TUESDAY'S LEGISLATION.

To Increase Pensions. No Head Covering To Obstruct in Public Halls. Negro Trustees Removed. Account of Politics.

Special to Journal.

Raleigh, Feb. 3.—In the Senate bills were introduced by McBryde, increasing the pension appropriation from \$300,000 to \$390,000; by Baldwin making it a misdemeanor to entice a laborer or renter into violation of his contract; by Baldwin making it an offense punishable by not over \$25. fine to wear a hat, bonnet or other head covering which obstructs the view of any one in a theatre or public hall where money is paid to witness a performance; by Shruel abrogating the penalty for not listing notes for taxation.

A bill passed for removing certain trustees of the negro state normal school at Fayetteville because of their participation in politics.

Justice's bill requiring railroad trains to warn persons walking on their tracks by blowing the engine whistle and ringing the bell, was made a special order.

Bills were introduced in the House by Drewry, to establish the North Carolina State Veterinary Medical Association, and to incorporate the Raleigh and Eastern R R to extend from Raleigh to Washington a distance of 88 miles, with two million dollars capital.

A bill passed amending the charter of the Grand Lodge of Masons granted in 1797, by allowing it to issue bonds to build a Masonic Temple.

LEGISLATIVE EXPENSES.

Senatorial Gossip is Nearly Exhausted.

Sheriffs Pay Up More Promptly. Corporation Returns. Thomas Pseud Funeral. Long and Faithful Service. Again The Dog Bill.

Raleigh, Jan. 3.—The expenses of the legislative session up to today are found to be exactly \$15,120, made up as follows: Senators \$8,112, Senate employes \$1,917, Representatives \$8,230, employees of the House \$3,569, enrolling department only \$190. The last item shows the greatest saving record.

The Supreme Court began its regular term today. There were no special ceremonies, merely the usual forms. The following members of the bar of the 1st district are here: Charles F. Warren, E. F. Aydt, H. S. Ward, B. B. Nicholson, L. L. Smith, W. M. Bond, A. O. Gaylord, George W. Conner.

The Fuller bill for union passenger stations will be presented in the Senate by Mr. McMullan of Pasquotank.

State Superintendent Joyner left today for Apex to deliver an address on the matter of local taxation for schools.

Up to date 13 sheriffs have made full settlement of State taxes; 30 have nearly settled in full, 4 have paid nothing. The other 61 have made partial payments. The officials of the State Treasury say the payments are more prompt than ever before.

It is now learned, as we may say officially, that of the 80 Craig men in the great contest for the Senatorship, two thirds were for Watson, and other third for Overman. Of the 11 Craig men who held together to the last it is learned that 8 were for Watson and 3 for Overman. This is told me by one of the Craig leaders, Theodore F. Davidson of Buncombe, whose second choice was Watson.

Corporations have made returns exceedingly well to the State Auditor. The increase in the number reporting over last year is said to be 20 per cent.

The funeral of Mr. Thomas Pseud, whose sudden death here yesterday gave so much pain to his many friends, was held this afternoon from the chapel in Oakwood cemetery. He was a great-grandson of the noted Peter Francisco, a revolutionary hero in Virginia.

A charter is granted by the State to the Carr Hardware Co. of Red Springs, with \$35,000 capital.

Today 24 years ago Robert H. Bradley took the oath as marshal of the State Supreme Court. His service has in all that long time been faithful, zealous and valuable to the last degree. Every lawyer in the State knows him.

The number of law students examined by the Supreme Court was 46. By the end of the week the lucky ones will be announced.

Superintendent Robert H. Brooks of the Soldiers' Home, who broke some of the muscles of a leg while lifting a weight, is now out of bed, sitting up and able to wear his clothes.

The bill to tax dogs has made its biennial appearance.

The January internal revenue receipts for this district were \$180,649.

HIDDEN AWAY.
A Discovery Worth While.

It startles one when he comes to know absolutely that wrong selection of food is the direct cause of the weak eyes, kidney trouble, dyspepsia or whatever may be the form disease takes, and that right food will work a natural cure. But it is easy to prove by actual test. The following is an example:

"Five months ago I was in despair, not knowing the cause of my desperate condition. I had run down to 105 pounds and suffered from a chronic sore throat, sore eyes and what was hardest to bear an awful nervousness and hysteria which at times almost ran into insanity.

