allotments yesterday for buildings at the World's Fair in St. Louis, Mo.

All section men on the Norfolk and Western, between Portsmouth, O., and Kenova, W. Va., went on strike yesterday.

An attempt will be made in New York today to equalize the production and consumption of coffee, there being too much now.

There is a rumor of the sale of the Norfolk Southern to the Chesapeake Transit Co., a rival road.

L. T. Durand, of Saginaw, has been selected by the Michigan State Democratic Central Committee to be candidate for Governor in the place of Judge Durand lately nominated and withdrawn. The two men are brothers.

Near Admiral Jewett, of the United States navy is dead at his home at Sandy Springs, Md. He was 74 years of age and had a long and honorable service in the navy.

Urd S. Coler is nominated for Governor of New York by the Democratic party.

TRUE ARMOR.

Proper Food Defends Against Disease.

There is an assayer and chemist in Route, Colo., Mr. C. W. Wainwright, who shows by actual every day demonstration that scientific food will make a man young again. He says:—

"The question of proper food which will assimilate and protect the system from loss and waste of brain and muscle, becomes a serious one when man advances to my age of past 60. I am continually under a brain and muscle strain which for the last 35 years were upon me seriously. My digestion became impaired and my whole system weak.

I saw Grape-Nuts in a grocery store, and bought a box. I tested it in my laboratory and found it correct according to your declaration of its substances in proportion with the phosphates in fact.

I made it my principal food and gained in one year 15 pounds in weight, and had the pleasure of feeling my indigestion leave me entirely. After a year and a half of its use, I feel 20 years younger and am as strong and supple as I never was before during the last decade. I simply have found the true armor which is defending my body against disease and withering age.

I find it of advantage in field work and when prospecting in the mountains. When I go out upon geologic expeditions, I take a quantity of Grape-Nuts along with me. This abolishes combats some baggage and food cooking stoves. A little sugar, a can of condensed milk, my Grape-Nuts, and I have my food in a closely condensed form, not weighing over 4 pounds to carry and I never get hungry. Concentrated nutrients are the most effective in all chemical operations and Grape-Nuts are the 10-gramme that keep the body's laboratory (the stomach) in perfect working order. Your product is perfect."

DAVIDSON COLLEGE OPENS.

Davidson, Oct. 1.

The sixty-sixth annual session of Davidson College is under full way with the largest attendance known for years. The freshman class is the largest in the history of the college.

Much interest has been manifested in foot ball and the competition for the team has been very spirited. The first team with substitutes has been selected.

The following is the schedule of games and where they play:

Davidson vs Oak Ridge, Oct. 6, Campus

Farmas College " 10, "

University N. C. " 15, Charlotte

" Va. Nov. 1, Charlottesville

Ga. Tech. " 15, Atlanta

University Ga. Nov. 14, Athens

A. & M. Nov. 21, Greensboro

Gulfport Col. Nov. 23, Gulfport

University S. C. 27, Columbia

A game will also be played with Clemson on the campus here, but the date has not been settled.

The September issue of the Davidson College Bulletin has been received and is an especially good number. The edition this time was five thousand, being double the issues of last year. The present number contains splendid views of the college buildings, society halls, campus, etc. It is a credit to the efforts of the President and an honor to the college.
