It Strikes Young and Old Who Are

Physically Weak and Predisposed to Disease.

Paine's Celery Compound

to Resist All Attacks.

The mysterious visitor, "Grip" is now invading many homes...

It is now well known that the disease spreads rapidly to the various members of the households...

The theory of infection, also, that the disease has usually attacked the persons liable to infection.

In past winter seasons it has been fully and happily demonstrated that Paine's Celery Compound is a tower of safety when grip is prevalent.

It strengthens the nervous centres of all the vital organs; it purifies the blood, regulates digestion, gives a healthy tone to the whole system.

DIAMOND DYES. Color Jackets, Coats, Capes, Ribbons, Neckties, Waists.

MASCAGNI. Doubtless Mascagni sets us all down as "fit for treasons, stratagems and spoils."

Mascagni's heart is broken, and his manager is broke.

WEAK LUNGS

Weak lungs are mostly due to a neglected cough.

Only a small per cent. of the millions who have consumption inherit it.

A slight cold, a tickling or hacking cough is the beginning, and after it has reached a certain advanced stage there is no resting except the grave.

Any case of consumption that is curable, that is, any one having consumption whose family or friends still hold on to a ray of hope, may take comfort in the knowledge of the fact that One Minute Cough Cure will give instant relief and finally cure.

This famous remedy does not pass immediately into the stomach, but lingers long in the throat, chest and lungs, producing the following results:

(1) Relieves the cough.

(2) Cuts out phlegm.

(3) Drives out the inflammation.

(4) Kills the germs that cause disease.

(5) Strengthens the mucous membranes.

(6) Cleans the lungs.

(7) Relieves the feverish conditions.

(8) Removes every cause of the cough and the inflamed lungs.

(9) Enables the lungs to contribute pure life-giving and life-sustaining oxygen to the blood.

CONSUMPTION CURED. "My physician told me one year ago that I would die of consumption inside of a year."

THE WRITERS. The British poet laureate, Alfred Austin, has written a play on the subject of the battle of Flodden Field.

Dr. Edward Everett Hale wrote a Christmas story and poem for the celebration at the Chicago Home for the Friendless on Christmas day.

Justin McCarthy proposes to bring his "History of Our Times" down to the accession of King Edward VII. and subsequently to write his Irish reminiscences.

Paul Adam, whose "L'Enfant d'Austerlitz" has been one of the greatest recent French successes, though barely forty years of age, has written nearly twenty-five volumes.

THE EASY PILL. DeWitt's Little Early Risers do not grip nor weaken the system.

Little Men. Little men are the disappointment and defect of God's purpose in making men.
