A CHECK IN SPECULATIVE MARKETS.

The "prosperity" argument has not been used in some days in Wall Street, or in those speculative circles which are so closely allied with Wall Street interests.

The unbridled and unchecked career of the industrial, the constant setting up new companies, representative of any and every kind of commodity, is not such a good business, nor so easy a one, as it has been for many months past.

The hesitation in speculative circles which began before the November election, has changed to a desire on the part of the holders to get rid of their stock holdings since the election, and this has produced a noted shrinkage in speculative "values."

That the boom in "Combiners" and "Industrial" stocks has received a check, is a good thing. Especially is it a good thing that a halt is called before the inflation had reached a point and found other than the speculative interests heavily involved, and unable to protect themselves.

But good crops and good prices have placed the farmers in splendid financial condition, and this has its effect in upholding every stable industry of the country.

No doubt the fear of legislation hostile to trusts, has a great deal to do with the declines in the speculative commodities and the banks are taking the wise course in refusing to hazard their own positions by sustaining the speculators in their desire to continue the inflation of "values" in interests which are representative of about everything else except intrinsic values.

It is a good thing for real business, to have these checks in the speculative circles, which unduly inflate and exaggerate the true commercial conditions of the country.

Beware of Ointments for Catarrh That Contains Mercury

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them.

Slow Starvation

is the fate of sufferers from dyspepsia and indigestion. If your food remains undigested it can't build up the body. In fact, it does actual damage by decaying in the stomach and poisoning the system.

KODOL Digests What You Eat. Kodol is the sensible remedy. By digesting what you eat it strengthens the body and at the same time rests the stomach.

It can't help but do you good. The only medicine that does so much good to the stomach and bowels as Kodol.

ORCHARD AND GARDEN. Don't crowd fruit trees. Give room for air and sunshine. A dead limb is a source of disease.

CYNICISMS. The love beyond the grave that you read about seldom survives the second year's crop of weeds.

One Minute Cough Cure. Is the only harmless cough cure that gives quick relief. Cures Coughs, Colds, Whooping Cough, etc.

Castoria. The Kind You Have Always Bought. It is a glass cutter. If you want to break a glass jar or bottle quite evenly, soak a piece of string in turpentine and tie it around the glass just where you wish the break to come.

State Flower. California was the first state in the Union to choose a state flower. In 1890, at a meeting of the State Floral Association, the golden poppy was chosen.

Insurance Against Accident. The usual odds laid by an accident company are \$1,000 to \$4 that you do not die from an accident in a year.

Inflammatory Rheumatism Cured in 1 Day by Mystic Cure For Rheumatism. H. Scott Donnelly, of Helena, Mont., writes: After lying helpless with Rheumatism for two weeks, under the physician's care, I was induced to try Mystic Cure for Rheumatism.

FEMINE CHAT.

Mrs. Margaret Saenger, the poet, says any clever girl can master house-keeping in six weeks.

Mrs. Frank Leslie, it is rumored, will soon start a new magazine devoted largely to the interests of women.

Dr. Gertrude Light, a Milwaukee girl, has been appointed a sanitary inspector in New York city under the new townhouse law.

Mrs. Walter Ferrier of Orange, N. J., has been appointed president of the division of Illinois of the International Sunshine society and will shortly go to Chicago to assume her duties.

When Miss Allice Stag of Paterson, N. J., was married the other day, she wore an old-fashioned brooch which has been worn by seventeen brides of her family, first by her grandmother sixty-six years ago.

Mme. Loubet, wife of the French president, believes in coeducation. Recently at a society of French mothers she brought down upon her head severe criticism in advocating American methods in training girls.

Mrs. Laura M. Johns, formerly president of the Kansas Equal Suffrage association, has been debarred from active work of late by illness. She is now greatly better, so much so that she writes, "It seems like a resurrection."

Miss Tula Ely of St. Louis, twenty-five years old, who at the death of her father inherited more than \$1,000,000, has given up all the ease and luxuries of life at the work of converting the semi-civilized Moors of northern Africa.

Mrs. McCausland of Pittsburgh is accredited with being the oldest woman to take out a patent and Margaret O'Sullivan, fifteen years of age, the youngest. Mrs. McCausland patented a cooking utensil, and Miss Sullivan invented a carpet tack that could be easily driven and just as easily taken out.

PERT PERSONALS. A Polish giant named Jabinski is said to be seven feet high. He seems to be entitled to the permissiveness, long-gest. Polak, you know.—St. Louis Globe-Democrat.

William Waldorf Astor no doubt finds it hard to understand how Sir Thomas Lipton can be so fond of associating with those Americans.—Washington Star.

Russell Sage thinks that prices are too high. It breaks his heart to pay a quarter for the same kind of a necktie that he used to buy for 19 cents.—Hartford Post.

Captain Anson, the ex-baseball player, is going into politics. The captain used to be noted as a hitter, but here is where he is likely to strike out.—Chicago Record-Herald.

Captain P. J. Vissor, the beer chief of scouts, who is 6 feet 8 inches tall, came to America too late to grow up with the country. We wish him well in his new home, but he cannot escape the danger of overlooking many opportunities.—New York Mail and Express.

Where They Shone. "She has remarkable jewels, hasn't she?" "Remarkable. They say her diamonds are the admiration of the divorce courts."—Town Topics.

Unfinished. "To be a master of high art," says he, "is no ambition." But, some-how, he wasn't satisfied. With the way they had his picture shined.—Philadelphia Bulletin.

