

THE OLD RELIABLE

THERE IS NO SUBSTITUTE

EVIDENCE CONTINUED.

The Defence Finishes and the State Introduces a Number of Witnesses.

Special to Journal.

RALEIGH, May 29.—In the Haywood habeas corpus case today the chief witness for prisoner was Ned Barnes, a negro carriage driver whose good character was proved by Governor Aycock and Judge Connor.

He swore that he saw Skinner strike Haywood with his left hand outright on the right side of the face, and that Haywood staggered back and as he rose he pulled his pistol and shot Skinner; that he saw Skinner's right hand behind him; that when first shot was fired Skinner was half across the sidewalk; that, when the second shot was fired Skinner was halfway between sidewalk and the street car track. That he saw Haywood pick up his hat and put his pistol in his pocket and start up the street.

Two witnesses swore that Haywood's hat had been on it and the juror and deputy sheriff swore he had a red mark and bruise on his cheek.

The defence rested its case this afternoon and then the State's witnesses were called. W. E. Gwaltney was first examined. He swore that he was looking out of his window and saw Haywood's hand with pistol in it, and saw the flash;

saw a man step into the gut or and stagger with his hand against left side; when man was near car track a second shot was fired and the man soon fell. Haywood had his hat on and was smoking a cigar; saw Skinner stop off the sidewalk and take two or three steps before first shot was fired. He appeared to be going diagonally eastward. He did not change his course until after the second shot; Haywood was in about the middle of the sidewalk.

Representative E. G. Simpson of Perquimans county, saw Haywood with outstretched hand and saw the smoke and heard the shot, Skinner was halfway between the curb and the car track. After the first shot Skinner turned his left side towards Haywood; saw Skinner flinch at second shot as if struck; did not see any difficulty between the men.

State advance sergeant J. W. Pike met Haywood near south door of post office, he saw Skinner near the main entrance, going down the steps, apparently going across the street, when Pike was at the north east corner of court house he heard the shot and saw Haywood at the southeast corner of post office eight feet from the sidewalk and in the street. He only made a step or two before the second shot was fired.

A full and complete line of International stock and poultry food for sale at J. R. Parker Jr.

RALEIGH.

Treasurer Lacy Paying off State Debts.

Firemen's Tournament. Postal Funds Will Not Affect Rural Routes. Railroad Extension. Question of Encampment.

Raleigh, May 29.—The State crop post commission met here today. President J. Van Lintley presiding. It took up the matter of regulations regarding the shipment of nursery stock and inspections during the coming season.

Good rains fell in all this section last night. The drought is now relieved. The main drought lasted from April 29th to May 20th, inclusive. It was one of the largest on record here. Generally the droughts come in the fall, when they are not so harmful. All crops are now injured.

Four years ago the iron fence around the Capitol square was removed. Part of it was used in enclosing the old or city cemetery, and the remainder at the Presbyterian church and the county court house. One of the gates is at Mt. Hope cemetery.

The board of agriculture devoted this morning to an inspection of the 400 acre farm at the Agricultural and Mechanical College. This afternoon it made up the budget of the expenses for the coming six months.

State Treasurer Lacy is rapidly paying off the \$800,000 debt to cover which the special issue of bonds was made. Yesterday he got the money for the Loans in a week it will have been all paid out. He first of all paid the \$200,000 borrowed a little over a year ago from the National Park Bank of New York City.

Congressman E. W. Potts of this district is here. He says the Meehan matter and his use of the funds in advance will not affect the establishment of new rural free delivery routes in North Carolina, that the new appropriation becomes available by July 1, and that he expects to have 65 routes in operation in this district by the end of the year, there being now 40.

James D. McNeill, Chief of the North Carolina State Firemen's Association, was here today, on his way to Durham to arrange for the holding there of the next tournament and annual convention. He says he has heard nothing but praise of the tournament held at Raleigh last year. The Association now, for the first time, embraces the fire departments of all incorporated cities and towns, there being about 90 of these, and the total membership approximately 1700.

As yet the question of the encampment of the National Guard of this State is not settled. The war department is making inquiries to ascertain the number of troops each State desires to put into camp. The government can only pay the expenses of the National Guard when it camps with regulars and wishes to see whether the total expense will fall inside of the available appropriation.

