THE GAME OF BALL

Between Virginia and North Carolina Universities at Greensboro.

Special to Journal.

Greensboro, April 30.—The game played here today between the University of Virginia and the University of North Carolina resulted in a tie, the score being 15 to 15, and game was called on account of darkness.

The game was characterized by fierce battling on both sides, the excitement was intense throughout the game.

Was Bank Robbery Intended?

RALEIGH, April 30.—On Wednesday night, two strange men were observed passing the bank building here and looking in as they passed.

They then crossed the street and one put out the street light which was burning, the light being thrown on the bank. Returning to the bank as they drew near, the night watchman made known his presence by a cough, which alarmed the strangers and they disappeared across lots.

No further trace was seen of them and what their intentions were cannot be stated, but it looked as if they were interested in the bank.

WINTHROP.

April 30.—The weather continues cool, though the crops are still looking pretty.

We see that several are complaining of potato bugs being so numerous, but glad to say that our neighbors have had but little trouble so far.

The large Suse Hitch is loading with lumber at the Roper mill.

We regret to say that Mr. Lea Flinn, who was so seriously hurt Tuesday died Thursday at 3:15 o'clock. The remains were taken to the family burial ground at Pantego, accompanied by his brother of Bayboro and Mr. A. D. Holton of this place. Mr. Flinn seemed to be a very nice and pleasant young man and was highly thought of by the many friends he won during his short stay. His vacant chair will long be missed.

Mr. G. B. Speight, returned home from Norfolk 2 1/2 days ago, where he was called a few Sunday on business.

We are glad to have our friend, Mr. Johnnie Tolson back with us, who has been spending some time at his old home in Plymouth.

Capt W. Dixon, of the tug Winthrop, returned home yesterday from a short visit at Beaufort.

A small lad, with his chum, were over to Mr. Lee's store yesterday, p. m. purchasing beans, of which we think they are very fond, judging by the number they carried away with them.

IF YOU WANT TO Avoid that tired Spring feeling and Enjoy the Best of Health

read what the State Chemist of Virginia, the HIGHEST AUTHORITY, says about Partner's

Hofbrau Beer.

CERTIFICATE OF INSPECTION
LABORATORY OF STATE ANALYST & CHEMIST, RICHMOND, VA.

The following results were obtained in my examination of the Tivoli Hofbrau Beer, manufactured by the Robert Partner Brewing Co., Alexandria, Va.:

Specific gravity, 1.0158. In 100 parts: Alcohol, 5.52 (in volume, 4.46); Malt extract, 5.50; Ash, 0.31 (original work 1.8). Also tested for reputed adulterations of beer, such as salicylic acid, picric acid, borax, bicarbonate of soda, alum, chalk, etc., and none were found. I find that it is pure and, in all respects, of excellent quality. It is unquestionable as a beverage, and I can mention its use for medicinal purposes.

MUNICIPAL ELECTIONS

Of Great State Interest Next Tuesday.

Stock Farm Established in Wake Wilcox Case Appeal. Heavy April Rainfall. Gattis-Kilgo Case. Utley Case.

RALEIGH, April 30.—Next Tuesday is the date for the municipal elections in North Carolina and in many places there is keen interest in the result. There is no opposition to the Democratic ticket in Raleigh except two independent candidates for aldermen. Efforts to secure a candidate to run against Mayor Powell have failed. A prominent Republican was besought to run and he told those asking him to get up a petition in the ward in which they claimed 200 Democrats would support him. After working all day they returned with three signatures. The Democratic chairman here proposes to keep a record of any who vote for independent Tuesday and they will be debarred from Democratic primaries hereafter. The anti-saloon league does not exist in Raleigh except that its State headquarters are here. There is no local anti-saloon league in Raleigh though the movement began here. In Durham the anti-saloon league is taking an active part in the campaign and is publishing a daily sheet called "The Voter."

Prof. J. B. Carlyle of Wake Forest will go to Fayetteville to speak tomorrow night on local taxation.

Col. John S. Cunningham went to Rocky Mount and Elm City today to complete the local organization of the Farmers Protective Association.

Governor Aycock will deliver the commencement address at Bombay school in Davidson county on May 5th.

The reported illness of Hon. Chas. F. Warren of Washington, N. C. will cause much uneasiness to his friends throughout the State.

Mr. T. A. Armstrong, a New Jersey man who has been living here several years, has established a large stock farm on a tract of 700 acres 3 miles from Raleigh, just beyond the Catholic Orphanage. He has over 700 head of cattle now, including 350 sheep and 150 goats. He is finding a ready market for Spring lambs.

The appeal of James Wilcox, convicted of murdering Miss Crosskey, will be argued before the Supreme Court May 28.

The rainfall here during this April was 5.92 inches, which is greater than in any April in 17 years except in 1895 when it was 7.95. The average precipitation for April is only 3.47.

