Insurance Company's Good Business.

Raleigh, March 20.—The Insurance Commissioner has received the annual reports of the life and fire insurance business done in this state. The returns show as a rule, a very profitable business. The State companies have done very well indeed. There are now growing a number of these and the list is growing fast.

The legislature at its recent session broke all the records as to the number of insurance companies chartered. Under the new law these can get charters at any time, this applying to life as well as to fire insurance companies.

See Hackburn's new Applique. They are just lovely.

WHISKY DISTILLERS

Preparing to Move to Incorporated Towns From Country.

Raleigh, March 20.—The whisky distillers are making arrangements to move and in the next sixty days quite a number of them will have their plants in towns.

There are already three at Hamlet, and three at Hoffman and two more are going to the latter place. It is said several will go to Hamlet.

It does not appear that many in this district will leave the State, but a few will go out of business.

BURGLAR AND MURDERER.

House Owner and Sister Shot. Lynching Threatened. Military Protect Prisoner, Order of Governor.

Special to Journal.
RALEIGH, March 20.—Gov. Aycock today received a telegram from the Sheriff of Rockingham county, that last night a burglar entered a house in the county shot the owner dead and shot the owner's sister three times.

The burglar was captured and jailed at Reidsville.

Open threats of lynching were made, so that the Sheriff called on the Governor for troops, who put the Reidsville company at the Sheriff's service.

The Sheriff then asked permission to remove the prisoner to another place. The Governor gave leave and directed that the military guard accompany the Sheriff and prisoner. The Governor will call a special term of court to try the prisoner for burglary and murder.

UNCERTAIN RALEIGH.

As to its Talked of Hotel and Auditorium.

RALEIGH, March 20.—There are no new developments in the hotel situation here. It is understood that the present management of the Yarboro will continue until December 1st, when Mr. Cobb's lease becomes effective.

It was reported that the Park hotel would change hands, and there is an option on it, but so far nothing more has been done.

There is some inquiry here as to the status of the auditorium matter. It is very difficult, in fact one might say impossible to find out anything about it. The Academy of Music has been bought by the Auditorium Company, that much is certain.

The present lease of the academy expires April 1st, and it is intimated that the building will be remodeled before the next theatrical season begins, but as to this no positive statement can be made.

An Important Witness.

Raleigh, March 20.—Mention has been made of the fact that some members of the legislature would be witnesses in the Haywood murder trial. It is said that one of these is representative Harry Stubbs of Martin county and that he came down the postoffice steps with Ludlow Skinner just before the latter was shot.

Take a bath in Hancock's Liquid Sulphur. They are superior to those of the most celebrated Sulphur Springs, having the additional advantage of being made any desired strength. They will cure Prickly heat, Eczema, and all skin diseases. For sale by F. S. Duffy.

STATE LAND GRANTS.

Important and Valuable Amendments by Legislature.

RALEIGH, March 20.—In the course of an interview with Secretary of State, Grimes, regarding the amended law as to grants of State land he said that the amendments are all of special value.

Under the new law the charge is 50 cents instead of 125 cents an acre. If the Secretary of State thinks the land is worth more than 50 cents he can charge more. Under the old law entries of the very same land were sometimes made within six months of each other.

Under the old law a man would enter say 100 acres in another man's 1000 acre tract and the latter would not be aware of it. This was because under the old law advertisement of entries was required to be made only 10 days and the chances were that no one saw the notice.

Under the new law notice must be posted at three public places in the town ship where the land is located, there must be an advertisement posted at the Court House and also 80 days publication in the county newspaper. The title must be clear before the Secretary of State issues the grant. Then too, the warrant and the survey must correspond. The Secretary of State is given discretion to investigate so to be sure that the land belongs to the State.

The lumber companies have had a way of having some other person enter lands and would then go on the lands and cut the timber, letting the matter out there, not paying title and paying the State no taxes. Now it is made a misdemeanor to do such a thing as this, punishable by a fine of \$100. If the legislature had enacted two years ago this law, as above mentioned, the additional revenue would have been about \$19,000.

A WISCONSIN PIONEER

Recommends Pe-ru-na as Being Worth its Weight in Gold.

John Paulin Sr.
Hon. John Paulin, Sr., a pioneer of Port Washington, Wis., is held in high esteem by the residents of that place. He is one of the oldest citizens. In recent letter he says:
"I have used Peruna with good results for coughs and colds. It has also cured my catarrh which always became worse when affected with but a slight cold. I am recommending Peruna because it is worth its weight in gold."—JOHN PAULIN, SR.

Mr. A. Howell, Marietta, Ga., writes: "I have been troubled with catarrh in head, throat and stomach for several years, and from accounts that I have read in several newspapers of the good effects that many had received from Peruna, and whose veracity could not be doubted, caused me to give it a trial, and I bless the day that I did make a trial. It has made a new man of me."
"I was all my life up to about five years ago a very healthy man, and about that time I was troubled with catarrh. I tried a number of prescriptions from different doctors but none seemed to relieve me until I commenced the use of Peruna, and from its use I can truly say that I have been greatly benefited."
"I am now in my eighty-seventh year and can walk and get about as well as many much younger than myself and attribute it great to the use of Peruna. I keep some on hand all the time, and consider it the cheapest medicine in the world."—Mr. A. Howell.

J. R. Prince, East Leon, N. Y., writes: "Peruna has saved my life, and made a strong, healthy, jolly old man of me. Peruna is just what every family should not be without. I have taken very few colds since I have used Peruna, but when I do catch cold, Peruna is my medicine."
"A minister came to me last summer and said that he had seen my testimonial in the paper, and began taking Peruna. He said that it straightened him right up—he was troubled with kidney trouble and Peruna cured him. I cannot express my thanks for the benefit your medicine has been to me."—J. R. Prince.

Abraham Ziegler, Piedmont, Wayne County, Mo., writes:
"My wife who is now eighty-seven years old, suffered for about sixteen years from severe catarrh of the head, which affected her sight and hearing. I saw Peruna advertised in your almanac, and testimonials similar to her case attracted my attention. I got one bottle and it helped her so much that she is now using the second bottle and she thinks it is something wonderful. Her hearing and sight are both in part restored."—Abraham Ziegler.

In old age the mucous membranes become thickened and partly lose their function. This leads to partial loss of hearing, smell and taste, as well as digestive disturbances. Peruna corrects all this by its specific operation on all the mucous membranes of the body. One bottle will convince anyone. Once used and Peruna becomes a life-long stand-by with old and young.

If you do not derive prompt and satisfactory results from the use of Peruna, write to one of Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