Asleep Amid Flames. Breaking into a blazing home, some firemen lately dragged the sleeping inmates from death. Fancied security, and death near. It's that way when you neglect coughs and colds. Don't do it. Dr. King's New Discovery for Consumption gives perfect protection against all Throat, Chest and Lung Troubles. Keep it near, and avoid suffering, death, and doctor's bills. A teaspoonful stops a late cough, persistent use the most stubborn. Harmless and nice tasting, it's guaranteed to satisfy by C. D. Bradham. Price 50c and \$1.00. Trial bottles free.

For His Sovereign's Sake. The shah of Persia when in France suffered from a toothache, and so a dentist was summoned to remove the offending tooth. But, like less exalted mortals, the shah, when he found himself face to face with the dentist, discovered that his toothache had disappeared, and so absolutely refused to be operated on. However, his majesty declared that he did not wish the dentist to lose his time, and so commanded that a tooth should be extracted from each of his suit. He said this with his eyes fixed on the ground, and then, suddenly looking up, found, to his infinite amusement, that all his ministers and staff had quietly slipped away except the great vizier, whom he complimented upon being the only one faithful enough to undergo a little discomfort for his sovereign's sake. Then he dismissed the dentist with a present.

Cured of Piles After 40 Years. Mr. Haney, of Geneva, Ohio, had the piles for forty years. Doctors and dollars could do him no lasting good. DeWitt's Witch Hazel Salve cured him permanently. Invaluable for cuts, burns, bruises, sprains, lacerations, eczema, tetter, salt rheum, and all other skin diseases. Look for the name DeWitt on the package—all others are cheap, worthless counterfeits. F. S. Duffy.

Mexican Blankets. The blankets and scarfs in use among the Mexicans are many of them as fine in weave and beautiful in coloring as the much prized Navajo rugs. They are lighter in weight, however, and therefore available only for coach covers, postures and wall draperies.

Fainting. When a person faints, place in a flat position and apply camphor or ammonia to nostrils; loosen clothing.

Priety, best cured in one application by using DeWitt's Liquid Sulphur. It will also cure Eczema, Fetter, Pimples, Ringworm, Tandruff, Cuts, Burns, Old Sores, and all skin troubles in a short time, when used as directed. For sale at F. S. Duffy's Drug Store.

Her Life Might Have Been Saved

Two-thirds of the inmates of our hospitals are women. They are in most cases either for treatment or for an operation, made necessary by advanced stages of female troubles which have resulted in ovaritis, a tumor, or displacement of the womb.

"AN OPERATION NECESSARY."

How these words after the examination strike terror to a woman's soul, and with what regrets she hears them, when she considers that the operation has become necessary through her own neglect. Female derangements cannot cure themselves, and neglecting the warnings of nature only means putting it off until there is no cure. The woman who lets her trouble make headway pays the penalty of a dangerous operation and a lifetime of impaired usefulness at the best, and the operation often proves fatal when her life might have been saved by Lydia E. Pinkham's Vegetable Compound.

When women are troubled with irregular, suppressed or painful menstruation, weakness, leucorrhœa, displacement or ulceration of the womb, that bearing down feeling, inflammation of the ovaries, backache, bloating (or flatulence), general debility, indigestion and nervous prostration; or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, and "want-to-be-left-alone" feelings, and the blues, they should remember that there is one tried and never-failing remedy; Lydia E. Pinkham's Compound at once removes such troubles.

READ THE FOLLOWING LETTERS.

"DEAR MRS. PINKHAM:—I cannot tell you how much good you have done me and how thankful I am to you for it. For five years I have not been free from pain for a day. I have had backaches, headaches, and those awful dragging sensations with leucorrhœa, and when menstruation appeared I was in such a condition I could hardly sit up. I doctored all the time, but nothing helped me, and I was told that an operation was necessary."

"Two months ago a friend suggested that I try Lydia E. Pinkham's Vegetable Compound. No one knows what it has done for me and how thankful I am for it. It brought me the first well days I have had for five years. It did for me what doctors could not do, and I want every suffering woman to know about it."—LOUISE NAUBER, 751 E. 100th St., New York City.

"DEAR MRS. PINKHAM:—I wish to thank you for what Lydia E. Pinkham's Vegetable Compound has done for me. I had terrible hemorrhages, being lacerated from the birth of my child. The doctor told me that if I would have an operation I would be well and strong. I submitted to it, but was worse than before; no one knows what I suffered. Finally a friend advised me to try your Vegetable Compound; I did so, and commenced to feel better; I continued its use, and it has done for me what doctors could not do. I am strong and well. If women with any kind of female troubles would only consult you before submitting to an operation they would be spared many hours of pain and suffering. I cannot thank you enough for what you have done for me."—ANNA KIRCHHOFF, 156 E. 100th St., New York City.

STATE LINES. The dairy products of Wisconsin now rival in value all the animals sold, each being worth about \$25,000,000 per annum. Little more than half of the state is in farms. The average area of a farm is 117 acres. The horse population in Kentucky has now reached 500,000, and the corn crop for this year will exceed \$30,000,000 in value. The average farm is ninety-three acres, and but 2 per cent of the farmers of the state are colored. A report on agriculture for North Carolina shows the valuation of farm property to be \$23,854,686, of which \$8,000,000 represents live stock and \$9,000,000 machinery and implements. The value of all farm products shows a rapid growth.
