BLAISDEL CASE REMOVAL

From Superior to United States Court. Portuguese Arrested for Smuggling. Special to Journal.
RALEIGH, May 27.—Today United States District Attorney Skinner filed petition for the removal of the case of Ryan against Blaisdel, involving the arrest of the latter who is a lieutenant on the Revenue Cutter Southwell at New Bern, in arrest and bail from Superior Court of Craven county to the United States Circuit court.
Judge Farrell this evening signed a writ of certiorari and injunction in the matter, and these are now in the hands of Marshal Dockery to be executed tomorrow.
Then comes the issue, can State of floor arrest a United States official in discharge of his duty in proceedings of arrest and bail?
District Attorney Skinner gives notice of the arrest of two Portuguese remaining of the crew of the bark Vera Cruz at Coracoek. The case will be heard at New Bern, the charge being smuggling, and if they are held they are ordered to be brought to Raleigh. Smuggling is a very rare offense in North Carolina.

Threatened Mr. Roosevelt.

Walla Walla, Wash., May 26.—Joseph Becker, a radical Socialist, is in jail here on suspicion of having intended to kill President Roosevelt yesterday. The episode was kept quiet until after the President's departure.
Becker is accused of having remarked at Pendleton, Ore., last week that he had one bullet for President Roosevelt and another for Emperor William, of Germany. He left for Walla Walla with a rifle, and his Pendleton partner, Patrick King, followed him here, notifying the police. Becker was found working in a butcher shop.
He was arrested, and on being questioned disclosed the location of his rifle, which was hidden in a farmer's barn on the line of march. Becker is a Swis.

New River Items.

May 27.—News of interest along our river from L. D. Forville's near Duck Creek, to R. I. Sanders on Wallace's Creek, may be of some note to the readers of your good paper; this scribble was once a resident thereof.
Farming is the chief occupation, but fishing in the fall and winter is also one of the paying industries.
Tobacco farming has been indulged in to some extent for the last year or two, but cotton, peanuts, corn and sweet potatoes are the chief staple products.
Mr R H Bender and son, Ralph, J. R. Bryant, A. F. Farnell, John Arthur, Frank Killam, Sol Gornio and nephew, S. C. Hewitt, are our principal farmers along this line, and their farms look well at this writing.
Mr Gornio has about four acres in tobacco, Mr A. F. W. and Sam'l Farnell have four acres each, and Ralph Bender has four acres, all of this crop looks very well so far, but Mr A. F. Farnell's is far ahead of any we have seen in size and looks. Some stalks are two feet across, and over twelve inches high, but the plant seems to be running up to button, a strange thing for tobacco at this stage of growth. Mr Farnell is very uneasy about this and is afraid he will have to plow it up, and has written to find out about it.
The finest cotton and pea nuts, also corn, from the lands of the Farnells, they are nearly done chipping cotton.
Ralph Bender has thirty acres in cotton, seventy-five in corn, ten in peanuts, and 4 in tobacco, besides field peas, millet and etc., this much in the farming line.
Mr G. W. Ward, of Swansboro, was visiting friends here this week, his first visit in several years.
Mr Mervin Trout is one of our good ahead farmers, and says he has got to have a partner, and that pretty soon too.
Little Misses Clyde and Pearl Morris, of Marlowe, are visiting Miss Lizzie Farnell this week, and went fishing with hook and line, catching lots of the Bay trifle, some of these nearly three inches long.
Mr Mervin Farnell is very low, compared to his old and helpless. He is not expected to live much longer.
Mr R. E. Bender is 59 years old, but keeps up well for his age.
Mr Sol. Gornio is 75 years old, and so too he is far health.
Messrs Hogan and Boggs Hunt, of Brown Street are donating the high-land flag again, one for a girl and the other a boy, and they are happy.
Mr W. H. Hunt of Duck Creek (Berkeley) was a visitor at Mr Farnell's last week. Billy is 65, but is as lively as a kitten.

Crushing the Small Dealer.

