

THE JOURNAL.

Published every day in the year, except Monday, at 24 Middle street.

CHARLES L. STEVENS. Editor and Proprietor.

SUBSCRIPTION RATES

One year, in advance, \$4.00. One year, not in advance, \$5.00. Monthly, by carrier in the city, .150.

Advertising Rates furnished on application.

Entered as the Post Office, New Bern, N. C., as second class matter.

Official Paper of New Bern and Craven County.

DEVELOPMENT AND PROGRESS ONLY THROUGH EFFORT.

The favorable vote cast for the issue of \$500,000 four per cent, thirty year bonds, to build good roads in Guilford County, was not unexpected, for the progressiveness of the people of that county, practically assures success to every measure which means local development.

But even with a people so enthusiastic as those of Guilford county, as the Greensboro Record says, the good result for bonds for better roads, could not have resulted as it did, but for the strong efforts made to secure and bring out the vote, and in this movement the newspapers at Greensboro deserve special praise.

Local development is never accomplished readily, certainly not except through intelligent, well directed and persistent efforts.

Local upbuilding and local improvement of every kind is a matter of initiation and education.

Development in any line gets its local impulse through the start of improvement made by one or two persons, which leads others to follow.

The question of the greater local development, which comes through the establishment of local industries, demands first an educational move to prove the value of such industries to the people of the community.

But even when local industries, or good roads are proven of value to the people, it still requires the effort to accomplish the means whereby these can be secured.

It is not that a community does not realize its industrial weakness; or a county does not pay dearly because of bad roads.

What is the effort which can be put forth to remedy these deficiencies, that is the point really at issue, and its successful solution in the case of Guilford county, for better roads, proves that it was the continued and determined effort which brought the successful outcome.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, it causes a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also some out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

J. S. HERNEY & CO., Toledo, O. Sold by Druggists, 75c. Hall's Family Pills are the best.

Write to Him. "You say," uttered the fiancée of the vegetarian, "that you could faintly eat meat. Now, isn't that contrary to the tenets of your belief?"

"Not at all," asserted the vegetarian. "I should simply be eating a punch."

No one talking, the meat diet isn't the only thing that makes the mind waver.—Judge.

From a Cat Scratch. On the same, to the worst sort of a burn, nose or sore, DeWitt's Witch Hazel Salve is a quick cure. In buying Witch Hazel Salve, be particular to get DeWitt's—this is the salve that heals without leaving a scar. A specific for blind, bleeding, itching and protruding piles. Sold by F. B. Duff.

A Universal Doctor. Of course the art has admirable qualities, but I might wish that the industry displayed itself in some other fellow's pants.—New Orleans Times-Democrat.

Who has nothing to do may try to do a wife or two. It is a Prodigious way of expressing comparison.

Paul Young Again. One of Dr. King's New Life Pills each night for two weeks has put me in my usual health again. Dr. King's New Life Pills are the best I have ever used. Never gripe. Only shows Dr. King's drug store.

YESTERDAY'S MARKETS.

PAIN'S CELERY COMPOUND Saved the Life of Mrs. Thos. Wileman Bardsdale, Cal.

The Life Giving Compound That Wives and Mothers Most Need in May.

Pain's Celery Compound does a wonderous work for sick and half dead women in May. The conditions of winter have been detrimental to the health of women and girls everywhere; they have declined in nervous vigor, the blood is creeping with impurities, the excretory organs do not perform their work, and the digestive machinery is sadly out of gear.

MORE FAVORABLE WEATHER. ARAPAHOE.

May 14.—The cool weather seems to be holding most all crops back except potatoes, they are as fine as ever seen at this time of year.

The Weekly Crop Bulletin for week ending Monday, May 11, 1908. There has been some further improvement in crop prospects in North Carolina during the past week.

Last Sunday morning, a negro of Arapahoe, named Nathan Blinger, made an attempt to whip Alfred Baker with a switch, who on being attacked, drew his knife and cut Blinger, but not seriously.

Miss Florence Camp of Alliance, is spending this week with Mrs. Delphia Rawls of Arapahoe.

Mr. Thomas Davis of New Bern, was in Arapahoe yesterday, representing the New Bern Grocery Co.

A Good Thing. German Dr. A. Boesche, a celebrated Physician, and is acknowledged to be one of the most fortunate discoverers in Medicine.

Planting corn on uplands is nearing completion, but most of the bottom lands are still to be planted; late planted corn is coming up somewhat better than early sowed, but stands are not generally good.

It is said that nothing is so sure except death and taxes, but that is not altogether true. Dr. King's New Discovery for Consumption is a sure cure for all lung and throat troubles.

More than 500 persons competed for the prizes offered by a Chicago company for the best thoughts on the subject of saving.

Any case of consumption that is curable, is, in any case, having consumption, where family or friends still hold on to a hope, may take comfort in the knowledge of the fact that One Minute Cough Cure will give instant relief and finally cure.

Dr. Patterson, proprietor of the Patterson House, gives an interview.

Many there are in New Bern who are glad to recommend Dr. King's New Discovery, but none whose endorsement will carry more weight than his who is quoted here today.

Swansboro News.

May 14.—All able to eat provided. Weather a little more settled today, quite pleasant as to what it has been. Crops looking upward, and gardens right along considering.

We have corn 6 feet tall, Irish potatoes in plenty, larger than goose eggs; cabbage, onions, peas, beans, and other garden truck.

Our cotton needs some warm weather, it looks all right today, and will be ready to chop out in a day or two more, if warm weather remains with us.

