RALEIGH.

New Plan Taxation Receives Public Approval.

Sale Tax Tags For Fertilizers Fall off. Queer Fowl. State Char. Strawberries. Governor Refuses to Pardon. Coming Marriage.

RALEIGH, December 4.—The weather prophets have made great errors lately in their predictions. The weather, in fact, appears to be a puzzle.

The recommendations regarding what may be termed a new plan of taxation, as made by the State tax commission are well received by the public, to judge by the comments.

The board of agriculture today made up its budget for the half year. The receipts from the sales of tax tags for fertilizers are some \$2,000 less than they were last year for the same business. An increase of at least \$1500 had been expected.

Among today's arrivals were H. A. Gilliam and John Mayo, Tarboro; John H. Gore, Jr., Wilmington; Z. F. Long, Rockingham.

At the State museum a queer fowl is on view: a cross between a turkey and a guinea. It is to be placed in the "zoo" at the city park.

During November there were 26 deaths and 37 births. Ten cases of scarlet fever and 2 of typhoid fever were reported.

The State grants a charter to the J. W. Wadsworth Sons Company, of Charlotte, to deal in horses, etc. capital \$125,000.

Your correspondent was at Kittrell yesterday afternoon and found very large ripe strawberries in the berry farm of Mr. Oscar W. Blackhall. This easily breaks the record for this part of North Carolina.

Governor Aycock declines to pardon John Marrow, of Greensboro. Great efforts to secure a pardon for this man have been made for weeks past.

Mr. John Ward and Miss Nella Grimes both of Raleigh, are to be married December 10. The bride elect is a niece of the late Gen. J. Bryan Grimes, and a cousin of Secretary of State Grimes.

TELEGRAPHIC BRIEVITIES.

Eleven men were killed Wednesday by the explosion of the boiler of the steamer Progress which was lying at its dock at San Francisco, Cal.

The ex-Speaker of the House, Thos. B. Reed is very ill at his home in New York with an attack of catarrhal appendicitis.

Senor Sagasta, the prime minister of Spain has resigned. The relations between the King and Sagasta were pleasant the former being anxious for Sagasta to remain in the Cabinet.

Jas Rochelle Tyler, grandson of President Tyler died at the Confederate Soldiers Home, Richmond, Va., Wednesday He was 88 years old.

KEPT HER CHILDREN.

The Right Food Brought them Back to Health.

Food purchased from curiosity saved the lives of two children in a family in Ulysses, Wis.

The mother says:—"We had bought a package of Grape-Nuts, attracted by its pleasant suggestive name, and found it a pleasant food." As my five months old baby liked it, I fed it to her and found it as satisfactory as—Baby Food, which I had been using and paying 50c for a much smaller package.

Shortly after this, three of the children came down with the whooping cough my oldest one was taken with pneumonia, and the little three-year old strangled her stomach in some manner, so that she vomited blood, and could not retain anything on her stomach. She soon faintly cried with hunger, and it was terrible to see her grow weaker and weaker until she did not have strength to keep her eyes open. I was so overworked nursing all of them night and day that I finally woke up to the fact that a change must be wrought and that at once.

I shall always believe that the inspiration whelped "Grape-Nuts." At first I did not give the solid part; I poured boiling water on it and let it stand until the water had drawn out some of the strength, added some rich sweet cream, and gave the little one a few spoonfuls at a time. She kept in down and it nourished her, so that after a while I could feed her the Grape-Nuts themselves until she got strong, and she is today as rugged as I could wish. Meanwhile, the oldest girl was unable to turn her head, or swallow solid food, and fed weeks her strength was kept up by Grape-Nuts softened in cream; given a spoonful at a time, until she got strong enough to take other food. They are both well and strong now and I feel that I owe Grape-Nuts for two of my hearty, healthy children." Name given by Pauline Co., Battle Creek, Mich.

To Friends and Patrons.

I have moved my place of business to the Smallwood Building, corner of South Front and Craven Streets, and will be pleased to serve you as in the past.

Thanking you for past favors I remain
Yours truly,

FRIGHTFUL FIRE

And Loss of Lives By Hotel Fire in Chicago.

Special to Journal.

CHICAGO, Dec 4.—In the destruction of the In-olinton Hotel, today, by fire, twenty one guests were smothered to death in their beds.

There were scores of thrilling escapes from the burning hotel, many guests jumping from the fifth story to the roof of an adjoining building.

Several jumping to the alley below were fatally injured.

Most of the victims were visitors in the city attending the Live Stock Exhibition.

MARKET LETTER ON COTTON.

By private wire, J. E. Latham & Co.

NEW YORK, Dec. 4.—Following the excitement of yesterday, there was one of the quietest markets we have had since fall today. A few minutes after opening March sold at 8.35 and during the greater part of the day, the price never varied a point from that figure. Above 8.35 there was cotton for sale and below 8.35 cotton was wanted. On one hand had weather, light receipts and shorts covering, sustained prices. On the other, the estimate from Washington and the prevailing belief in a crop of eleven million bales kept the trade from buying. The most important development was the buying by those who sold before the latest report came out. Thousands of bales of March and May were taken during the early dealings by brokers supposed to operate for the bull crowd, taking most of it. The same brokers were the sellers on Monday and Tuesday. Present factors are on the whole more favorable to prices than otherwise. Bad weather and no movement of cotton here in New York, all operate in favor of price, but when the size of the crop is considered, or when it is believed to be the size of it, the present price is really a good one. A year or two ago no one would have believed it possible on a crop of eleven million bales. Former crops of that size found the price of cotton of course also of crop found for prices. World's Shipment and everything of that kind point differently, though. As to change crop there we would rather sell on every bally over 8c than buy at present prices.
