A Fair Critic

can say nothing but good of his Fall suit if it's made here. We don't know anything, but we do know how to make good, dandy, long-wearing clothes, as our pattern of years' standing will tell you. Cloth first, careful shrinking, accurate cutting, skillful stitching tell the tale. Let us take your measure for a Autumn Suit.

THE STATE FAIR.

Preparations Active For Its Opening
This Week.

Atwater Talks Confidently of Congressional Prospects. Great Apple Exhibit Diversified Crops Mean Prosperity For Farmers.

RALPHIGH, Oct. 25.—Little else is talked of here except the State Fair. Decorators are busy making the streets gay, while workmen are building floats and decorating carriages, bicycles and automobiles, for the floral division of the parade on Wednesday.

There will be ten companies of the State Guard at the Fair, these being from Winston, Durham, Lumber Bridge, Warrington, Henderson, Franklin, Goldsboro, two; and Raleigh two. These will spend one day here.

It is certain that the general interest in the Fair was never greater. Eastern North Carolina was never so prosperous as at present and people want to enjoy themselves.

John W. Atwater, the independent candidate for Congress in this district, when asked this morning how his canvass was progressing replied: "The rural districts are for Atwater. You can say that. Down in Nash county where I had audiences of 185 to 200 Ed. Fox had only 6 and 23, and at the place where there were only 6 he did not speak." Atwater when asked if the Republicans had endorsed him yet replied no, and added that he did not care whether they did or not.

The military company at Wilson has been mustered into the State Guard and its officers commissioned.

President George T. Winston of the Agricultural and Mechanical College says that, by reason of lack of room he is daily turning down applications for admission. He says most of these applicants are working boys, who want to be machinists.

Twenty-five barrels of carefully selected apples arrived today at the agricultural department for the apple show at the State Fair. These are all from that wonderful apple region, Yancey and Haywood counties. From Haywood C. L. McPeeters sends 39 varieties, W. B. Ray 40, and from Haywood, J. A. May sends 60, John Farrior 4, and J. E. Hall 7.

State Superintendent of Public Instruction Joyner says letters from the County Superintendents show that all of them except one will attend the State convention of superintendents next month.

Nothing more is heard of the scheme to effect a merger of the electric power plant at Millburle, near here, and the electric railway and lighting company of this city. There is some fear that the arrangement will fall that there will be no extension of the system of railway.

Observant gentlemen from eastern North Carolina say that, thanks to the diversification of crops in that section the farmers are in better plight now than in 40 years; that more mortgages have been cancelled and more old debts paid than ever before.

A LITTLE ACCIDENT.

Saved a Lot of Money.

Food that will safely and surely carry a man through an exhausting mental work is worth knowing of.

A man in St. Louis, Mo., says—"In my work, it is necessary to begin at seven o'clock and work straight through without lunch until two P. M. You can readily see that this is a strain on the ordinary person, and I was frequently worn out and sick with hunger and weakness. On numerous occasions when two o'clock came around, I was so utterly exhausted and unstrung as to be forced to leave the remainder of the day, and that carried with it a loss of money.

The first package of Grape-Nuts came into our house a little over a year ago by accident. There has been one by-day since ever since that time. Almost immediately after beginning to use Grape-Nuts, I felt the good effect in my ability to work those long hours in comfort. There was no sickness or weakness, and no loss of time from exhaustion. In my business, it is also necessary to work every Wednesday night of each week. The change from day to night work and then back again is certainly no light call on the reserve force of any one, and my invariable preparation for this task is a generous saucer of Grape-Nuts and cream, a light lunch, but a most sustaining one.

An old friend was visiting me recently and while eating the evening meal, I was extolling Grape-Nuts to him. He rather doubted the deliciousness of the food. My three children, aged four, six and eight years, were at the time watching a large oyster cake on the table, and enjoying in anticipation the treat. I asked the three which they would prefer for dessert—oyster cake or Grape-Nuts. Without hesitation, they assented to oyster cake. Grape-Nuts: My friend was convinced.

The only breakfast the children have is Grape-Nuts and milk, and you could not find a more healthy trio. Have given by Postum Co. Battle Creek Mich.

TELEGRAPHIC BREVITIES.

Senator Hanna started his stumping tour in Indiana Thursday.

The volcano of Izalco, in Salvador, is reported in violent eruption.

Secretary Shaw has received so far \$14,365,000 of the \$15,000,000 in bonds he was promised by the New York syndicate.

The Kentucky Confederate Veterans' Home, at Peirce Valley, was dedicated Thursday.

President Roosevelt will speak before the New York Chamber of Commerce December 11.

A legation at Washington, D. C., with R. S. Lopez as Minister, is to be established by Salvador.

Rev. Washington Gladden, of Ohio, was re-elected yesterday as president of the American Missionary Association.

The city of Rome was shaken by an earthquake Thursday.

Frank Munsey, the owner of Munsey's Magazine, has purchased the Boston Journal. He now owns 6 daily metropolitan newspapers and four monthly Magazines.

Magistrates Meeting.

As per notice given there was a meeting of the magistrates of Craven county yesterday noon.

Chairman K. R. Jones called the meeting to order and stated the object for which the magistrates were called together, namely, to levy a tax to cover the expenses attendant upon vaccination and the necessary matters connected with the small pox cases.

The chairman told what had been done and what was proposed to be done by the health board, also made a statement of the expenses incurred, and an estimate for future contingencies.

After discussion the motion was made and carried that a special tax levy of 15 cents on property and 45 cents on the poll be made.

Market Letter on Cotton.

By private wire, J. E. Latham & Co.

New York, Oct. 25.—Temperatures are higher than usual at this season of the year and this has a great deal to do with the absence of speculation. To this absence is to be attributed the failure of prices to advance on an estimate of 10,000 bales at Houston Monday, as compared with 21,000 last year. The movement is small enough to put the market up, but it does not go up. The movement the coming week will compare with 500,000 bales last year and will lose from 80 to 60,000 bales. If the market will not go up on small receipts, we are beginning to be afraid it will go down when receipts increase. At least we would advise caution at the moment, and would buy and sell for turns rather than buy to hold at the level. There is very little trade and this at the present season is likely to cause a sagging market. Today the market was dull in the extreme but the tone ruled steady.

CURE FOR SMALL POX

A Simple Remedy Which Will Work
Wonderful Cures in Small
Pox or Scarlet Fever
Cases

The following is said to be a sure cure for small pox. One man speaking of it says:

It is as unfailing as fate, and conquers in every instance. It is harmless when taken by a well person. It will also cure scarlet fever; here it is as has been used successfully in small pox cases.

Sulphate of zinc, one grain; foxglove, (digitalis), one grain; half teaspoonful of sugar mix with two table spoonful of water. When thoroughly mixed add four ounces of water. Take a spoonful every hour. Either disease will disappear in 12 hours. For a child smaller doses may be given according to age.

If counties would compel physicians to use this remedy there would be no need of post houses. If you value advice you will use this medicine for this terrible disease.

Fine Cotton Weather

Special Journal, New York, Oct. 26th.—The Chronicle says:—Reports by telegraph from the South indicate generally the weather has been very favorable for gathering the cotton crop. Little or no rain in most districts, and the temperature satisfactory. Consequently picking has made rapid progress as a rule.
