Cotton Bagging and Ties.

We have in stock and to arrive 3,500 Rolls Cotton Bagging, 3,500 bundles Cotton Ties. Send us your orders. Prices are the lowest.

J. E. Latham & Co.

"Knocked the Stuffing out of it."

and broke it into splinters, may have been the fate of your machine when it was run into by something, but "there is balm in Gilead" or there is pleasure in knowing that in our shop you can have it made good as new. We do all kinds of carriage repairing and blacksmithing in a skillful and expeditious manner.

We put Rubber Tires on your old or new wheels. We shrink your loose tires in a machine without cutting them. Everybody is invited to see the work of the machine putting new bolts in same old places.

A Fair Critic

can say nothing but good of his Fall suit if it's made here. We don't know everything, but we do know how to make good, dainty, long-wearing clothes, as our 3 years' standing will tell you. Cloth that, casual shrinking accounts nothing, shrinks as those tell the tale. Let us take your measure for a Autumn Suit.

F. H. Chadwick,
Local Druggists Carry
Suits and your suit.

FOOD ADULTERATIONS.

Report of State Chemist on What is Done.

Assessed Valuation Returns. Sunday Crusade Against Sale of Soft Drinks and Cigars. Political Gossip on Butler. Large Cotton Receipts.

RALPHIG, Oct. 4.—The State tax commission is now receiving reports from the various counties, giving assessed valuations, etc. The returns are being carefully examined. The commission will as a body go to all the counties which send unsatisfactory returns and will confer with and instruct the assessors and other officials.

It is said by some persons that the crusade here against the sale of soft drinks, cigars and tobacco on Sunday, which failed so signally, was to have been the prelude to a prohibition movement.

The State Superintendent of Public Instruction has received the reports from all the county treasurers save those of Buncombe and Haywood, and from all the county superintendents save those of Buncombe and Martin.

The chemists this week completed the taking of samples of foods, for tests under the pure food act. The report on the samples taken for the year ended June 30, will appear in the next bulletin of the Agricultural department. The analysis of the samples now taken will be published next year. The chemists were asked by your correspondent what were the chief articles of food adulterated and replied that first of all come jellies, jams, etc. The adulteration of these is gross. Taking as a basis starch paste, this is heated until it jellies, it is colored with a dye made of coal tar, sweetened with saccharine, which though costing \$15 a pound, is 500 times sweeter than sugar, and then a preservative, usually salicylic acid or formaldehyde, is added. There is found to be very considerable adulteration. The reports are dry and the general public does not read them but it ought to do so. What is needed is a statement regarding these adulterations put in the plainest terms. The seizure and destruction of adulterated foods ought to be made a feature.

Senator Simmons is east, speaking. He spoke at Greenville today.

Most white voters here are registering under the "grand father clause" of the amendment constitution and thus are saving themselves the trouble of again registering by getting on the permanent roll. So far the registration is slow. There will no doubt be a large white registration.

It is evidently the purpose of the Republicans to have George Butler as the anti-Democratic nominee for Congress against Charles R. Thomas, and it is equally clear that they count on the Populists nominating Butler.

The cotton receipts here to date this season are more than three as great as they were to the same date last year. The tobacco sales to date are regarded over 1,300,000 pounds. This is rather an extremely satisfactory fact what may truly be termed a new market.

Resolutions of Respect. Worthy Pastor and members of St Peter's A. M. E. Zion Church of the City of New Bern, State of North Carolina, we your committee to draft suitable resolutions on the death of our brother Trustee, Secretary and Chorister, John G. Sutton, Jr., who departed this life Monday Sept. 15th, 1902, in City of Baltimore, Md., in his 57th, year of age, beg leave to submit the following.

