COTTON OIL

Industry Breaks all Previous State Records.

Charters Granted Mills. Busy Year in Mill Business. Found in Jail. Locomotives From Coal to Wood Burns.

RALEIGH, Oct. 11.—The development of the cotton oil mill business in North Carolina this year is so great as to break all records. The capital invested is twice that put in cotton mills this far this year to the following mills: Battleboro, \$100,000 capital; Vermer, at Lattimore, \$125,000; Farmers, at Wilson, \$100,000; Mutual, at Tarboro, \$40,000; Consumers, at Tarboro, \$100,000; Fine Level, \$15,000; Farmers, at Nashville, \$100,000; St. Lewis, Edgecombe county, \$15,000; Fremont, \$36,000; Dunn, \$200,000; Swift Creek, at Wendale, \$15,000. The total capital is \$750,000. A charter was also granted to the Farmers Guano Company, of Raleigh, capital \$50,000.

Charters have so far been granted to the following cotton mills: Oberon, at Graham, capital \$200,000; Morehead, at Spray, \$138,000; Hilderbrand, \$25,000.

Charters have been granted the following hosiery and knitting mills: Elizabeth City, capital \$10,000; Crescent, at Scotland Neck, \$35,000; Blanche, at Hillsboro, \$15,000.

A charter for a new lodge of Odd Fellows at Ellboro is applied for. Some time ago Frank Winn, alias Allen, a negro 53 years old, murdered his nephew Charlie Winn, in Wayne county. He was allowed to give bail in \$3500, sold his property, and deposited that sum with the clerk of the court, then fled and did not appear when the case was called. Governor Aycock offered \$150 reward for him.

A charter is granted to the Talcum Puff Company of Asheville, with \$15,000 capital. The company will manufacture the Volvet talcum puff and other toilet articles.

The engines on the Carolina Central R. R. are being changed to wood burners, and it is probable that such changes will have to be made on other lines in the State. Many persons look for a sharp advance in prices of wood.

The total enrollment of white children in the public schools at present is 291,787. There will be at least 85 boats in the industrial parade here on Wednesday of the State fair.

Innes and His Band.

Innes and his Band are to play in this city this season. It is wholly unlike the old time military band in tone and usefulness. Every string instrument to be found in a symphony orchestra has a wind instrument of corresponding tone in this band.

Innes went a step farther than the other great concert band leaders when he introduced the orchestral string basses and harps as auxiliaries to the "Bax family" which holds such a pre-eminent place in his organization. It is this novel combination which serves to give the marvelous orchestra effects which have earned for the band its distinctive standing.

FOOD VS. RECREATION.

Good Food of the Greatest Importance.

There is really no need to go away for rest if one will take scientifically made food that rebuilds the nerve centers and makes work a comfort and pleasure.

One of our prominent avocalists was sent to Colorado "Ride every day, sleep in a tent, eat when you are hungry, my physician told me, but food did not satisfy me and rest would not end the fatigue that had me in its grip. I was a mere machine; eating, sleeping, walking, riding, but unequal to a day's work and with no rest for the day's pleasure.

At the lowest ebb of strength and courage, my eye fell on a piece of newspaper with which my guide was making a camp fire, and I picked it up and read, "Grape-Nuts, a Food for Brain and Nerve Centers." I read on: it seemed to be a description of my own case cured by a diet of Grape-Nuts. I sent for a supply of the Food by the next pack-train that left my camp. It came, 45 miles from the nearest settlement, on a burro's back. That night I ate Grape-Nuts without cream, milk or sugar. It tasted good. I felt that for the first time in six months, I had been fed.

I went to my bed of pine boughs, slept like a tired child, and woke rested. Then I knew that I had found what I needed, better than a new sky, better than exercise, better than rest, because looking the food, that schooled nature was crying for, these things could help me.

I am well now. In the future, I will say rewards by my pen; I shall count them gained by the food that made work possible to me, and that gave back to me my old joy in living. Name given by Postum Co., Battle Creek, Mich.

PRESIDENT AGAINST OPERATORS

Will Show His Position Plainly Tuesday. Operators Unyielding.

WASHINGTON, Oct. 11.—It is said that the President attacks the position of the coal operators on the ground of alleged conspiracy in restraint of interstate commerce.

He today told Vice-President Wilcox of the D & H railroad company very plainly that he did not consider the miners union a trust.

The President is expected to show his hand on Tuesday, and the operators must stand ready to grant concessions.

Secretary Root is in New York and saw J P Morgan today. The coal operators will confer no more. They still are unyielding.

Market Letter on Cotton.

By private wire, J. E Latham & Co.

NEW YORK, Oct. 11.—It begins to look as though factors outside of the situation were of more importance for the time being, than the cotton factor, itself. One must recognize this fact and make the best of it. However bullish we may be there is no getting around the fact, that the coal strike grows more and more serious each day. If coal cannot be had to run mills, and mills are obliged to shut down in a great many cases, it is manifestly out of the question to expect mills to buy cotton, that cannot be used. As long as the strike is on, and it looks far from a settlement, the market will be influenced by it.

In Liverpool the purchase of a large block of cotton advanced prices four points, but here, after the opening at 8.61 for March and May the whole market slumped 6 to 7 points.
