Inflamed Eyes

Inflamed eyes, especially if accom-
panied with a dull ache over the eyes or
about, and drowsiness after close work
or reading are a sure sign of defective
vision, which may or may not be man-
ifest to you, and imposes a severe tax on
the nerves and muscles of the eye, glass-
es are the remedy and practically make
the eyes perfect. Special study and the
proper instruments make it possible to
fit a child as well as an adult. One to

WEDNESDAY'S LEGISLATION.

For Roanoke Island Celebration Fund.
New Bills Introduced. Revenue
Features.

Special to Journal.
RALEIGH, Feb. 25.—The committee de-
clined to favorably report the bill pro-
viding that the State shall give \$50,000
in three years, in aid of the great cele-
bration of the settlement of Roanoke
Island, upon condition that two hundred
and fifty thousand dollars be raised by
other means. The same committee de-
clined to favorably report White's bill,
introduced yesterday.

The corporation commissioners today
issued an order reducing the rate on
sand in car load lots, thirty per cent;
made another order making minimum
freight rate on single shipments 15c in-
stead of 25c and of a scale of 25c.

In the Senate today bill were intro-
duced to incorporate the Virginia-Car-
olina and Southern railway; to allow res-
ident judge to give clerks of court com-
mission to absent themselves from their
office; to create the county of Overman;
for better protection of life and property
from injury by boilers managed by in-
competent persons.

Bills passed to provide the enlarge-
ment of school libraries in rural dis-
tricts; to allow the corporation commis-
sion to order the rebuilding of depots
destroyed by fire; to incorporate the
Norfolk, Warrenton, and Carolina Rail-
way; to prevent the spread of small pox
and scarlet fever; to allow county com-
missioners to appoint election officers in
town elections.

There was a discussion on the bill to
abolish compulsory pilotage laws of Wil-
mington which came up with unfavor-
able report. Brown said North Carolina
railway rates were based on water rates
at Wilmington and they were the high-
est on the Atlantic coast. The Senate
adjourned pending discussion.

In the House bills were introduced to
incorporate the Roanoke Island Celebra-
tion Co; to establish graded school at
Roper; to incorporate Franklin, Pitt
Co; to prevent seizing and fishing with
set nets in Tar river. The Pension bill
was considered as special order and
passed second and third reading, appro-
priating two hundred thousand dollars,
stamp as two years ago.

The House in committee of whole,
further considered the revenue bill. Sec-
tions 22 and 23 regarding listing of in-
comes. Section stands just as it was
two years ago by vote of 59 to 24. Tax
on undertakers graded from \$5 to \$35.
Tax on lightning rod peddlers changed to
\$25. Tax of \$2.50 on slot machines
which give certain return adopted. No
other sort allowed.

Special to Journal.
FAYETTEVILLE, Feb. 25.—James B.
Smith, an ex-Confederate captain, who
was for two terms sergeant at arms in
State Senate, died today of heart disease
at home.

DIED.

At his residence at White Oak, Onslow
county, January 29th, Mr. Benjamin B.
Gibson in the 48th year of his age. He
leaves a devoted wife and several chil-
dren, besides three sisters and numerous
friends and relatives to mourn his death.
Mr. Gibson was a good man, one of
the best in every particular that we
know of any where, though not con-
nected with any church as we know of.
He was in every way honest, up-
right and christianlike. He was a brother-in-
law of the writer and knew whereof we speak.
May the God of Heaven protect the be-
loved family.

GOLD BRICK CASES.

Convicts For The Penitentiary
Brought In.

Attorneys On Haywood Case. Re-
sisting Weldon Lodge. Of-
cers Raid Distillery. Ca-
det Battalion Give
Dress Parade.

RALEIGH, Feb. 25.—Attorney General
Glimmer returned today from Washington
where he went to find out when the
"Gold Brick" cases will be heard by the
United States Supreme Court. A mo-
tion has been made to advance these
cases. Attorney General Glimmer said
that if the cases are advanced that the
hearing would probably be at the same
time as the hearing of the South Dakota
bond suit cases against this State, that is
April 18th.

On Monday as stated in this corre-
spondent's telegram was sent Solicitor
Walter E. Daniel at Weldon in order to
secure him as an attorney for the prose-
cution of Ernest Haywood. Up to today
he had not replied. Attorney Herbert
Norris of the Raleigh bar, after having
been very undecided yesterday as to
whether he would appear for the prose-
cution, last night concluded that he
would do so, and was in conference with
John E. Woodard until 9 o'clock this
morning. It is said he will be the only
local counsel in the case. Donnell Gil-
lam, State Senator from Edgecombe
and Augustus W. Graham Representa-
tive from Granville have been secured
for the prosecution, and there will be
other outside counsel, as already stated
by Mr. Woodard.