"Finally a large swelling appeared in the throat and I feared cancer. The nervousness got worse and when I found I could stand it no longer and no medicine I could take would cure me, I concluded to take the advice of the Postum Cereal Company and change diet. My stomach never hurt me so I thought that was all right anyhow. But I learned a thing or two.

"Well I quit tea and coffee entirely and began eating Grape-Nuts three times a day. I began to improve and got well. What a relief. My sore eyes, throat trouble and terrible nervousness gradually grew less and I have gained 35 pounds in weight. It proved to be a hidden stomach trouble that did not show except in other parts of the body, but the real trouble came from stomach and so when the right food like Grape-Nuts was given to the stomach, it quickly got well and made good blood that cured the other ills." Name furnished upon application to Postum Co., Battle Creek, Mich.

People don't realize the great truth that the stomach and the food are responsible in most all cases for man's happiness or distress.

Nothing is more sure than for people to improve in health if they will change the diet and use Grape-Nuts three times a day.

TO CUT AND SHIP TIMBER.

Discussion Over Bill to Repeal Law 1901 To Report Favorably on Watts Bill.

Special to Journal.

Raleigh, February 3.—Senator Pharr was added to sub-committee which will go to Marion to investigate the charges of cruelty to convicts.

There was long discussion this afternoon before the Senate judiciary committee, on Gilliam's bill to repeal the law of 1901, forbidding corporations to cut timber and ship it outside of this State.

One of the speakers said the bill ought to be repealed as an act of justice, as it was passed through the Legislature in a very outrageous manner.

The bill as originally introduced was tabled, and later it was tacked on to two sections of a little local bill, and the whole affair sneaked through as a local bill. It was contended that the act was really unconstitutional, and in violation of the interstate commerce law.

Justice offered a substitute, striking out all of the bill, except that part prohibiting the shipment of timber out of the State. Gilliam antagonized Justice's substitute, and so did Blow. It was stated in the course of discussion, that some persons outside the State, who own large timber tracts as corporations, had transferred these to individuals, who of course cannot be reached by law. Justice said he did not think there were many cases of this sort. He said the act of 1901 had stopped Pennsylvania and Michigan lumber men in their work of deforesting Western North Carolina and rafting timber down the Tennessee river to Knoxville, and had forced them to build local mills, and thus cut timber more slowly, employ more people, and put more money in circulation.

Gilliam said that many saw mills just over the line in Virginia, were owned by North Carolinians who were there for convenience, and the timber trade in Eastern North Carolina had done more than anything else to develop railroads and later other industries there.

The committee decided to report Gilliam's bill favorably.

The House committee decides to report favorably tomorrow, Watts' bill which prohibits the manufacture and sale of liquor.

Favorable For Panama Canal.
Special to Journal.

WASHINGTON, Feb. 3.—The Senate committee on foreign relations today ordered a favorable report on the Panama canal treaty.

Murderer Utley Escapes From Jail.
Special to Journal.

Raleigh, Feb. 3.—Utley who murdered Hollingsworth in a Fayetteville hotel and was sentenced to life imprisonment escaped from jail last night.

A federal prisoner was found to have \$50. in his pocket. The jail door had been opened. A hot pursuit is being made.

Market Letter on Cotton.
By private wire, J. E. Latham & Co.

New York, February 3.—Traders pursue the policy of buying on every little break for a restocking. This policy has proved profitable, but if this movement keeps up, we are afraid buyers will not find a ready market at an advance some day when they least expect it. No break of importance should take place this week as every one expects the large movement. May could easily get back to 8.70, which would mean but a reaction, then would come the test. A great many have bought the cotton at 8.75 on the theory that receipts will not compare favorably later in the month. Should the movement continue large and holders attempt to realize, the situation would look very different. We can not see anything in the market that tells us to ask you to buy at the moment one week at a time. Next week the outlook may appear more favorable for buyers. On a good break in the morning though, one might buy for a quick turn.

Thanks.

I hereby extend my sincere thanks to the friends, both white and black, for their liberal financial aid, which enabled me to secure a store for the West street at E Church though not yet quite paid for.

Also I wish to express my appreciation of the assistance rendered me by Revs. Avant, Weeks, Taylor and Martin, and through them to the good people they represent, in the way of gifts for the mission cause. I invite similar cooperation from other friends and brethren.
