WHO IS JUDGE

To Preside at Haywood Trial? No Judge Wants It.

Special to Journal.

RALPH, March 4.—Last week Judge H. R. Bryan was scheduled to the term of court at which the trial of Ernest Haywood for the murder of Ludlow Skinner is set, wrote to Judge Shaw, saying, that as uncle of Skinner, he could not preside, and asking Judge Shaw to exchange courts with him.

Today Judge Shaw wrote he could not exchange. It is now understood that Judge Justice will be asked to exchange.

The Attorney General said Judge Justice appears to be the only available Judge, and that if he does not agree to this exchange, it does not seem that the trial can be held in March.

NOT EXCESSIVE.

Appropriations Expected Only Slightly Larger Than Receipts

Special to Journal.

RALPH, March 4.—In an interview this afternoon with the chairman of the joint committee on appropriations, the latter said the result of appropriations being prepared will be decreased in the aggregate appropriations, amounting to \$900,000 as compared with those for the years 1901 and 1902. The aggregate appropriation made based on the revenue for the fiscal year 1903, will be within \$100,000 of the expected receipts.

This estimate allows nothing for expected increase in the revenue through the present revenue and machinery act.

ASKINS.

March 4.—Rev Mr Petre will fill his regular appointment at this place next third Sunday morning and will preach at Broad Creek in the evening.

The farmers are all quite busy around here preparing for the summer work. Many of the farmers have decided not to plant tobacco this year.

Jacob Wiggins an old and respected negro died at his home at Pottifers last week of small pox.

We have had several cases of measles in our neighborhood, but are glad to say all are getting along nicely.

We are sorry to say Miss Maggie Tucker's school closed last Friday. Had quite an interesting game of ball in the afternoon, and a very enjoyable party at night.

Mr Eugene Tucker of New Bern Miss Maggie's brother came over with his magic lantern and entertained the company for quite a time with his pictures. Mr Alpheus Felcher furnished music with his phonograph, all seemed to enjoy it very much. Just before returning home the company was treated to candy.

We were very sorry to have Miss Maggie leave us, she is the best teacher we have ever had, and she has won the love and admiration of the entire community. We earnestly hope to have her with us again next year.

New School Law Fair.

RALPH, March 4.—Some persons have complained that the new school law which passed last night would work an injustice to city schools, and would be partial towards the country schools.

The Superintendent of this county says this is not true, and that the bill does not benefit the rural schools so much as the present law does. State Superintendent Joyner said that this was true, and that the city schools had wanted to be given their per capita from the county fund and also utilize all their own funds, and yet bear no part of the expenses of the county system including salary of superintendent, etc.

WEDNESDAY'S LEGISLATION.

Increased Dispensary State Tax. New Bills Introduced. Bills Passed.

Special to Journal.

RALPH, March 4.—The bills passed were, for roads in Greene; to incorporate Core Point, Beaufort county; to establish a graded school at Roper; to provide for hail and storm insurance companies being incorporated.

In the House bills were introduced, to incorporate Union Loan and Trust Co., of Greenville, and to exempt legacies left to charitable institutions from the inheritance tax.

Bills were passed to secure supervision of all insurance companies doing business in the State; to better protect people where corporations act as trustees or guardians; to regulate milling in transient state.

There was a sharp fight over the bill requiring the stamping of the proper weight on packages of fish, flour, meal and other food stuffs. Amendments were offered exempting about one half the counties. The bill was finally recommended to the sub-committee to draft and report a proper bill.

Bills were introduced in the Senate to provide a stenographer for each judicial district; to repeal the poll tax feature of the constitution; to amend the insurance law relative to insurance through brokers.

The Senate went into committee of whole on the revenue bill. Section 65 was so amended that dispensaries shall pay the State an annual tax of 5 per cent of gross receipts, instead of 2 per cent.

Ferabee, of Elizabeth City, these belong to the Elizabeth City Light and Power Co., capital \$100,000, the Elizabeth City Gas Co., capital \$75,000, the Elizabeth City Sewerage Co., capital \$100,000 and the Elizabeth City Water and Power Co., capital \$100,000.

Special to Journal.

RALPH, March 4.—This evening the joint legislative committee on Magistrate concluded its work of selecting. The following are those for Craven, 3rd township, Luby Harper, 8th A. T. Wetherington, Henry L. Hale.

Monuments for Gullford.

Special to Journal.

RALPH, March 4.—Governor Aycock this evening decided to recommend to the Secretary of War that the National monuments to the Revolutionary Generals Nash and Davidson, be located on the battle grounds of Gullford Court house.

PENITENARY FOR HOSPITAL

Building Can Be Changed Easily and Cheaply.

RALPH, March 4.—Early this morning representatives Graham and Rick of the house committee to consider the question of utilizing the immense penitentiary building here as a part of the hospital for the insane visited the penitentiary and looked carefully at the building from that viewpoint.

Your correspondent interviewed them upon their return and they said they found that the building could be easily and economically arranged for occupancy by the male insane, so as to accommodate 300; that this could be done at an expense of \$35,000, to \$50,000 by fitting up the west end. What is known as the administration building.

The east wing is fitted with cells, but these can be removed and that wing fixed so as to make it usable; and by these means at least 300 to 350 insane can be accommodated. Representatives Graham and Rick added that the work of alteration can be very largely done by convicts, and thus a considerable saving be effected.

No Cruelty to Convicts.

RALPH, March 4.—The report of the legislative joint committee to investigate charges of cruelty to convicts near Marion, N. C., that the charges are not sustained, and entirely exonerate superintendent Mann and supervisor Lashley.

IS OVER BURDENED

Agricultural Department Has Many Institutions To Provide For.

RALPH, March 4.—This legislature is taking pains to force or try to force the agricultural department, which already has many burdens to build all sorts of institutions, for example to build a \$50,000 agricultural building at the A. & M. College here, and then to pay \$10,000 a year for the maintenance of that college.

It was remarked today that it was a wonder the legislature, which has been considering a resolution looking to the extension of the capitol, did not pass a bill directing the agricultural department to pay "out of any surplus revenues" the expenses of erecting such addition to the building.

The agricultural department has been maintaining 100 students at an expense of some \$2,000 and has expended as much to pay for work done by agricultural students.

THE HAYWOOD CASE.

Number of Witnesses is Large. No Habeas Corpus.

RALPH, March 4.—The search for witnesses in the great murder case here continues with unabated zeal. It is said that there will be in all some 75 or 80 witnesses. There is no falling off of interest in this notable crime.

There was a story a day or so ago about habeas corpus proceedings being about to be instituted, but attorneys said there was nothing in this statement, that they had not authorized it, and that no conclusion had been arrived at.