Grand Secretary B. H. Woodell of the
Grand Lodge of Odd Fellows goes to
Weldon tomorrow to relocate Weldon
Lodge No. 1, which was the first one or-
ganized in North Carolina.

The sheriff of Forsythe brought two
convicts to the penitentiary. One of
these is a notable criminal, Alexander
Stevenson. He and his brother killed a
man and threw the body into a well. A
day or two later his brother was found
dead in his room; laudanum having caused
the death. While some persons thought
it was a case of suicide, most believed
that the brother now in the penitentiary
gave him the poison in order to remove
him as a witness of the crime. Steven-
son the convict, killed a woman in
Stokes county about a dozen years ago,
and was acquitted though it is said his
guilt was clear. The verdict of the jury
made the judge so indignant that he told
the jury that if he had the power he
would give each member of it twenty
years in the penitentiary. He made an
order at once that not one of these
jurors should ever sit on a jury again in
the county, and had their names stricken
from the jury lists.

The other convict brought from For-
sythe is a negro, Hubert Terrell, charged
with attempted felonious assault, on a
street near a church. His attempts had
been frequent, and his intended victim
who had been armed fired at him several
times.

Revenue officers made a raid last night
near Sanford, and captured an illicit dis-
tillery. There were three of the moon-
shiners, all of whom will be arrested.

Governor Aycock is asked by Adju-
tant General H. C. Corbin, U. S. army,
to detail one or more officers from the
National Guard of this State to serve as
aide on General Corbin's staff at the open-
ing of the St. Louis Exposition.

The cadet battalion of the Agricul-
tural and Mechanical College paraded
through the city this afternoon, ending
with a dress parade at the east side of
the capitol square in compliment to the
legislature.

THE POSTMASTER.

Shook Off Coffee And Got Well.

It's so easy to shake off coffee and
coffee-diseases when well made Postum
Cereal Food Coffee is served in its place
that it doesn't take long to tell the tale.

The Postmaster of a flourishing town
in Dixie county, Va., writes, "Up
to a short time ago coffee had me a
great sufferer from constipation, nerv-
ousness and indigestion. About the
middle of last July I quit coffee and be-
gan using Postum and ever since I have
been improving. My troubles have
now quite disappeared."

"I attribute my recovery to Postum
and have induced several of my friends
to try it. You are at liberty to use
this. Name given by Postum Cereal Co.,
Ltd., Battle Creek, Mich."

There is a reason. Coffee is a delicate
poison to many persons and disease pro-
duces in the use of even one cup a day is
continued.

When the poison is withdrawn and a
pure food beverage like Postum Food
Coffee read the return to health is natu-
ral and prompt if the disease is not too
advanced, and many, very many old
chronic diseases disappear when the ac-
tion is abandoned and Postum used in its
stead. Many of these old diseases are
hidden nervous disorders, that is coffee
keeps the nerves poisoned and that con-
dition creates and holds disease in com-
pact of the body. Take away the
cause and give a pure, natural nerve re-
builder like Postum and the change is
often instantaneous.

DOVER.

Feb. 25.—Col A O Davis was here Sun-
day evening between trains.

Mrs. Lillie B. Williamson and Miss
Annie Waters are in town today trad-
ing.

Mr. Robt. Barkett has opened up a
grocery business on Main street and
solicits the patronage of the public.

Mayor Blanford has been sick for
some days with fever but is reported bet-
ter today. We trust his sickness will
not be of long duration.

Elder W B Avery preached to a good
sized audience Sunday night in the ac-
ademy building.

The Philomathean Literary Society
of Dover High school gave an entertain-
ment Friday night. A small admis-
sion fee of twenty-five cents was charged to
go towards paying for a piano the so-
ciety had bought. Debating, recitations
and musical exercises were the main
features of the program. While all the
girls performed their part well, especial
mention could be made of Misses Lillian
Carpenter and Henrietta Dixon. Their
recitations were just splendid. The
young ladies take a great interest in the
society and it is proving a very helpful
feature to the school.

Our free school has closed and sub-
scription school begun but you can
scarcely see any difference in the num-
ber attending. Prof and Mrs Hargrave
are giving very satisfactory service.

Rev T W Mansfield is expected to fill
his regular appointment here next Sun-
day morning and at night. All the
members of the Methodist church are
requested to be present as a church con-
ference is intended to be held immedi-
ately after service.
