## LOOK!

AT THE DIFFERENCE BETWEEN The Racyle & Any Bicycle

Turns Easy. Turns Hard.

So you can't see the pressure on the bearings of a Racyle than on a bicycle, therefore it runs 1/2 mile, 1/2 mile faster and faster with less work on the bearings. No oil can be applied.

SOLELY BY L. M. EDWARDS, New Bern, N. C.

### NEW INDUSTRY

Helms, the Celebrated Picklers to build a Plant Here.

The Helms Pickling Concern, who have been interesting farmers in this section in the growing of cucumbers this season are now getting ready to begin the pickling process.

Their plant has been located on the A & N C road just above the crossing of National Avenue.

Twenty large wooden tanks are lined up, and scaffolding placed. Everything is being planned as if it were to be permanent. If the experiment of this year's crop is satisfactory to the growers, and enough storage can be secured for a crop another season, the plant will be made permanent, and a large packing and pickling plant will be established.

For this season the stock will only pass through the preparatory stages here and be sent to other plants for the final pickling, bottling and packing.

A small lot of "cukes" were being put through the first of the pickling process out there yesterday as an experiment.

The process seemed to be to the uninitiated writer putting the stock in a bath of brine and constantly stirring them and adding to and taking away the brine. Great care is taken in keeping the bath at a certain strength and a testing glass is used to determine its accuracy. The process is tedious and somewhat slow, but vital cleanly.

If the experiment proves a success and the plant becomes permanent, it will no doubt be the beginning of the greatest enterprise that ever struck New Bern.

### Supreme Court Opinions.

Special to Journal.

Raleigh, June 10.—The Supreme Court filed the following opinions here today:

State vs Wilcox, from Perquimans, no error.

Elmore vs S & L Ry. Co., from Wayne, petition allowed, judgment of court below affirmed.

Seawell vs S & L Ry., from Moore, affirmed.

Dobson and Whitley vs So Ry. Co., from McDowell, new trial.

Cogdell vs W & W Ry. Co., from Beaufort, petition allowed and new trial allowed.

Lewis vs Steamship Co., from Carteret, petition allowed, former ruling reversed.

Vickers vs City of Durham, no error.

Ray vs Long, from Alamance, affirmed.

State vs Yoder, from Catawba, no error.

### Heptasephs Meet at Richmond.

Richmond, Va., June 9.—The Supreme Conclave of the Independent Order of Heptasephs met here today, the gathering being some seven hundred men strong. The body was formally welcomed to the city by Mayor Taylor, and in a fraternal way by Judge H. Ingram, of Manchester.

### The July Designer.

The well-known home and fashion magazine, The Designer, published by the Standard Fashion Company of New York City, has been reduced in price from \$1.00 to 80 cents a year. The great aim of The Designer is to help women along all practical and beautiful lines, by gathering for them and giving to them the fullest information on all fashion and domestic matters.

### Suicide in Wilmington.

William H. Bobbitt, a citizen of Marion, N. C., committed suicide in the lobby of the Orton House in Wilmington, Tuesday morning. Bobbitt was about 47 years of age, and no cause can be assigned for the act except that heavy drinking the past few days may have caused despondency. His brother, James M. Bobbitt, of Marion, who was here with him, says he cannot ascribe any cause for the deed. The two Bobbitts had been there since last Friday. The suicide left the desk in the hotel lobby and sat down on a stool. He placed the muzzle of the pistol in his right temple and fired, the ball passing entirely through his head and killing him instantly.

### LIQUOR DEALERS

Troubled. Largest Attendance at Convention in Raleigh.

Haywood Case Trial in July. Weather Observations. Great Number Applications by Teachers. State Board Elections.

Raleigh, June 10.—Grand master L. O. McBrayer of the Grand Lodge of Odd Fellows last night addressed all the members of that order here, and today in company with the executive committee of the orphanage at Goldsboro, of which he is chairman, left here to inspect that institution which now contains 66 children.

It is said that Dr. Charles W. Deahney, of the University of Tennessee and for years North Carolina's State chemist, is more than apt to be made president of the University of Virginia.

