A Fair Critic

Can say nothing but good of his Fall suit if it's made here. We don't know everything, but we do know how to make good, dandy, long-wearing clothes, as our patrons of years' standing will tell you. Cloth, first, careful shrinking, seamless cutting, skillful stitching tell the tale. Let us take your measure for a Autumn suit.

TELEGRAPHIC BREVITIES.

Snow fell at Schenectady, N.Y. Tuesday.

Seven hundred folding boxmakers on strike at Chicago, Ill. returned to work yesterday under a piece work scale.

The Common Council of Chicago, Ill. has thanked Dr. Adolph Lorenz, of Vienna, for his work among the poor children.

The Southern Textile Company, known as the Fries Mill Merger, becomes effective December 1, 70 mills being in the combine.

One of the greatest gas wells ever struck in Pennsylvania was struck on Wednesday at Worthington. More than 50,000 cubic feet of gas are reported escaping every day. Efforts to control the escaping gas have been unsuccessful.

Hill Again in Tammany Hall.

New York, Oct. 23.—For the first time in 10 years David Bennett Hill, former Governor and former United States Senator from the State of New York, spoke tonight in Tammany Hall. The occasion was the ratification of the Democratic State ticket. Former President Grover Cleveland sent a letter expressing his regret that a previous engagement prevented his attendance. Those who spoke were Chas. N. Belder, candidate for Lieutenant Governor, John B. Stanchfield and Martin W. Littleton.

Market Letter on Cotton.

By private wire, J. E. Latham & Co.

New York, Oct. 23.—There was no change in the irregular disappointing character of the market. It was small receipts, tagging at one end, and fine weather at the other, between the two prices moved in first one direction, and then in the other. We are free to confess we don't know what is the trouble. In some ways the market looks as though it wanted to ease off, but just as soon as it gets started, one short of January gets frightened and covers. This advances January and causes buying in March and May. Then instead of a decline, the market halts and before one is aware of it, advances several points, and so it goes. As we said the market is much disturbed and the only way seems to be to buy on a good break and as soon as the cotton shows a profit, let it go. The advance in January to 8.71 and a premium of 25 points over March attracted selling of January and this was partly responsible for the break. Another reason was the report that Mr. Stanton who came last year will estimate the crop tomorrow. We would place about as much confidence in his views as we would in "a prominent New Yorker." He is unbiased by any interest in the market, whereas the New York gentlemen confess to extensive interests.

The Motorman to Blame.

Boston, Oct. 23.—In a report upon the accident in which President Roosevelt's bodyguard, Wm. Craig, was killed, and the President and Secretary Cortelyou were injured at Pittsburgh last month made public today, the board of railroad commissioners find that the responsibility for the accident rests with the motorman of the electric car which ran into the President's carriage.

Enclid Madden was the motorman. His name is not mentioned in the report. The commissioners find that the car was going at reckless speed and that the management of the street railway was at fault in not establishing rules to regulate the speed of cars at a dangerous point like that at which the accident happened. The report says: "The motorman had good reasons to believe the effort which he was plainly making to reach the Country Club before the carriages, was with the approval of passengers, including a prominent director of the company."

RALEIGH

Sixty Thousand Democratic Majority Predicted.

Favors Compulsory Education. Fails State Reports. Revival of Butler's Opinions. 91 Inmates Soldiers' Home. Knights of Honor Sail.

RALEIGH, Oct. 23.—The State commissioner of labor is making up his report. The first compilation is of reports from farmers. Of those who report 82 per cent declare themselves in favor of compulsory education. Their returns also show that crops were made more cheaply this year than in a number of years and that hence the profit is greater.

State warrants were issued today in aid of free libraries for rural schools in Johnston, Mitchell, Caldwell, Sampson and Franklin counties.

The annual report of the State Superintendent of public instruction is so well under way that he hopes to have it in type by the end of the year.

The tickets to the State Fair here go on sale tomorrow, which is a day earlier than usual.

The State Auditor intends to have his report for 1902 in the hands of the legislature by February 1. The report for 1901 was not issued until the summer of this year, the delay being due to the printers.

The demand for wood for fuel is so great that all at any points along the lines of railway has been secured.

The Supreme Court affirms the Superior Court by deciding that osteopathy may be practiced in this State without a license; in other words that the present medical laws do not cover it.

Ex-Senator Marion Butler intimates that he may make a few speeches in the campaign this year. He had an interview in July, it appears, with Senator Pritchard, and wanted the latter to encourage independent nominees. Pritchard at first assented, but later decided to take the other course and as a result the Republicans put up some men, while they endorsed one independent. Butler says Pritchard is not acquainted with political conditions in the eastern portion of the State.

Democratic State Chairman Simmons' present estimate of the Democratic majority in the State is at least 60,000.

There are now 91 inmates present at the Soldiers Home here. Of these 14 are in the hospital.

The entire cadet corps of State Agricultural and Mechanical College is now uniformed. The last uniforms arrived yesterday.

Governor Aycock has received an invitation from Chasney Depew and James H. Hyde, to meet French Ambassador Jules Cambon at a banquet at Sherry's, New York City, November 15.

The receipts of the fund for the public schools, not including graded schools for the current year are \$1,311,301, which is \$191,000 greater than the receipts for 1901. The increase on property tax alone was \$54,000.

Ten members of the local lodge of Knights of Honor here sued the Supreme lodge for \$5000 each, for its refusal to reinstate them. They had paid their dues to the financial agent, but the latter had not sent them to the grand lodge; though he informed them they were in good standing.

LOOKING FOR LOWER PRICES.
New York expects 4c and 5c. Coal in a Short Time.

New York, Oct. 23.—With the resumption of operations in the anthracite coal mines of Pennsylvania, the people of the United States who have been paying exorbitant rates for fuel for months will soon be able to buy coal at something near the rate which was charged before the strike was ordered; that was \$5.25 a ton for this city.

This is the statement made some of the large retail dealers here, who, however, say it may be some weeks before a figure approaching this price will be quoted. While it all depends, they say, on amount mine owners will send out they are reasonably sure that even by next week there will be an appreciable reduction from the \$15, which is the prevailing rate now. The day is not far distant, all agree, when the public will be enabled to get coal at a price ranging between \$5 and \$7.

It is the general idea that the mine owners will be able to turn out, beginning with tomorrow, at least about two-thirds of their usual tonnage, and there is no reason to believe the Eastern cities will not receive their proportionate share, although there are some who believe that a large percentage of the amount mined will be sent to the West, so that it may be spread over the Great Lakes before getting to the East.

Miners Resume Work.

Special to Journal.

WILKESBARR, Pa., Oct. 23.—One hundred thousand of the former coal strikers resumed work this morning. Miners of Marple and Coxe brothers refused to return to work because posted notices requiring them to abide by decision of arbitration tribunal.