The saw mill is booming, sawing 25,000 feet per day and shipping and selling all the time.

Three masted schooner Ben Russel, Capt. Gant, is in port now loading for the northern markets.

Six little schooners, and shapies, are here today buying lumber and wood, the wood don't cost much, about a penny a load, they give it away now.

Messrs. Preitman, McGin and Bray, of the mill company, all here at work, do all my own household duties for a family of nine, and I can recommend Pain's Celery Compound to any one suffering as I did with sick and nervous headache.

Our public school is progressing finely so far as we know, under the management of Miss Mamie Franca, though we hear she must not whip a pupil unless she wants a row or the pupil stopped at once.

Rev. W. E. Cowan, a Unitarian minister of note, came and preached for us twice last Sunday. He is a right good preacher and don't preach any thing wrong as we can understand it, but we don't like to go to hear brother Cowan much, we seem to be afraid he will tell us something we don't like or want to hear.

Our May picnic and Bank party came off last Saturday according to program, and was successfully carried out, all seemed to enjoy themselves, some 500 people came and went with us, many from different counties, some pretty girls from Jones, Carteret, Craven, Pender and one or two other counties, among some of the most intimate friends were Misses Deis and Alice Byrum of Maysville, Izora Jones and Emma Weeks of Carteret county, Rachel Cox of Rich lands and Messrs. Mat Herriot of Pollockville, Sylvanus Barker of Trenton, David E. Sandell of Richlands, James M. Holland of Palo Alto, and by the way if you want a race horse, a "man race horse", call on Jimmie Holland, he was about 1/2 mile from the steamer when she blew her last call for passengers, Jimmie knew what that meant and let out, in 15 seconds by the watch he was on board but he was puffing and blowing same as a steam engine, he had to run through three hundred yards of thick sawdust, but he got there just the same.

The picnic was decided success, the brass band from Trenton was on hand and rendered good music from Friday night until Saturday midnight.

Our town election came off quietly last Monday, resulting in the election of D. G. Ward as Mayor, John Rogers, J. E. Watson, George Bell and M. H. Hartsell as Commissioners, the two first, re-elected.

There was an opposition ticket, with G. W. Ward Mayor, J. M. Jones, C. R. Pittman, W. H. Hill and W. M. Holloway for Commissioners. They got left as usual, but only by eight votes this time and have the consolation of knowing they received the votes of all three of the preachers and most of the prominent lay paying men. They claim something rotten in Demark, and have been trying to change the town administration, but as yet have failed, better luck may be next time.

Plata Talk. The Misery Traveler—Be careful with that trunk you vainglorious! I wouldn't have it fall for 10 shillings.

The Porter—I don't not, but a sitting in time might save nine.—London Express.

A Sure Thing. It is said that nothing is so sure except death and taxes, but that is not altogether true.

More than 500 persons competed for the prizes offered by a Chicago company for the best thoughts on the subject of saving.

Any case of consumption that is curable, is, in any case, having consumption, where family or friends still hold on to a hope, may take comfort in the knowledge of the fact that One Minute Cough Cure will give instant relief and finally cure.

Girls Who Work

Girls who work are particularly susceptible to female ills, especially when obliged to stand on their feet from morning until night. Day in and day out, month in and month out, the year through, the working girl toils; she is often the bread winner of the family, and must work that others may live; whether she is sick or well, whether it rains or shines, whether it is warm or cold she must get to her place of employment and perform the duties exacted from her.

A Cordial Invitation to Every Sick and Ailing Working Girl.

It is to these girls that Mrs. Pinkham holds out a helping hand, and extends a cordial invitation to correspond with her. Her unrivalled record of success in treating woman's ills makes her letters of advice of untold value to every ailing working girl, and from her wide experience and skill she quickly points the way to health. Her advice is free, and all letters are held by her in the strictest confidence. Address, Mrs. Pinkham, Lynn, Mass. Don't put off writing her until your health is wrecked.

Grateful Words from Working Girls Who Have Been Helped.

"DEAR MRS. PINKHAM:—I want to thank you for what you have done for me. I was almost dead, I stand over my work all day, and no one who hasn't tried it knows how it feels. I couldn't sleep, and had no appetite, but thanks to Lydia E. Pinkham's Vegetable Compound I feel entirely different now; it is a wonderful medicine. I do not feel that my work is hard now, and I recommend your medicine to other girls who are always tired."—Miss Isabel Sturges, 223 W. 14th St., New York City.

WISE IS THE WOMAN WHO HAS FAITH IN LYDIA E. PINKHAM'S VEGETABLE COMPOUND.

The Lion's Roar. Major Austin, writing of his travels in central Africa, says: "The grandest, the most awe inspiring, the most tremendous voice on earth issues from the throat of that king of beasts, the lion. It is difficult to describe that mighty roar bursting out into the silence of the night and seeming to shake the very ground beneath one. It makes one feel petty, insignificant, of no account, when his majesty voices his satisfaction at having timed well on some poor unsuspecting antelope which has allowed itself to fall under the clutches of that powerful paw. The men huddle together in a deadly silence; there is a catch in one's breath, and it is with a sense of relief a whisper perhaps, of 'Gosh, what a roar!' that the animal, when the lion is satisfied, resumes his flow."

Quick Action. J. A. Gullede of Verboven, Ala., writes: "I was in the hospital from several weeks of piles causing 24 tumors. After a course of pills called Relief, Bucklen's Anal Ointment, and kindly assisted by Dr. Williams' Pink Pills for Pale People, I was cured and am now well."