The attendance at the State Liquor Dealers and Distillers Convention, in session here, is the largest on record, members say. Both dealers and distillers are deeply stirred by the situation which the Waste Liquor Bill has placed them in, and by the knowledge that the great fight against liquor is growing in strength daily. It is said that the sale of liquor is now permitted at not more than 100 places in the State, and this number is more than apt to be largely decreased, and that soon.

The criminal term of Wake Superior Court at which the Ernest Haywood case will be tried begins July 18th, and Judge Peebles will preside. It is thought that it will take at least a week to dispose of this notable case.

State weather observer O. F. Von Herrmann says there are now in North Carolina 84 voluntary observers and 400 crop correspondents, there are also 11 regular stations. There are now only four river gauges, one of these is on the Cape Fear at Fayetteville, the three others being on the Roanoke at Danville, Clarksville, and Wilson. Stations are needed on the Tar River at Tarboro and on the Neuse at Goldsboro. Mr. Von Herrmann only has jurisdiction over those streams which flow into the Atlantic in this State.

Speaking about the disaster in South Carolina, observer Von Herrmann said that so far as he can discover there has never been a cloud burst in North Carolina. The floods of 1901 were due to general and excessive rains and were the worst in many years, but there was nothing like a cloud burst, while in South Carolina there seems to have been a genuine cloud burst as the immense mass of water can be explained in no other way whatever.

So many applications from lady teachers during July at the Agricultural and Mechanical College here have been received that it has been decided by President Heaton of St. Mary's Female College to open its doors to these applicants and furnish them room. Rev. Dr. Bratton has set apart for this purpose two of the buildings, both of stone. St. Mary's is within a few hundred yards of the Agricultural and Mechanical College.

The State board of election met here today and reorganized. Gov. Aycock reappointed all the members of the old board, yet the law requires an organization as if it were a new one. Wilson G. Lamb of Williamson was again made chairman, and R. T. Claywell of Morgan county secretary.

The State corporation commission today granted authority to the Bank of Liberty, at the town of that name in Randolph county, capital \$5000, and the Jonesboro Commercial Bank, capital \$10,000 to begin business.

The state superintendent of public instruction today issued a very important circular regarding the election of county superintendents. He wants them well paid, and says "be sure that you get more men and more time for more money."

### Go to Wilmington and Wrightsville Beach.

Thomas H. Knight's Excursion to Wilmington on Thursday June 10, offers a splendid opportunity to visit the largest city in the state at a trifling cost.

Wrightsville Beach, nine miles from Wilmington, is the Queen of all Southern Beach resorts, and is reached by high speed electric cars every half hour. Knight's Excursions are popularly known throughout the state, and are patronized by the best people.

Trains leave A. O. L. depot at 7:30 A. M. Returning will leave Wilmington at 11:30 P. M. Round trip only \$1.35. Don't miss this rare chance.

Reserved What about at J. R. Parker, Jr's.

We are in receipt of a big lot of French and Valenciennes Lace which we are selling at about half the regular price. The quality is going to be prepared. Come and see them.

J. J. BAXTER.

A few lots of Super-Crown Beer, just from New York at the rate of 10¢ a gallon, with 10¢ a gallon extra when you buy a case.

### Banishment of Slot Machines.

Raleigh, June 10.—Raleigh has been a great place for the slot machines, really gambling affairs, and of course there have been great numbers of these in other parts of the State. The local manager here when asked if the slot machines had all been removed from the State said they had. He had worked very hard to have the use of the machines permitted and said he succeeded in getting two Legislatures to allow the machines, but the last one knocked them out.

He added that some of the men who played the machines most fought them the hardest, and are now lamenting the fact that they are gone. When asked if he was sure that the machines had been driven out of the State he said yes, that the law imposed a penalty of \$500 and imprisonment for three months, and that nobody dared to go up against that word "and."

### The Pope's Condition

Report comes from Rome that the Pope is so weakened from his recent indisposition that he stays in bed the greater part of the day.
