### We Help the Widow and Orphans.

The Improved Order Heptasopha, New Bern Conclave No. 496, was organized March 30th 1897.

During the past three years we have lost three of our brothers who have paid the debt we all have to pay some day. But our deceased brothers left a protection for their families. We have paid out a total of six thousand dollars in New Bern the past three years. On the 28th of May 1903, our treasurer Mark Discoway paid to the widow and children of our deceased brother John H. Lokey \$2000. Brother Lokey departed this life the 18th of Dec. 1902, and the claim would have been settled by the 15 of January 1903, but we had to wait for the court to appoint a guardian for the children which was not done until the latter part of April 1903.

Any one wishing to protect their family would do well to see the secretary who will be pleased to give them any information they may want.

GEO. D. GORDNER, Sec'y.  
New Bern Conclave No 496.  
June 1st 1903.

### Textile Workers Strike.

A general strike of workers was inaugurated in Philadelphia Monday, involving about 90,000 operatives. Of the 600 firms engaged in the textile industry here 47 have granted the demands of the union and their plants, employing about 15,000 hands are in operation.

Thirty-nine branches of the textile trade are affected by the strike, and the capital invested in the mills is estimated at \$100,000,000. The daily loss in wages will amount to \$125,000.

### Tents for the Homeless.

The United States war department will assist to the extent of its power in efforts to alleviate sufferings in the flooded districts of the west. Orders to this effect have been given to Major General J O Bates, commanding the department of the Missouri, with headquarters at Omaha, Nebraska. The supply department at Leavenworth, Kansas, will be availed of for the shipment of tents to the flooded regions should these be found necessary.

### Question of Skinner Striking Haywood.

RALEIGH, June 2.—In the Federal court here a case is up in which F. A. Lokey of Hamlet is defendant. It involves 11,000 gallons of whiskey. Mr. Lokey says he will build at Hamlet the largest whiskey distillery in the State. It will use 400 bushels daily and will turn out 115 barrels of whiskey. The largest distillery now in the State is at Marion, capacity 107 bushels.

Next Monday the North Carolina merchants association will meet here in annual convention.

Interest in the Haywood habeas corpus case continued practically unbroken for six days, it being the longest hearing of the kind on record in North Carolina. The main contention of the defense was to prove that Skinner struck Haywood and that it was the latter's first shot which it was claimed was fired at close range which caused death. A strong contention of the prosecution was that after a return of a true bill by a grand jury there is no power to grant habeas corpus.

The State Board of Agriculture finished its work today, and passed the budget for the ensuing six months amounting to \$39,000. It also passed the college budget for the year ending next June, this to maintain both the agricultural and mechanical departments. The board adopted new quarantine regulations, these being entirely designed to carry out the law more thoroughly. It is hoped and believed that during the year 1903 three or four more counties will be gotten out of the quarantine district. The experiment station budget was adopted, this covering the \$14,000 coming from the hatch fund.

It now seems to be regarded as reasonably certain that North Carolina will have a great exhibit at St. Louis. A very large part of the material is ready for immediate use.

The first Confederate soldier killed in battle was Henry L Wyatte of the First Regiment North Carolina Volunteers who fell at Big Bethel June 10th, 1861. He is buried at Richmond. Marshall Robert H Bradley of the Supreme Court each year sends a flag there to be placed upon his grave and today sent one for this use.