The United Cigar Trust, which operates 75 stores in New York city, has decided to make a 10 per cent. increase in the price of foreign-made cigars. The officials say these cigars will then sell at cost price, and that later another 10 per cent. increase will be made, giving the company that much profit. The Trust claims to have lost an average of more than \$6000 a day since the prices were first cut four months ago. Their total loss amounts to more than \$70,000. The great war on prices, however, has had its effect on the small dealer, the great hotelier sought by the Trust, and hundreds have been driven to the wall. Competition having been practically crushed, the Trust feels it is now safe to at least put the imported goods on a basis which will insure them against a constant drain on their cash-box.

Motor Race Victims.

Paris, May 26.—The latest estimate of the number of killed in the motor car race is eight. Of this number six have been identified, namely, Mr Barrows, chauffeur, Mr Nixon, who was in the car of Mr Foster, and four spectators. Of those injured eleven have been identified. Of this number also are automobilists and two spectators.

GAME WARDENS

Appointed by Recommendation Audubon Society.

Expert Witnesses in Haywood Case. Nearly all Sheriff. Have Settled. Correspondents Report Condition State Crops. State Characters.

RALEIGH, May 27.—Governor Aycock returned last night from Yadkinville, where he made an educational speech, the 25th of that character he has made this year. He has in making these speeches traveled over 3,000 miles.
Bishop Chesire's Episcopal residence here has been sold and a new home for him will be built near the southeastern corner of the spacious campus of St. Mary's female college here. Rev Dr. Branton, rector of this college, who was recently elected Bishop of Mississippi, has taken a house here for the summer and will not go to Mississippi until September.

Under the Audubon bird law Governor Aycock is to appoint game wardens for the various localities. He appoints these upon the recommendation of the Audubon Society. So far only two have been appointed. These appointments are for Brunswick and Dare counties and were made about a month ago in no county along the Atlantic Coast have the game laws been more grossly violated than in Dare, with Hyde and Carteret second.

A number of physicians here were today summoned as expert witnesses in the murder case of Ernest Haywood, set for hearing in habeas corpus proceedings tomorrow afternoon.

Nearly all the sheriffs in the State have now made full settlements with the treasury department. Hertford is the only county which has paid nothing. Both the sheriff and the treasurer of that county have resigned.

Charters are granted by the State to the Pamlico Fish Company, of Washington, with \$125,000 capital; the Blue Ridge Construction Company, of Asheville, with \$10,000 capital, to grade railroads, streets, etc., and the Hart Knitting Mill, at Flat Rock, Henderson county, with \$100,000, F. G. Hart of Hendersonville being the principal stockholder.

Hanna Yields the Point.

Cleveland, Ohio, May 26.—Senator Hanna has ceased his opposition to the resolution proposed to be passed by the Ohio state convention endorsing Roosevelt for re-election. He gave out the following statement tonight:
"I am in receipt of a telegram from President Roosevelt which indicates to me his desire to have the endorsement of the Ohio Republican state convention of his administration. In view of this I shall not oppose such action by the convention. I have telegraphed the president to that effect."

THE OLD RELIABLE

GREATER IMMIGRANT TIDE.

Heavy Movement From Austria Likely to Increase.
Vienna, May 26.—In the opinion of Marcus Braun, who was detailed by President Roosevelt to investigate the emigrant situation in Europe, the heavy emigration movement from Austria and Hungary to the United States and Canada will continue and even increase.

This situation arises from three main sources: The encouragement afforded by emigrants now in America; poverty and poor labor conditions in Europe, and the efforts of unscrupulous emigration agents, whose employment is carried on in defiance of the laws of the United States and Austria.

The Austrian Government is seeking to stop the movement, since it is carrying the best military material out of the country and is fast depopulating the country districts, placing land owners in an extremely awkward position because of the absence of cheap farm labor.

Despite the wishes of the Government local municipal officers in many cases encourage emigration because of the cash remittances from those who have gone to America. Many emigrants send home their entire savings. Furthermore many village officials are emigrant agents.
