W. R. ALLEN,  
P. S.—Editor Journal.—There is much  
truth in what Judge Allen has said, and  
by way of comment I give New Bern a  
fine opportunity to shine in one very  
simple, efficient, unobtrusive, and  
unfashionable way. The finished  
not long since its business men in the  
persons of Messrs J. R. Parker Jr., H. H.  
Royal, G. H. Royal, T. F. McOstley, W.  
R. Rosenthal, H. B. Blalock, who sat  
together, heard the evidence and rendered  
a righteous verdict which is printed to-  
day by placard, defendant and their  
lawyers.  
These persons were good honest men,  
and therefore their verdict was honest  
and just. That in the course of human  
events New Bern proved to the world the  
jury system is not a failure provided  
you get good, square, honest, upright  
men in the jury box.  
A mischievous justice will continue  
unless good, square, honest, upright  
men are put in the jury box to guard our  
personal and civil liberties.  
Signed,  
W. R. ALLEN.

### RESOLUTIONS

In memory of Kenneth Rayner Jones of Craven Lodge No. 1, Knights of Harmony.  
Whereas, By the death, on June 15th, 1903, of Kenneth Rayner Jones, another member of Craven Lodge No. 1, Knights of Harmony has been called by the Providence of God to sever his association with us, Therefore  
Resolved, That while no language can adequately express the depths of real sorrow and heart-felt sympathy, enshrouding the flowers of speech, it is the desire of the individual members of Craven Lodge to record in some measure their sense of bereavement, and to extend to the family of their deceased brother a sympathetic offering.  
Resolved, That by his death this order has lost one of its oldest and most valued members, that for him his remaining brethren sincerely mourn, and will ever keep in memory his many virtues, his estimable character, his devotion to duty, and his long and pleasant association with them.  
Resolved, That these resolutions be made a record of the lodge, that a copy be transmitted to the widow and family of the deceased, and that an entire page of the lodge minute book be appropriated to a memorial inscription.  
G. H. Waters,  
R. P. Montague,

### Death of William H. Lane.

William H. Lane, who died at his home No. 818 Dixwell avenue last night was born in New Bern, N. C., February 20, 1818. About fifty years ago he left his native state and came to New Haven, where he entered the employ of Johnson and Co., who carried on the business of wagon manufacturers on State street. A year or two later he entered the employ of Henry Hale and Co., in their wagon factory on Franklin street, and with the exception of a short time, about the close of the civil war when he went into business on his own account was in their employ up to 1890, a period of 36 years and two months. He then gave up active work and has resided with his daughter the wife of Moses T. Rice since that time. By his industry he had acquired considerable property being the owner of five houses on Easton street, and one house on Easton street—New Haven Connecticut Leader June 24th.

### The Duty of Jury Service.

To the Editor.—In the News and Observer of June 18th, 1903, you say editorially under the inquiry "Is there Mis-carriage of Justice?"  
"Within the last ten days this writer has heard a leading banker, with his hundreds of thousands, a distinguished divine, whose age and position give weight to his opinion, one of the most successful and level headed farmers in the State declare that they had about just faith in the courts and did not look to them to administer justice."  
I do not care to enter into the discussion, but to make two inquiries. The first how many times and when has the banker, divine, merchant or farmer served on a jury, and the second how many times each has been summoned to serve and whether he asked to be excused. Let this be published with your reply.  
Very truly,  
W. R. ALLEN.

### To the Justices of the Peace of Craven County.

Gentlemen—I did in Thursday morning's issue of the New Bern Daily Journal, a letter from J. J. Baxter, commissioner to the magistrates, saying he had information from the Register of Deeds that notice had been sent to the magistrates to meet at 10 a. m., on Saturday, July 4, 1903, for the purpose of electing a commissioner to fill the place made vacant by the death of Commissioner K. B. Jones, and if the magistrates had received such notice, it was sent without any authority of law, and by some one who was assuming to discharge duties which belong to the Board of County Commissioners, and if you went to meet you could not elect a commissioner because you were called together without authority of law, and the request is made that you do not obey the call which has been issued, but wait until you receive the proper call.  
In reply to Mr. Baxter's communication, I have to say he was aware of the fact that I made the call for the meeting on July 4, 1903, and he well knows that the Justices of the Peace of Craven County is a body corporate, and has the right to perfect its own organization, and as they have seen fit to honor me as their chairman, and if I have not the authority to call them together, who has?  
Sec. 716 of the Code Vol. 1 says: "There shall be a meeting of the Justices of the Peace on the first Monday in June to elect County Commissioners." Again Sec. 719 says: "In case of a vacancy occurring in the Board of Commissioners of a county, the Justices of the Peace of the county shall appoint to said office for the unexpired term." Why did Mr. Baxter quote this section in support of his argument?  
Mr. Baxter said on the street Thursday that he had prepared a call to the Magistrates, but was advised by the County Attorney that he had no right to make it, therefore the one made by me must be legal, and I can do it to beg the Justices of the Peace not to attend.

