TWENTY SECOND YEAR

AT HACKBURN'S

COMFORT IN SHOES

Solid comfort and the height of fashion can be combined in modern shoes but the fact remains that it is rarely done. Too many manufacturers and dealers have the short-sighted habit of sacrificing prestige for sake of large profits. Our profits are small. Our shoes reach the maximum of comfort and style. We buy from conscientious manufacturers.

OWN YOUR HOME.

A Millionaire's Advice to Young Men.

A well known millionaire, with a national reputation for conservatism, said in conversation the other day:—"If I were a young man anxious for independence, I would invest my savings in a small piece of good real estate. When I had it paid for I would put the deed away and forget it. Then I would begin paying on another."

Doubtless every man has felt at some time that he would like to be a land holder. That he would like to have a little piece of this earth--of this great country that he could call his own. This is a worthy sentiment, but to select his piece of land in the heart of a populous community where the mere pressure of population is there to increase the value of his holding, perhaps many fold--this is sentiment combined with business.

It unquestionably strengthens a man's character to own property--increases his responsibility. If he can tie himself up, and is obliged to make regular payments he is sure to save. The trouble is he allows the chance to pass. He is going to begin next month. Rich men talk of the importance of a man's first thousand dollars. Why not his first hundred or his first ten? The saving of your first \$10 may be your first step to independence. **THE TIME TO DO IT IS NOW.**

The New Bern Investment Company offers twenty-seven lots for sale on long time and easy monthly payments. For terms apply to

THE WATTS BILL.

Question of Its Effect Politically.

Not Municipal Election. Base Ball. Other States at St. Louis. Supreme Court Reports. Cotton Seed For Texas Farm-ers.

Raleigh, March 31.--Nearly all the talk here today was about city politics. The results of the Democratic convention last night was a distinct surprise. There were three aspirants for Mayor. Frank Stronach led in the primary last Friday, with A M Powell, the present incumbent, and J S Wynne close seconds. It was thought a deal between the Powell and Wynne men would elect the latter. The Stronach men preferred Powell to Wynne and so they voted solidly for the former. There is quite a lot of feeling about the whole matter.

The rats in this part of the State was not heavy and has done no damage. It is said the eastern floods and high tides will cut off the fish supply for some days.

"King" Kelly, of Raleigh, who is to be the head of the Greensboro base ball team, will go there in a couple of days. He says he has selected nearly all his team. It will be a four club league, the other teams being from Roanoke, Lynchburg and Danville.

It is said that while the Watts liquor regulation bill may get into politics in certain sections, as for example in counties like Davie, Wilkes and Iredell, the Republicans will not attempt to make it a State issue, though they may try to do it locally. It is not thought by observant people that it will cost the Democratic party any votes. In the 8th and 10th districts it is asserted that the prohibition sentiment is very strong among the Republicans and furthermore that it is strong among them in the 6th district, this being due to the large Quaker element there.

Today there was a conference here for the purpose of formulating some plans as to the raising of money for the proposed North Carolina exhibit at St. Louis. Some funds are privately promised, but \$10,000 must be raised in this way. Kentucky has thus far privately raised \$100,000, while Texas is seeking to raise \$200,000. It is argued that if these States can raise these sums, surely North Carolina can raise \$10,000 and thus secure a like amount from the State.

The Supreme Court today took up the docket of appeals from the 9th district. There is only one capital case--that of Parker, from Durham, convicted of rape.

New lodges of Masons are soon to be instituted at Colchester, Spencer and one or two other places.

Grand Secretary Dreyer of the Grand Lodge of Masons says deeds have passed for the site of the Masonic temple here.

A charter is granted to the Aurora & Idalia Transportation Company, which will operate passenger and freight boats.

The Secretary of State says the last reports of the Supreme court are selling unusually well, this month's sales aggregating over \$1000. He says the taxes and fees paid on charters of corporations this month foot up more than \$1700.

State chemist Kilgore has arranged for the sale of North Carolina cotton seed to Texas farmers, and has a letter from the chairman of the Texas boll-woolly commission saying 30 car loads of North Carolina seed has been bought there. For these seed 75 cents per bushel was obtained, instead of 50 cents, the usual price.

Tomorrow Eugene C. Beddingfield takes the seat on the Corporation Commission now held by Dr. Abbott.

RUSSELL'S CREEK.

March 27.--Our farmers are very busy at the present time preparing their lands for another cotton crop. If the present weather continues, every thing will soon be in shape so far as farming is concerned.

The fishing season is now on. Spots and crockers are very plentiful. Trout are scarce and selling high. Crabs 2 1/2 inches in length, sell for about thirty-six cents per dozen.
