A Millionaire's Advice to Young Men.

A well known millionaire, with a national reputation for conservatism, said in conversation the other day:—"If I were a young man anxious for independence, I would invest my savings in a small piece of good real estate. When I had it paid for I would put the deed away and forget I had it. Then I would begin paying Goldsboro \$19.75, Raleigh \$18,35, Durham

on another."

Doubtless every man has felt at some time that he would like to be a land holder. That he would like to have a little piece of this earth—of this great country that he could call his own. This is a worthy sentiment, but to select his piece of land in the heart of a populous community where the mere pressure of population is there to increase the value of his holding, perhaps many fold—this is sentiment.

It unquestionably strengthens a man's character to own property—increases his responsibility. If he can tie himself up, and is obliged to make regular payments he is sure to save. The trouble is he allows the chance to pass. He is going to begin next month. Rich men talk of the importance of a man's first Thousand Dollars. Why not his first Hundred or his first Ten? The saving of your first \$10 may be your first step to independence. THE TIME TO DO IT IS NOW.

Skin, Scalp and Blood Humours

Speedily Cured by Cuticura Soap, Ointment and Pills

When the Best Physicians and All Else Fail.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalled head; the facial disfigurements, as in pimples and ringworm; the awful suffering of infants, and anxiety of wornout parents, as in milk crust, tetter and sait rheum,—all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures, blood purifiers and humour remedies of the civilized world.
