### FOURTH AT SWANBORO.

Celebrated by Big Mac On Bogus Banks. Agent Correspondent Expects to Grow Young Again.

The extensively prepared programme by Messrs. W. E. Ward and Bryan H. Bell, Jr., assisted by Mr. J. M. Jones, for the 4th of July excursion and picnic to Bogus Banks, last Saturday, was carried out pretty well, and about 800 people of all ages but only one color, came and participated in the festivities. The day was not the best for such a turn out, as we had a little squall of wind and some rain late in evening, not too much however to mar the pleasures of the occasion; people from all over this and adjoining counties, were in attendance, the large barge "Onslow," carrying capacity about 500 people, left the dock sharp at five o'clock a. m. for Stelle, up White-Oak river, some 8 or 10 miles from Swanboro, returning via Swanboro and points along the line taking passengers, arriving at the beach rather late in the day because of an accident in the grounding of the steam launch, "E. W. Taylor," of Morehead City, whom the managers had procured to tow the barge to and from the banks, a few hours delay made some anxious hearts beat, but large sharpies prepared for such occasions, came to the rescue, and the trip was made all O. K., not quite on time; a crowd of 75 persons from Carteret county had assembled at "White Rock" below here and these were taken by Capt. Van B. Willis in his large two masted sharpie, and some others from same vicinity, were taken by other sharpies, all made the trip at least successfully. The Trenton brass band of ten pieces had been engaged, and came in Friday evening in full trim headed by Prof. A. H. Coble, leader of the band, and discoursed excellent music throughout the day and part of the night. The managers had prepared full and ample supplies of confections, ice, icecream and cold drinks to kill, and you bet they were killed to perfection by those thirsty men and women, for we have seen it colder weather in February several times.

### AFTER THE FIRE.

Resume of Incidents and Summary of Damages of the Conflagration.

The big fire will be remembered for some time as one of the most destructive that has happened for many years. But after it is out and everything has assumed its normal condition the results are not so bad as were feared.

The report which was published in the Journal placing the estimated damage at \$50,000 was written at a time when the fire threatened many more buildings than were really consumed. It seemed almost impossible to save the stores adjacent to the flames, they were so close together and the fire was raging so fiercely. But cool and intelligent management put the fire under control within a few hours. The firemen are certainly deserving of great credit for their splendid work.

### BLOOD HUMOURS

Skin Humours, Scalp Humours, Hair Humours, Whether Simple Scrofulous or Hereditary Speedily Cured by Cuticura Soap, Ointment and Pills, When All Other Remedies and Best Physicians Fail. COMPLETE TREATMENT, \$1.00.

In the treatment of torturing, disfiguring, itching, scaly, crusted, pimply, blotchy and scrofulous humours of the skin, scalp and blood, with loss of hair, Cuticura Soap, Ointment and Pills have been wonderfully successful. Even the most obstinate of constitutional humours, such as bad blood, scrofula, inherited and contagious humours, with loss of hair, glandular swellings, ulcers on patches in the throat and mouth, sore eyes, copper-colored blotches, as well as boils, carbuncles, scurvy, ulcers and sores arising from an impure or impoverished condition of the blood, yield to the Cuticura Treatment, when all other remedies and methods fail.

And greater still, if possible, is the wonderful record of cures of torturing, disfiguring humours among infants and children. The suffering which Cuticura Soap and Ointment have alleviated among the young, and the comfort they have afforded worn-out and worried parents, have led to their adoption in countless homes as priceless curatives for the skin and blood. Infants and birth humours, milk crust, scaly head, eczema, rashes and every form of itching, scaly, pimply skin and scalp humours, with loss of hair, of infancy and childhood, are speedily, permanently and economically cured when all other remedies suitable for children, and even the best physicians, fail.

### THE HORSES.

The horses that were turned loose have been returned or located. The mule which was burned belonged to Mr. Reel the stage driver between New Bern and Pamlico.

### THE EXACT STARTING PLACE.

The exact starting place of the fire is not known but is believed to have been in a narrow passage way between the barns of Mr. Scott and Mr. Mitchell. It is also believed by some of the men to have been of incendiary origin.

### THE USEFULNESS OF THE STEAMERS.

The usefulness of the steamers was demonstrated again as they have been at several other fires since the establishment of the water works. Without them there is no doubt but the entire block would have gone. It is ardently hoped that the city will never be so poor that she will have to sell her fire engines.
