CANARD MAILED.

Senatorial Aspirants Remain at the Capital City.

Interesting Note on Raleigh Population. Violent Death of Negro. Reception to Legislature. Claim of \$2500 Upon the State.

RALEIGH, Jan. 19.—Atlanta papers are printing a story to the effect that Gov. Aycock asked Gov. Terrell of Ga. for a pardon for a North Carolinian in the penitentiary there, and offered to swap pardons, that is to pardon any Georgian in the penitentiary here. Your correspondent chatted with Gov. Aycock about this matter last night and the Gov. said he had made no such proposition. He had written to Gov. Terrell in regard to the pardon of a North Carolinian, but had made no offer to trade pardons. New York papers telegraphed here for interviews with the Governor about this matter. They did this because it was so extremely silly. Papers North can certainly do some funny things. Your correspondent specially sent by mail in advance a very carefully prepared synopsis of Gov. Aycock's recently sent in message to the legislature to the leading New York and Washington papers to be printed the day after it was read, yet neither of those papers had judgment enough to print it, and there was not even a reference to it. It is also to be observed that the biggest New York papers are not taking one line of special news about the interesting Senatorial fight now in progress here. Quaker newspaper folks these are to be sure. If Gov. Aycock's dog were to bite the dog of Senator Simmons, they would probably want a column by wire about it and would ask that the news be "rushed."

The would be Senators and their missionaries, or rather the few of the latter remaining here, had a quiet time yesterday and today after all the hurly-burly. Mention was made the other day of the fact that a lot of the people were getting very tired of the Senatorial dead-lock. A leading Senator remarked to several gentlemen today that this was true and that if the West didn't hurry up and settle on somebody, the East would put up a man and elect him too. The Senator is from the central part of the State. The other day an effort was made by one Eastern member to bring in a Piedmont dark horse by feeling around to see if a caucus of Eastern men could not be arranged for to put up a new man from the Piedmont section.

Col. A. B. Andrews was speaking yesterday about density of population of various cities and said that Raleigh's population according to area occupied by the corporate limits is six times as dense as that of Baltimore and much denser than that of New York. Raleigh's limits are very small, only a mile square.

About midnight Saturday night an old colored man, John Person, who for thirty-five years has been employed by a butcher here, was sent to the Raleigh National Bank building, part of which is occupied by a family to take some fruit. He went in rear of the building, but instead of going up one stairway, fell head foremost down another, the steps of which are stone. His body was found about seven o'clock yesterday morning lying at the foot of the cellar stairs, the skull split open from the forehead backward. Death was probably instantaneous or nearly so. Person was quite an old man, and large of stature.

Mrs. Aycock will give a reception to the legislature on the 20th instant. Senator London says he is in receipt of a very great number of letters regarding the bill he has introduced to regulate the sale and manufacture of liquor so many in fact it is impossible for him to even attempt to answer them. He desires your correspondent to say this for him, and to express his appreciation of the letters.

A Raleigh Architect has the contract for ventilating the legislative halls and it is said will put in what is known as the star ventilator. Two years ago a man who was doing some work at the Supreme court building putting in steel girders to strengthen the library floor was injured, losing two or three fingers which were crushed by one of the beams. He now makes a claim for \$3,000 for this injury upon the State, basing his claim upon the allegation that the two men building consecutively here, who were doing the work simply had charge of it for the State, in other words, that there was no responsibility upon them. The claim is now before a committee of the legislature.

CUTICURA OINTMENT

Purest of Emollients and Greatest of Skin Cures.
The Most Wonderful Curative of All Time
For Torturing, Disfiguring Humours.

Cuticura Ointment is beyond question the most successful curative for torturing, disfiguring humours of the skin and scalp, including loss of hair, ever compounded, in proof of which a single anointing with it, preceded by a hot bath with Cuticura Soap, and followed in the severer cases by a dose of Cuticura Resolvent Pills, is often sufficient to afford immediate relief in the most distressing forms of itching, burning and scaly humours, pruritus and eczema, and points to a speedy cure when all other remedies fail. It is especially so in the treatment of infants and children, cleansing, soothing and healing the most distressing of infantile humours, and preserving, purifying and beautifying the skin, scalp and hair. Cuticura Ointment possesses, at the same time, the charm of satisfying the simple wants of the toilet, in caring for the skin, scalp, hair and hands from infancy to age, far more effectually, agreeably and economically than the most expensive of toilet emollients. Its "Instant relief for skin-tortured babies," or "Soothing, antiseptic cleansing," or "One-night treatment of the hands," or "Single treatment of the hair," or "Use after athletics," cycling, golf, tennis, riding, sparring, or any sport, each in conjunction with the use of Cuticura Soap, is sufficient evidence of this. Millions now rely on Cuticura Soap, assisted by Cuticura Ointment, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itchings and chaffs, as well as for all purposes of the toilet, bath and nursery.