The suit of Brewer and Co. against the Seaboard Air Line for \$5,000 worth of cotton burned at Wake Forest was begun here today.

Rev. T. J. Gattis has secured Messrs. Argo and Shaffer of Raleigh as additional counsel in his suit for \$100,000 damages against Rev. Dr. Jno. C. Kilgo and others to be tried here in October. Dr. Kilgo will also employ members of the Raleigh bar.

The aggregate weight of the nine directors of the hospital for the insane here is over a ton.

Clerk of the Federal Court Grant says that not a single petition in voluntary bankruptcy has been filed here this year.

Commissioner of Agriculture S. L. Patterson has gone to the State experiment station in Edgemont. State Chemist B. W. Kilgore is a witness this week in a suit in Nash. Assistant State Chemist Williams is at the experiment farm in Iredell.

The opinion in the Edward L. Utley case will be certified to Fayetteville Monday and he will be brought to the penitentiary then to serve his 30 year sentence.

VOICE OF THE PEOPLE.

Are we Lacking in State Pride?

I have been very much impressed since I have been in the public school work the utter neglect of, and the important necessity of the Legislature in making the 90th day of May a day to commemorate the first Declaration of Independence.

That one fact seems to be fast fading from our view. If it had been any other State save North Carolina it would long since been demanded by her people. Not that North Carolina is lacking in her love of liberty more now, than when she declared in good old Mecklenburg to throw off the burdensome and galling yoke of oppression, and renounce her allegiance to England and no longer subjects to her crown; but it is neglected.

I heard our faithful superintendent say, "In visiting the schools of Craven county there was only two schools that gave the correct answer to the question. When was the first Declaration of Independence made?"

If any State from the Atlantic to the Pacific, from the Lakes to the Gulf, has any right to more than another to be proud and exult in their State pride it is the people of this grand old State.

I heard a gentleman visiting the Charleston exposition say he was introduced to nine ladies from Virginia and every one informed him she was from that State. State pride was very prominent with them, you see. I am glad he was not lacking in it, for in every instance he made a "Jeffersonian bow" and said, "I am glad to say, I am from the State of North Carolina."

If there is one cause why we as a State should feel proud of our citizenship, it is because she was the Alpha and Omega of our Independence.

Let every teacher from Cherokee to Currituck, in every city, town, village, hamlet and cross roads, join in keeping this fresh and green in the minds and hearts of those who are coming after us. Then they can say with our loved Gaston "Carolina, Carolina, Heavens blessings attend her.

While we live we will cherish, protect and defend her."

It was no greed of territory, no jealous political ambition, that characterized almost every disturbance in our nation that caused that heroic band to meet in Mecklenburg on the 20th of May 1775, but the love of liberty. It was there the babe was born and the cradle of liberty was rocked and the world today feels the rocking to and fro to and fro.

"Then Ho! for Carolina, that's the land for me,
On her happy borders all her sons are free."

The small boy shoots his fire crackers and shouts until he is hoarse, "Hurrah for the fourth of July," while the 20th of May goes unheeded by. Not that I would take any hurrah, from our "glorious Fourth," but add more to our grand incomparable 90th day of May.

"Behold what a fire a little spark doth (30th of May did) kindle."

On the 90th day of May, let it ring out from the great depths of our hearts, from mountain to sea shore, many hurrahs for this great, grand and glorious day, and in trying to inspire others, we may become more to love for The Old North State.

"Breathe there a man with soul so dead,
Who never to himself hath said,
This is my own my native land!"

L. A. B.

SKIN-TORTURED BABIES

And Tired, Fretted Mothers

Find Comfort in Cuticura Soap and Ointment

When All Other Remedies and Physicians Fail.

Instant relief and refreshing sleep for skin-tortured babies and rest for tired, worried mothers in warm baths with Cuticura Soap, and gentle anointings with Cuticura Ointment, purest of emollient skin cures, to be followed in severe cases by mild doses of Cuticura Resolvent Pills. This is the purest, sweetest, most speedy, permanent and economical treatment for torturing, disfiguring, itching, burning, bleeding, scaly, crusted and pimply skin and scaly humours, with loss of hair, of infants and children, as well as adults, and is sure to succeed when all other remedies and the best physicians fail.

The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and crusting of the scalp, as in scalded head; the facial disfigurement, as in pimples and ringworm; the awful suffering of infants, and anxiety of worried parents, as in milk crust, tetter and salt rheum, — all demand a remedy of almost supernatural virtues to successfully cope with them. That Cuticura Soap, Ointment and Pills are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures and humour remedies of the civilized world.

We have just in a fine stock of Mens boys and childrens shoes, neck wear hats, clothing collars, etc. All in the latest style and cheaper than any first class store in the town ever thing guaranteed.

Respectfully,
J. J. BAXTER.
