A Millionaire's Advice to Young Men.

A well known millionaire, with a national reputation for conservatism, said in conversation the other day:—"If I were a young man anxious for independence, I would invest my savings in a small piece of good real estate. When I had it paid for I would put the deed away and forget it had it. Then I would begin paying on another."

Doubtless every man has felt at some time that he would like to be a land holder. That he would like to have a little piece of this earth—of this great country that he could call his own. This is a worthy sentiment, but to select his piece of land in the heart of a populous community where the mere pressure of population is there to increase the value of his holding, perhaps may fold—this is sentiment combined with business.

It unquestionably strengthens a man's character to own property—increases his responsibility. If he can tie himself up, and is obliged to make regular payments he is sure to save. The trouble is he allows the chance to pass. He is going to begin next month. Rich men talk of the importance of a man's first thousand dollars. Why not his first hundred or his first ten? The saving of your first \$10 may be your first step to independence. **THE TIME TO DO IT IS NOW.**

The New Bern Investment Company offers twenty-seven lots for sale on long time and easy monthly payments. For terms apply to

Children in Cotton Mills.

Raleigh, March 25.—Inquiry has been made as to the number of children under 12 years of age who have been at work in cotton mills. This question was asked at the office of the state commissioner of labor today and in reply it was stated that the number was about 1,500.

The report last May shows that to be about the figure. Under the new law no children under 12 can be employed in the factories of this kind.

Educational Campaign.

Raleigh, March 25.—Today the executive committee of the North Carolina educational conference met here to arrange for the plan of the educational campaign, which is to embrace the whole State and which is to be conducted under the auspices and by the financial aid of the Southern Education Board. The committee is composed of Governor Aycock, State superintendent Joyner and Chas. D. McIver.

MASONIC TEMPLE

Active Canvass To Make It a Certainty.

Neuse River is High. No Senator By The People. Retiring Commissioner. State Chart-ers Insurance Company Haywood Case Query.

RALEIGH, March 25.—Today the board of custodians of the Grand Lodge of Masons met here, being composed of Grandmaster Haywood L. Clark, D. D., F. M. Moye at Wilson and Dr. J. E. Matthews of Wilmington. The purpose of the meeting was to straighten up the work of the order, particularly the degree work, it having been intimated that some changes had crept into the latter work which were not in accordance with the requirements of the order.

Grandmaster Clark was interviewed in regard to the Masonic Temple and said that Francis D. Winston would begin on the first of April a very active and thorough canvass of the State, for the purpose of selling \$30,000 of second mortgage bonds and that when these are disposed of the finances will be solid. Not a step is to be taken until this money is raised and the finances thus put in perfect shape. He says the idea is that the corner stone will be laid in the early autumn, and that then the work begun will be continued without a break. He says he feels sure that the canvass to be made by ex-Judge Winston will prove all that could be desired.

Grandmaster Clark when asked about the growth of the Masonic Order said it was all that could be desired and that since the meeting of the Grand Lodge in January half a dozen lodges had gone into operation, parzi new ones and the others old ones re-vis'd.

Neuse river is very high and rising. It was said yesterday that in this country it was within one foot of any previous record. Sheriff Ellington of Johnston county, who came to this morning said the river was rising there and he learned that the county bridge at Selma was being swept away and that there was probability of some other bridges going. Secretary of State Grimes received a letter from William J. Bryan as editor of the Commoner asking if the legislature of this State had adopted a resolution favoring the election of Senators by the people. Mr. Bryan was informed that a resolution to that effect had been introduced but had been tabled in the Senate, on motion of Senator Beasley.

Next Wednesday there will be a little change in the personnel of the corporation commission and State tax commission. Dr. D. H. Abbott retiring and Mr. E. C. Beddingfield going on in his place.

Some persons are asking the question whether any habeas corpus proceedings will be instituted in the Ernest Haywood murder case. It is said by lawyers that such a step is not at all probable.

Extremely handsome new letter boxes are being placed in the post office here and attract much attention.

Today two mutual insurance companies were chartered, insurance commissioner Young having approved the applications for charters and secretary of State granting them. They are to the Gaston county Farmers Mutual and the Union county Farmers Mutual.

A charter is granted the Burlington Printing and Publishing Co., with \$50,000 capital, C. A. Anderson and others stockholders. Another charter to the Victor Brick Co., of Lexington, capital \$40,000, Victor Humphrey and others stockholders. Another charter to the Catawba county news publishing company of Newton, C. M. McGorkne and others stockholders.

The State Auditor and the corporation commission are now going over the revenue act and also the machinery set, for the purpose of arranging the tax sheets and abstracts to conform to it.

Next Tuesday by special invitation of Julian B. Carr, commissioner of agriculture, Patterson and State chemist Kilgore will visit Ocoaneechee Farm near Durham.