The Daughters of the Confederacy of this State have put in the Soldiers Home here, wardrobes for each room in the million dollar station mill, which the Duke is building and which will be known as Edwin Mill No. 3. Brick work is now well under way. Ten million of brick are required. The Raleigh and Cape Fear railway has now reached a point in three miles of Littleton.

The student of Wake Forest college are raising \$20,000 for a building; there.

All our colored lawns have been reduced. We have a big lot of them that must be sold. Come and see the pretty patterns you can buy here at 5c to 15c a yard. J. J. BAXTER.

THE HAYWOOD CASE.

Length of Habeas Corpus Hearing is Indefinite.

RALEIGH, May 29.—The habeas corpus hearing now in progress here in the Ernest Haywood murder case develops the fact that popular interest in this notable crime is as great as ever. The crowd which yesterday jammed itself into the court room was today reduced. As to the length of the hearing no one appears to be able to give an opinion. The counsel for Haywood say the length depends entirely on the action of the prosecution.

One of the lawyers for the defence declared Tuesday that they would not have instituted this proceeding unless they felt sure of getting bail. He then referred to his statement, made to your correspondent on the evening of the day the crime was committed, that there was a complete defense. The defense put on its star witnesses yesterday, Schmidt and Siles.

CHEMICAL ANALYSIS

Reveals That "Pe-ru-na is Calculated to Tone up the System, Restore the Functions and Procure Health."

SO SAYS PROF. L. J. MILLER, CHEMIST.

Prof. L. J. Miller, late Professor of Chemistry and Botany of the High School of Ypsilanti, Mich., writes from 327 N. Clark Street, Chicago, Ill., as follows: "As several of my friends have spoken to me of the favorable results obtained through the use of Peruna, especially in cases of catarrh, I examined it most thoroughly to learn its contents. "I found it composed of extracts of herbs and barks of most valuable medicinal qualities combined with other ingredients, delicately balanced, calculated to tone up the system, restore the functions and procure health. "I consider Peruna one of the most skillfully and scientifically prepared medicines, which the public can use with safety and success."—PROF. L. J. MILLER.

"Builds up the System."

Hon. Joseph H. Ridgeway, Secretary of the American Anti-Treat Society, writes the following letter from the Grand Central Hotel, St. Paul, Minn.:

"It is with great pleasure that I endorse Peruna as an honest medicine, competent to do all its claims. I have used it several times and know of nothing that cures so completely, and at the same time builds up the system. "I have recommended it to a number of my friends and always feel that I do them a service for I know how satisfactory the results invariably are. I only wish every family had a bottle—it would save much sickness and doctor bills."—Joseph H. Ridgeway.

"Feel Better Than for Five Years." Mr. James B. Taylor, Roberts, Ind., writes: "I am at the present time entirely well. I can eat anything I ever could. I took five bottles of Peruna, and feel better now than I have for five years. I have doctor'd with other doctors off and on for fifteen years, so I can recommend your medicine very highly for stomach troubles. I take great pleasure in thanking you for your free advice and Peruna."—James B. Taylor.

"I Enjoy my Meals as I Used to." Mr. J. W. Pritchard, Wolf Lake, Ind., writes: "I am pleased to say that I have been cured of catarrh of the stomach by Peruna. I could hardly eat anything that agreed with me. Before I would get half through my meal my stomach would fill with gas causing me much distress and unpleasant feelings for an hour or two after each meal. But, thanks to your Peruna, I am now completely cured, and can eat anything I want to without any of the distressing symptoms. I can now enjoy my meals as I used to do, and it is all due to Dr. Hartman and his wonderful medicine, Peruna. "It has been one year since I was cured, and I am all O. K. yet, so I know I am cured."—J. W. Pritchard.

Dyspepsia is a very common phase of summer catarrh. A remedy that will cure catarrh of one location will cure it anywhere. Peruna cures catarrh wherever located. That it is a prompt and permanent cure for catarrh of the stomach the above letters testify.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Another Fresh Lot Harvey's Small Sugar Cured Hams

JUST RECEIVED. Try one. They are Strictly first quality. Yours to please.
