

MISS MAY MARKELL, A Society Belle of London, Canada.

M ISS MAY MARKELL of London, Ontario. Canada, is a beautiful girl who knows what suffering is and Wine of Cardui has brought her back to health. She is one of the social favorites of her home and her recovery to health has permitted her to enjoy

the company of her many friends instead of lying on a bed of sickness and suffering. For the health she now enjoys she gives credit to Wine of Cardui. She writes:

"I have found Wine of Cardui an excellent remedy for female trouble. I suffered for three years with terrible bearing down pains at the menstrual period. Could hardly stand on my feet and was never real well. Wine of Cardui was the only real well was rever real well. Wine of Cardui was the only real well was rever real well. Wine of Cardul was the only medicine that I could depend on to do me any good, as I tried several with no success. Wine of Cardul cured me and I have now enjoyed perfect health for two years, and give you all the credit for I know you deserve it."

For a young girl Wine of Cardul is a smuch benefit as if a doctor had prescribed it for you. Thousands of wentered to the cure is a smuch benefit as if a doctor had prescribed it for you. Thousands of wentered to the cure is a smuch benefit as if a doctor had prescribed it for you. Thousands of wentered to the cure is a smuch benefit as if a doctor had prescribed it for you. For a young girl Wine of Cardui is the best remedy to guide her through womanhood by starting the menstrual

Pretty Dress Materials.

This new seniich there will be a great exhibit of dress materials in silk and wool effects, and economical shopwho seek the best returns for their messey, have come to place great value upon these beautiful weaves. Fine, soft wool is most desirable of itself. Good silk alone is always pret-ty, but for genuine worth and beauty here is nothing that will quite com pare with silk and wool mixtures. The silk of the weaving gives a sheen and a very slight rustle that is most at tractive, and the wool, which is nec-essarily of the finest and best, imparts velvety finish and softness to it These materials clean successfully, and they can be washed equally well and make over as no other goods ever do. For this reason very many wo men purchase them, knowing that they will outwear any sort of taffets while quite as handsome, are much lighter than cheviot cloth or oth er all wool fabrics. Among these ma terials are silk warp collenne, hendetta cloth, drap royal, cashmere and

drap d'nima.

Winter Hats. For the winter there is confident prophecy of white fur. In the show oms of the milliners white fur is ni ready put forward. A tempting har has an ermine brim, turned up at the sides, and a crown of mottled autumn leaves and pink roses. A second er mine hat is smaller and turned up sharply on the left above roses of the Alice Roosevelt pink that is being pushed into favor.

A large picture hat with a soft black velvet crown has its brim faced with white fur and is trimmed with two lack perfect ostrich plumes. Held in front by a buckle of French brilliants, they sweep away at each side in the cetrich plumes. Two black beauties are the principal trimming of a picture hat of white Angora fur and black

The newer basket weaves and crape flaunci are charming and will add materially to the constoct as well as the beauty of the season to come. They do things oddly in the Pine Tree State sometimes. In the outskirts of the shipbuilding city of Bath I saw recently the front wall under the roof of a new house torn out and the bow of a twenty-four foot boat protroding.
