HARD WORK.

Senatorial Candidates Still Putting in Full Time.

Small Fox Spreading. A Rock Ribbed County Goes "Wrong." Too Big Crowds at the Caucus.

RALEIGH, January 28.—The Senatorial situation is today as much in the fog as ever. No man can predict the results. Bets, even money, were offered, today, without takers, that who ever won would not do so by over 2 majority, and bets were also offered 2 to 1, and not taken, that the winner would not get 4 majority.

Watson has been during the past two or three days being doing the hardest sort of personal work. He and Overman are at the capitol daily. Overman's friends have poured in here during the past 24 hours. Watson's appeal is that he is an old soldier and that this will be the last chance for North Carolina to honor an ex-Confederate with the Senatorship.

Secretary Richard H. Lewis, of the State board of health says small pox is spreading in the State and that unless there is general vaccination a far greater spread may be expected.

A charter is granted by the State to the Wadeboro real estate company, with \$125,000 authorized capital.

Advocates and opponents of the liquor regulation bills poured in here last night and today. The first of the hearings began today before the Senate and House committees on prepositions and grievances.

The Democrats are laughing a good deal at the result of the election for State Senator in the 4th Senatorial district, where Griffith, Democrat, beat his opponent, in that rock-ribbed Republican stronghold, the home of Senator Pritchard. Democrats say it is poor endorsement of Pritchard's "Lily White" policy to see his own county, Madison, give Griffith 95 majority, as it did at the election on the 20th instant. Griffith is here. He is for Craig for the Senate. He is given quite an ovation in the Democratic caucus last night.

The Capitol Club gave its semi-annual reception to the members of the Legislature and it was, as always, a handsome affair. The club house was specially decorated. Dancing followed the reception.

The crowds at the Senatorial caucuses grow so great that many members became indignant last night. The order was made that only newspaper men should be admitted to the lobbies, and these by card, giving the name of the paper represented. But there were given out scores of cards to people who have no connection with newspapers, while members passed in a few.

Very little is talked about here except the Senatorial question and the liquor bills.

Treasurer Lacy and Auditor Dixon are by request daily present at sessions of the sub-committee, which has in charge the revenue act. Treasurer Lacy said today, when asked what was being done: "The sub-committee asks us for suggestions. Our recommendations are so far all in the line of smoothing down the act, telling where it gives trouble, etc. The sections regarding fresh meats, pianos and organs, merchants purchase tax and peddlers are those which bring most complaints. As yet the sections regarding railway and liquor taxes have not been reached." Auditor Dixon said: "I think the present law will stand so far as the railways are concerned. As to whiskey there will be very decided changes."

POLLOCKSVILLE.

Plenty of Tramps. A Negro Fight and Cutting Affray. Death From Small Pox.

Jan. 27.—The weather is some what improving this week, yet the very unpleasant.

The farmers are all busy now cleaning up fences and ditches, plowing and grubbing, it is living up some.

There seems to be a full crop of tramps this winter, there is one or two along every week. On Saturday the 17th a well dressed, good looking young man appeared here among us, put up at a hotel and said he was out to learn to estimate standing timber, giving his name as Tompkins from Philadelphia, Pa. He skipped on Monday leaving his bill unpaid. On last Saturday the 24th, another well dressed one made his appearance.

ance, but he paid his bills and stopped at the hotel also, he left Monday, but on other same the same day.

We are glad to see the legislature is passing and introducing some very good bills among are three we think very good, making a drunkness a misdemeanor, the London bill and the toy pistol, fire cracker bill. Every town should impose a tax of \$50, \$75, or \$100 on all dealers in fireworks. They are a nuisance and very dangerous.

The farmers condition is far better this year than has been for several years most of them have plenty of corn forage, pork, etc., and some to sell, they also have some ready cash laid by. Every thing they have to sell brings a good price.

Quite a lively cutting scrape occurred at a colored mans residence in this place at a dance one night last week, the participants were Tom Murphy, John Williams and J. O. Shepard, the latter being badly cut in several places, Murphy and Williams were bound over to court.

Charlie Knight, one of the small pox patients at the 10 mile place died yesterday. There are several more new cases, all among negroes so far.

Mr. C. H. Holland, who has been at Timmonsville, S. C., for the last three months as telegraph operator and agent, is home on a visit.

Major Henderson and wife left here this morning for enterprise, S. C. the home of his wife's father.

Legislative Work.
Special to Journal.

Raleigh, January 28.—Senator Wilson was sworn in from 86th district today. He is a Democrat.

Bills were introduced in Senate to appoint committee to investigate the insane asylums, to allow bodies to be used for dissection, to provide for dispensaries by a vote of people, to prevent the use of railway tracks as highways.

Bills allowing divorced persons to remarry three years after decree divorce, passed 26 to 19.

Bills introduced in the house to permit school districts to be formed of contiguous territory in different townships, to provide for State board of examiners for trained nurses.

Senate committee today resolved this evening by a vote of 3 to 2 to report unfavorably the Justice bill requiring locomotive engineers to blow the whistle and ring bell when ever they cross tracks.

House judiciary committee decided to report favorably the bill to forbid marriage of first cousins.

EMBALMS THE FOOD.
A California Physician's Idea About Coffee.

A well-known California physician, John M. Read, of Redding, Cal., maintains that coffee, when taken with the meals, has a tendency to "embalm" or "preserve" the food so that it will not digest. With this knowledge he has made many complete cures of indigestion, stomach troubles and nervous disease by taking away the coffee and giving his patients Postum Cereal Coffee, which helps digestion.

Dr. Read's theory is spoken of in a letter from a gentleman of Oak P. O., Cal., who says: "Twelve years of indigestion had made me so nervous and thin that I could scarcely work. I had noticed the newspaper articles about Postum Coffee but didn't think seriously of the matter. Finally, however, they impressed me and I went to my family physician, Dr. John M. Read, of Redding, and asked him about Postum."

"He immediately recommended it having used it in his own and other cases for exactly the same purpose. Dr. Read is well-known throughout northern California and he surprised me by the following statement: 'Coffee acts in many cases like a large dose of alcohol taken after meals; it preserves the food so it cannot be digested.'"

"I have great faith in Dr. Read and immediately commenced Postum with the result that at the end of one month I was greatly improved and now, at the end of three months I am a well man, nerves steady and digestion O. K. And gaining steadily in weight and can do a hard day's work."

"My brother who suffered from palpitation of the heart when drinking coffee claims that his heart does not trouble him in the least when using Postum." Name furnished by Postum Co., Battle Creek, Mich.
