"Fewer Gallons; Wears Longer."
The secret is out and New Bern can go on living just as if the riddle had never been asked.
No it can't, either. New Bern is not going to be what it was before. Its houses are going to be brighter; its people a little more prosperous—they are going to have some of their money left to buy other things with.
The answer to the riddle is; you can paint a building with fewer gallons of Devco Lead and Zinc paint than with mixed paints, and it will wear several times as long as a building painted with lead and oil mixed by hand.
There's proof abundant of it all over the United States. There will soon be proof abundant of it in New Bern.
What will people do with the rest of their money? E. W. Smallwood will tell this point.

Pasta Mack at Davis.
Pasta Mack is a new and exquisite preparation for babies, and offers the most unique and agreeable means of procuring a delicious bath, as well as an excellent toilet water for daily use. It softens the water, and if frequently used it facilitates the complexion, giving the skin a soft, velvet-like appearance. It is made in Germany, and has been sold here in the U. S. Davis Pharmacy has secured the Rudnut's sole preparation of "Pasta Mack" at 42 Middle Street.

RALEIGH.

The Condition of the State Guard is Very Satisfactory.

North Carolina Day is Celebrated.
Electric Power from Neuse River. Interesting Case From Mallowell.

RALEIGH, Nov. 26—Today was "North Carolina Day" in the public school and there was general observation of it in town and country. Last year was the first observance. Then Roanoke Island and the first settlement was the theme. Today the subject was the permanent settlement. Many thousands of pamphlets containing the programs were circulated.

Inspector General T. H. Bala of the State Guard was interviewed today regarding the results of his observation during this year's inspections. He completed this work today by inspecting the company at Franklinton. He said: "I inspected 85 infantry companies, one light battery (armed with galling guns) and five divisions of naval reserves, and recommended for disbandment six infantry companies and two divisions of naval reserves. I find the discipline better than it has ever been and the books better kept. There is evidently a deterrent action on the part of officers to improve matters. The personnel of the Guard, both as to officers and men, is not so good as it was a few years ago, say just before the war with Spain. I attribute this largely to the ill fitting clothing. The material is all right, but no pains are taken to make the clothing fit. Each company should have a tailor, who should make all the clothing fit. The entire Guard is well uniformed and equipped. I will in every report recommend that the present system of electing officers be abolished and that all officers be appointed by the Governor, for no fixed term, and after appointment that they go before an examining board passing which they will get commissions all steps in ranks to be also based upon examinations for fitness, and that with this system there be only one election, that being for 2nd Lieutenants, and that step; these to also pass before the board before getting commissions."

The companies of the State Guard will elect officers tomorrow December 4th the company officers will elect field officers for 2 year; the 1st Regiment at Statesville, 2nd at Goldsboro, 3rd at Durham.

A charter was today granted the Swain Driscoll Lumber Company of Beaufort, capital \$95,000.

There was a conference here last evening of the stockholders of the Raleigh Street Railway and Light Company in regard to extensions, etc. It was stated that nothing definite was done.

The Raleigh Ice and electric company will operate its ice-making machinery by electricity. The power will come from its \$90,000 plant at Millbarre, on the Neuse river, six miles from here. Work is now in progress at the ice factory. The electric plant has been completed several months.

At Christ Church this morning Miss Mary E. Woodell, daughter of grand secretary B. H. Woodell of the Grand Lodge of Odd Fellows, was married to Mr. James A. Briggs, Jr.

In the Supreme Court there was argument today in an interesting case; that of the State vs. McCall. The defendant, a member of a rich family in McDowell county, was convicted of burning a church, the trial being had in Burke county, and got a 5 years sentence, for which he appealed. The case was presided by the Brown family, between which and the McCall's there is a feud of over one hundred years standing.