Why should he thus interest himself?  
Are the Justices of the Peace to be governed by the dictation of one man?  
There are 182 Justices of the Peace, and I believe each and every one of them is fully competent to construe the meaning of the law.  
Mr. Baxter in support of denying the right for the Justices of the Peace to meet, cites a portion of Section 717 of the Code which has no bearing on the matter, as that Section only applies to meetings of the Justices of the Peace and Commissioners in joint session, which you have all experienced through former calls from Chairman K. B. Jones.

Mr. Baxter again says at the proper time you will receive the proper call! When is the proper time?  
I presume it is after the Board of Equalization has met on July 13, 1903 and passed upon the value of your property which has to stand for four years.  
Or perhaps in Mr. Baxter's opinion, the proper time to fill this vacancy will be after a chairman of the Board of Commissioners has been elected on July 6th, 1903.

The election of a commissioner at this time probably means a great deal to the property owners of the County, and should not be neglected, and every Justice of the Peace should be present, and if the Justices of the Peace in meeting assembled, have not the right to elect a commissioner, we will let some one else pass upon it besides Mr. Baxter.  
Hoping you fully realize the importance of there being a quorum present, and will be punctual at the meeting, at 11 a. m., July 4th, 1903. I am  
Yours Respectfully,  
S. H. LANE,  
Chairman of the Justices of the Peace, of Craven County.

### Think Before You Drink.

Suppose, just as you were about to lift a glass of your favorite beverage to your lips, somebody should exclaim:  
"Stop!"  
"I would seem very presumptuous, wouldn't I?"  
It wouldn't be, though, if it were a note of warning concerning your health.  
Now, these five minutes begin in a vague sort of a way, don't they? Nevertheless, as you will discover, they mean a very serious talk with you upon a very important subject. And yet it's upon a matter, to which, in all probability, you have never given a thought.  
Every household buffet and wine closet holds various beverages of a carbonated or fermented nature—ginger ale, mineral waters, beer, soda and the like—something which has to be corked.  
To begin with, let's take the old-fashioned, pressed-in cork, with its wire retainer. How a man labors, perspires, frets and fumes, trying to draw it with the corkscrew! And with what success!  
If he has muscle "to burn," and the cork doesn't break, he finally gets it out. Perhaps, in the struggle, the bottle head or neck is broken and his hand is severely cut.  
Suppose, though, that a lady—some weaker member of the family—tries to draw the cork by the same process. She simply cannot do it at all!  
Then there are other styles of stoppers: some with permanently affixed arrangements to the neck of the bottle, the intent of which is to prevent the stopper from being lost and to enable its repeated use.  
The repeated use of stoppers is a strikingly widespread, serious consideration, for hygienic reasons.  
Two minutes are gone.  
Let's employ the other three minutes talking of the stopper of all stoppers.  
It is never used but once!  
It cannot be used but once!  
It is absolutely hermetical!  
It will not blow off!  
Nothing comes into contact with the beverage but sterilized cork!  
Hundreds of pounds of pressure sink it to the bottle!  
The hand of a child can remove it!  
Isn't it easy? Look at it! Doesn't its simplicity make you smile? How quickly we become converted to what is manifestly for our good!  
It is the Crown Cork!  
It renders any tampering with the contents impossible, between the time the bottle leaves your bottle and it arrives on your table, simply because if the Crown is once removed, nothing and nobody can ever refill it again to any bottle.  
You remove it.  
That's the end of it.  
It's the only stopper which does its work without a fault and is used but once!  
Every bottle in America knows the merits of the Crown, and those who really value their trade use it exclusively.  
There's another point of some consequence.  
It is safe.  
If your bottle were the Crown, (as he more correctly should be called) instead of an unsterilized cork, or any stopper that is used over and over, it won't mean any additional cost to you.  
Every element of good and right living is obtained by the use of pure, unadulterated products of the Crown, which is the only stopper of its kind.  
You will, very properly, conclude that the one who uses a beverage has a right to know how the bottle should be uncorked, and that the bottle should be uncorked in a safe and healthy way. Well, here is the answer. It is the Crown Cork, and it is the only one that will keep you safe and healthy.
