SPEAKERS PLENTIFUL

But Audiences Not Large To Greet Them.

Speculation As To Negro Vote. Vanderbilt Farm Exhibit. Uniforms for A. & M. College Cadets. Quiet Marriage. Gatling Guns for Charlette.

RALEIGH, Oct. 8.—White Republicans here are ridiculing the call for a negro State convention and say the callers of it went into a trade two years ago. They add that they do not believe the convention will amount to anything.

Very few negroes are registering here and it appears that only a few hundred will vote in this county. One estimate made is that not over 30,000 will vote in the entire State.

State Chairman Simmons says that people are comparing the audiences at political speakings this year with those which attended two years ago and hence term those small, but that they are an average. He says there may never again be such audiences as there were two years ago.

A letter from George Vanderbilt's farm manager says the Billmore farm will make the greatest show of agricultural products at the State fair ever made by one exhibitor. Special preparations are being made for it.

Insurance Commissioner Young is greatly pleased at the success of his work in tracking and capturing incendiaries. The last arrest made is in Polk county. The practice of burning property to get the insurance is greatly checked by the good detective work and the prompt and severe punishment.

The bulletin of the State board of health issued today says there is small pox in 16 counties, with 2 deaths in Oraven and one in Carteret; 30 cases in Forsyth, 25 in Gaston, 11 in Northampton and 15 in Rockingham. Typhoid fever is reported in 78 counties; in all hundreds of cases. No part of the State is free from it, and there are many cases in the east.

At one time there was talk of having a Republican newspaper here, but the plan is abandoned.

Tobacco-growers appear to be now less afraid of a drop in price. When the Imperial and the American companies consolidated they felt sure there would be a sharp decline. The increase in storage next season will be great in this section.

Manager R. C. Rivers of the Academy of Music here was married at Norfolk yesterday to Miss Sellers, who was a member of the late "Lonely Widow" company, of which Mr. Rivers was the manager. News of the marriage was not known here until today.

There are now about 60 Democratic speakers in the field.

The cadet battalion of the Agricultural and Mechanical College here is now fully uniformed. Each Monday there is dress parade. This day is chosen because Monday is the holiday for the female colleges. For the male colleges Saturday is the holiday.

Two galling guns have arrived for the battery of artillery at Charlotte, giving it three of these guns. A rapid fire cannon will be added next year.

The defendants in the famous "Cherry Tree" fraud case recently sentenced by the court to pay \$10,000 have compromised the matter by paying \$3,000.

Fire has again started in the Texas oil fields and a number of lives were lost.

Special Announcement To The Theatre Going People Of New Bern.

Knowing the inconvenience annoyance, and noise created by late comers to the Opera House the management of the "Who What When Minstrels" beg to call attention to the fact that the curtain will rise promptly at 8:00 Friday evening Oct. 10th, and any person, not being seated at that time will be compelled to stand until after the closing of the first part, which lasts one hour. The management has made the above rule imperative to protect the great number of people who are seated, to enjoy the performance in its entirety. No deviation will be made under any circumstances.

Market Letter on Cotton.

By private wire, J. E. Latham & Co.

New York, Oct. 8.—Taking a broad view of today's developments, not such as to startle any one, in fact taking the coal strike, good weather, and unsettled stock market, etc. in view, it was just about as expected. Large buying orders in March and May reported, and, as no one cared to short January, that option took care of itself. Better crop reports held cotton, but any one familiar with cotton was prepared for just that sort of thing—as we have said before a market that insists pressure of receipts and holding price unchanged from week to week, is a remarkably strong market. In the face of such receipts and the break in stocks, the market has set in a manner surprising any one but a bull. We are prepared for an irregular market while the rush of receipts is on. One can carry a thousand bales of cotton later in the season with less uncertainty than 100 bales now. Last Spring cotton was 9 cents and going up every day, we couldn't advise being long. 'Twas not long before the smoke came. Conditions this year lead one to believe in as high, if not higher prices than last season. For this reason moderate buying on bunks is to be recommended. As long as weather keeps good the tone may be solid. January holds in a way that never has been held and that long interest is still intact.
