TWENTY FIRST YEAR

## MANY THOUSANDS CURED OF CATARRH.

Remarkable Cures Made by Pe-ru-na North and South.

MISS BLANCHE MYERS

Miss Blanche Myers, 3129 Penn street, Kansas City, Mo., a society belle of that city writes:

"During each of the past four seasons I have caught a severe cold when suddenly chilled after an evening party, and a most unpleasant catarrh lasting for several weeks would be the result. Last winter my brother advised me to try Peruna, as one of his club friends had been cured of a bad case of catarrh by using it. He procured me a bottle and I was much pleased to find that one bottle cured me. I shall not dread colds any more so long as I can procure Peruna."—MISS BLANCHE MYERS.

Peruna cures catarrh wherever located, with the same surety and promptness. There are no substitutes for Peruna.

Miss Hattie Becker, secretary of the Goethe Club, of Racine, Wis., writes:

"A short time ago I got my feet wet, and a cold settled on my lungs which nothing seemed to remove. Our family physician tried extracts, powders and pills, but I kept getting worse until my brother advised me to try Peruna and purchased a bottle for me.

"It acted like a charm and in a week I was like my old self once more; in fact I felt stronger and had a better appetite than I have ever had before. Peruna will have a welcome place in our medicine chest, as the whole family believes in it."—Hattie Becker.

Peruna is an internal remedy—a

scientific remedy for catarrh. It cures catarrh wherever located. Its cure is that Peruna gives strength by stopping waste.

By saving the mucus it enriches the blood. By cleansing the mucous membranes it preserves the vital forces.

A constant drain of mucus from the system is known as systemic catarrh. This may occur from any organ of the body. Peruna stops this waste by curing the catarrhal condition of the mucous membrane, no matter which organ may be affected. Peruna cures catarrh wherever located.

Mrs. Mary Cook, Pittsford, N. Y., also says:

"I was not very well for six years, paid many doctor bills, but never improved very much. Two years ago I was attacked with a severe grippe, which left me with a severe liver trouble. I gave up hope of ever recovering. Peruna cured me. I feel young again, and am gaining in flesh, as I was very emaciated. My own children are surprised in the great change in me when they come to visit me. We have made your Peruna our household remedy."—Mrs. Mary Cook.

Congressman H. Henry Powers of Vermont, writes from Morrisville, Vt.: "Peruna I have used in my family with success. I can recommend it as an excellent family remedy, and very good for coughs, colds and catarrhal affections."—H. Henry Powers.

Hon. John H. Gear, United States Senator from Iowa, writes: "Peruna I can recommend to all as a very good tonic, and particularly good as a remedy for catarrh."—John H. Gear. Senator Gear's home address is Burlington, Iowa.

Mr. O. Fisher, 1861 Lexington avenue, New York City, writes:

"I had catarrh and was troubled with a constant dropping from the back part of the nose into the throat, and a horrible breath. Also severe hoarseness and yellow discharge from the nose; but I haven't the slightest trouble now of those complaints, and I honestly and conscientiously state that I am cured of catarrh of the nose and throat.

"If there is any way I can state it more positively I am only too glad to do so, and I am willing, very willing, to lend any aid in my power in helping you to induce sufferers to give Peruna a trial. My wife is also taking Peruna, and it is helping her wonderfully. She has improved considerably since taking Peruna. She feels fifty per cent better than she has in years, for all of which I am very thankful, as she was extremely nervous, had systemic catarrh, and thin blood."—O. Fisher.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

### RALEIGH.

After Political Office. For State Museum. Text Book Commission.

RALEIGH, Jan. 2.—There were not many New Year calls here yesterday and but few families received.

Much gratification is expressed by the public at the good showing made by the penitentiary as to finances.

James H. Young, colored, who is in the revenue office here, wants the L. L. Berlin mission, and is said to have some backing for it.

The friends of F. A. Whitaker, who was the State chairman of the Independent party, are making the greatest efforts to get him in the place as assistant District Attorney now held by Oscar J. Spears. It appears that Whitaker, too, is hard at work. It is learned that two or three reports made by special agents, adverse to Spears, are on file in the Department of Justice.

The receipts of the Raleigh post office during 1902 were \$4,200 greater than during 1901.

The latest arrival in the "Hall of History" in the State museum is a buffalo which is placed opposite the elk, both representing animals once numerous in North Carolina. A panther is also being prepared for mounting. There are yet panthers and wolves in the western part of the State, and five counties are authorized by law to offer bounties for wolf scalps.

The State text book commission meets tomorrow, to take up the scores of complaints against the text book companies for failure to have the books on sale properly in the various counties.

### Market Letter on Cotton.

By private wire. J. E. Latham & Co.

New York, January 2.—The market opened the new year with a rush, as though sentiment gained strength as to upheaval would satisfy traders operations. The public came down this a.m. and bought. May opened about 8.70 within a few points of high point this season. Liverpool advanced about 7 or 8 points, and everything looked bright. For this reason we believe in buying on all recessions and holding on to this side till there are evidences of a change in the situation. We believe in holding on to buying side and if trade becomes nervous get out. There is a lot of steam behind this market and we can only advise buying on every break without attempting to set any limits to the possibility in way of an advance. We would call attention to the very moderate visible supply, some 350,000 bales less than last year, and while spinner stocks are large enough to make up for this discrepancy, it is better to have cotton out of the way if the market is to be gotten. The movement is liberal in one sense and too liberal in another. While receipts are so moderate and trade is buying, tendency should be upward. There is more business than we have seen in months.

The February Designer.

The Designer for February provides for its many readers a store of good things in which are cleverly combined practicability and attractiveness. The latest fashionable features in millinery and dress are given prominent place, but not to the exclusion of other matters especially those in which womankind are particularly interested. The closing chapters of "The Apology of Ayliffe," Ellen Olney Kirk's charming love story are given in this number; so too are two delightful short stories, "Oupid's Aids," by Virginia Rudder Grandy, "Woman in the New Business Life," by Waldon Fawcett, and the highly entertaining and instructive department "What Women Are Doing" slow conclusively that the feminine sex are usurping some of the laurels heretofore awarded their fathers, brothers and husbands. Many beautiful fancy-work designs are given this month, crochet, lace and embroidery all being represented, and Valentine entertainments give a specially seasonable air to its pages. "Fashions and Fabrics," "Points on Dressmaking," "Toilet Table Chat," "Etiquette Hints," "Book Notes," "In Motherland," "Boys Along the Way," "Floriculture" and "The Kitchen Kingdom" are among the regular departments of The Designer and are all of unusual interest this number. Mourning attire is made a special feature among the fashions.