Whereas, It has pleased the Supreme Ruler of the Universe to call from labor to reward a much esteemed, kind and affectionate worthy brother in the person of John G. Sutton, Jr., who joined our Church on the 16th day of September, 1886 while under the Pastorate of Rev. C. H. Smith, making 14 years of complete work in the master's vineyard and who has served us as Secretary of the Board of Trustees since April 30th, 1894, and who has served as faithfully for 6 years as Chorister of our church choir. Let us be reminded that ere long we too must leave this transitory world and enter the Haven of Rest. While we mourn our loss, Heaven is now shouting his triumph. And,

Whereas, In his death the Church has lost one of her strongest pillars, the one of her great examples of honesty and integrity, our Sunday School, one of her great workers, society one of her strong advocates, New Bern one of her worthy citizens.

Resolved, That we tender his bereaved family our warmest heartfelt sympathy in this their hour of affliction. Our prayer to God is that he will ever watch over them with his loving kindness and tender mercies and that he will ever support, protect and defend them in all their need and hour.

Resolved, That our church be draped in mourning for 30 days and that each member of our official board wear a badge of mourning for the same period of time in honor of the esteem held for him.

Resolved, Further, That a copy of these resolutions be engraved and presented to the family, and a copy be sent to the New Bern Journal and Star of Zion for publication, and they also be spread upon our church ledger.

Respectfully submitted,
W. W. Lawrence,
J. P. Stanley,
Marjory White,
Edward Wilson,
Wm. Hyman,

OPERATORS STILL OBSTIMATE.

Friday's Conference Makes New Plans Necessary, The Situation Not Relieved.

Special to Journal. WASHINGTON, Oct. 4.—President Roosevelt summoned Governor Stone and Senator Quay for conference. Having failed to get consent of operators to end the coal strike he will invoke the laws of Pennsylvania, the statute of the State, which prohibits coal carrying roads from mining anthracite and in violation of these provisions forms the basis of action.

The conference between Roosevelt, Secretary Root, Attorney General Knox and Commissioner of Labor, Wright was held today.

The President and Advisers have canvassed the coal situation in every detail Mitchell's offer leaves matters, as far as miners are concerned, in the President's hands, and has practically made Roosevelt a party to the issue.

The coal presidents are absolutely controlled by Pierpont Morgan.

Market Letter on Cotton.

By private wire, J. E. Latham & Co.

NEW YORK, Oct. 4.—We believe this year's crop will prove nearly as large as the production of 2 years ago, and even granting the influence of those speculators seeking to make crop conditions as dangerous as possible, there is little hope of much more than was grown last year. Last year's crop was probably between 10,300,000 and 10,400,000 bales, the rest came of the stocks of the previous year. They say the crop of 1900 was 10,700,000, and only 10,450,000 appeared in sight. We can roughly estimate total drawn into consumption as 400,000 from last year. Now this year there is too little to indicate a yield above last year and with an early frost not as much. There are of course other factors in the situation. The condition of the money market, the strike and mostly the accumulation of January. What influence this will have we can't tell, but as far as supply and demand are concerned, we can see no reason for not being bullish. Consumption must be curtailed to meet demand.

FOOD FOR SLEEP.

A Sure Way to Comfort.

The right kind of food will restore any weak stomach. It is better off without drugs and a little judgment in selecting light weight and easily digested food does the trick.

A man in Grand Rapids, Mich., upon recovering from a severe attack of nervous prostration, says—

"The principal trouble was an intensely irritated condition of the stomach, so severe that diluted milk would cause a sensation as if molten lead had been swallowed. At length, I began to study my own case, and abandoned drugs and commenced experimenting with my diet.

Grape-Nuts was brought to my notice and I found it very palatable, and as a regular morning dish, it met all the requirements, and sustained me until midday. After using Grape-Nuts a week, physical discomfort grew less, my strength began to return and I gained steadily in weight.

Along with all these improvements, came good, peaceful sleep, which had been so long a visitor, and with it came returning hope and ambition, and now, with perfect health, I give no thought to give Grape-Nuts the credit I deserve." Name given by Postum Co., North Creek, N. Y.
