COVE.
April 28.—Truck farmers are slightly damaged by wet and cold weather, yesterday was the first sunshine we have had in several days.
Mr. Alfred Sutton is again up but has not fully recovered from his injuries.
Carl Williams was arrested here Sunday and turned over to sheriff Lon Taylor of Jones county for striking Ada Thomas with brass knucks. He came here to take the east bound train but was received over the phone to hold him until the sheriff could get here.
Dr. Perkins and family whom we have been expecting for some time, arrived here this morning and we are glad indeed to welcome them here.
Mr. A. B. Dawson of Jasper, is visiting Mr. W. J. Brothers.
Mrs. Hattie Charlton of New Bern, returned Sunday afternoon after spending several days here visiting friends and relatives.
Mr. J. J. Boyd headed another case of spasmodic colic last week for Messrs. Heath Bros which of course was satisfactory to them as the horse was able to work again in only a few hours.
Farmers are making use of the live weather that has been favorable for farm work for some time.

THINK PRICE GOOD
That Was Paid For North Carolina Bonds.
Signs of Carnival. Major Marrell's Will. Verdict Against Sea-board. No Damages Riding on Pass. Veder Land Operation.
RALEIGH, April 29.—The opinion prevails here among the well informed that North Carolina got a very good price for the \$300,000 10 year 4 per cent bonds. The buyers in paying \$108,593 of course got the benefit of interest since January 1st last, because the first coupons are due July 1st. The Baltimore firm which secured the bonds wrote to a local banker two months ago that they did not expect to bid and advised that the best way to handle the bonds was to form a North Carolina syndicate because there would be a better market for them in this State than elsewhere. Afterwards the money market improved and the company decided to try for the bonds.
The State Treasurer expects to have the bonds ready for delivery by May 25th. Mr. J. H. P. says the bonds sold much better than European lands are now quoted. French bonds are considerably below par, English are only 91 and German 89. For the first time since the battle of Waterloo French bonds are the best market for them in this State than elsewhere. Afterwards the money market improved and the company decided to try for the bonds.
Fayetteville street was today strung with streamers and bunting for the Carnival next week.
The will of the late Major Eugene G. Harrell, who died in Manila and was buried here, has been probated in the clerk's office. He names his son, John N. Harrell, as executor and divides his property between his father, mother and son. He left only about \$1,700.
Prof. Collier Oobb says that great interest is being taken in the joint debate next Saturday night at Chapel Hill between the University of North Carolina and Johns Hopkins. Last year the North Carolinians won.
Secy. J. E. Pogue of the State Fair has received inquiries for the St. Louis exposition as to the management of the live stock department of the Fair here. Secy. Pogue will issue the premium book shortly and it will be the most complete in the history of the fair.
It is remarkable that in giving a verdict of \$10,000 here yesterday against the Seaboard Air Line for the killing of Engineer James Watson the jury named the exact amount that the defendant company had offered to compromise with the plaintiff. The plaintiff refused and demanded \$11,000.
In the case of W. H. McNeill against the Durham and Carthage railroad the Supreme Court finds an error in the verdict of \$4,000 damages while riding on a pass. Justice Clark writing the opinion holds that giving an editor a pass in exchange for publishing the railroad schedules is illegal.
J. T. Sheela who has the option on the State's interest in the Vedder lands has not arrived and his option expires tomorrow. The trustees of the Vedder heirs are here.

Market Letter on Cotton.
By Private Wire to J. E. Latham & Co.
New York, April 29.—The real significance of yesterday's noticed circulation was not disclosed till after the close. There was an impression that the firm transacting business for the bull market would stop May contracts. But it seems that the New York representative of the Philadelphia people took some 30,000 bales of this cotton. The May affair begins to assume more importance than was anticipated. The taking of this cotton by Mr. McFadden indicates a very close alliance between New England and Philadelphia spot people. As far as immediate cause of prices are concerned it will be to keep May around 10c and we may have to wait two weeks before the news are put on. Very little trading today. There is a good deal of notion for sale in the Fall positions but selling here would appear to be very precarious. We can't but feel that October is a purchase on any decline.

OLIVERS.
April 28.—The weather today is fair and warm.
Miss Rita Freeman and brother, Louis spent Sunday night at Mr. J. O. Parker's.
Mr. J. O. Parker, Jr., has returned home from Kinston, where he has been going to school.
A crowd of our boys went fishing Saturday with hook and line, they had such luck they did not catch anything. We wish them better luck next time.
Mr. and Mrs. M. H. Parker spent Friday in New Bern.
Messrs Ed McDaniel, Earl and Basil Pollock spent last Saturday in New Bern.
Mrs. R. P. Parker and a lady friend of Trenton, spent Saturday with relatives at Olivers.
Messrs C. M. and J. D. Heath went to New Bern Thursday.
What has become of T. A. W. our Trenton correspondent?
Several of our young people were disappointed yesterday from going to White Oak to the April meeting by the rail.
Little Jake Heath, the 8 year old son of G. M. Heath found a nice pocket book Thursday with \$6.00 in it, but the owner Mr. Wm Collins came and Jake gave it back to him. Mr. Collins name was on an envelope in the pocket book.
Mr. J. T. Heath went to Trenton Monday.
Mr. and Mrs. Robert Killingworth of Comfort spent Sunday with friends and relatives near here.
Mr. J. O. Parker and B. F. Henderson went to New Bern today.
Farmers have planted some of their cotton, but it don't come up fast. I think it was trouble for nothing.

A Napoleon Among Animals.
Imagine a procession of ten thousand cattle, marching two by two, in a line fifteen miles long; let twenty thousand sheep follow them, bleating along twelve miles of road; after them drive sixteen miles of hogs, twenty-seven thousand miles; then let thirty thousand fowls bring up the rear, clucking and quacking and gobbling, over a space of six miles; and in this whole caravan, stretching for nearly fifty miles and requiring two days to pass a given point, you will see the animals devoted to death in the packing-houses of Swift & Company in a single day. Surely a Buddhist would think that the head of that establishment had much to answer for. Never before in the world's history was such a massacre of the innocents organized on such a stupendous scale or with such scientific system.
The commander of the army of twenty thousand men engaged in this work earned his first penny picking cranberries in a swamp on Cape Cod, more than fifty years ago. It was at Sagamore, on that historic peninsula, that a son was born to the house of Swift, on June 24, 1809, and named Gustavus Franklin. A few years later, when the boy was not picking cranberries, he drove hogs along the Cape. It was like Napoleon exercising his infant armies at school.—From the May Cosmopolitan.

read what the State Chemist of Virginia, the HIGHEST AUTHORITY, says about Partner's Hofbrau Beer.

CERTIFICATE OF INSPECTION
LABORATORY OF STATE CHEMIST & CHEMIST, RICHMOND, VA.
The following results were obtained in my examination of the Tivoli Hofbrau Beer, manufactured by the Robert Partner Brewing Co., Alexandria, Va.:
Specific gravity, 1.0158. In 100 parts:—Alcohol, 3.82 (in volume, 4.40); Malt extract, 5.90; Ash, 0.21 (original work, 18.5). Also tested for reputed adulterations of beer, such as salicylic acid, picric acid, borax, bicarbonate of soda, alum, chalk, etc. and none were found.
I find that it is pure and, in all respects, of excellent quality. It is unexceptionable as a beverage, and I can sanction its use for medicinal purposes.
