### TOO FAST DRIVING.

Back and Gray drivers are too reckless on the street.

Some day some one will be hurt at the corner of Pollock and Middle streets as a result of fast driving. It is a common occurrence for drivers of transfers to rush over the thoroughfare apparently paying little heed to what they were doing. Yesterday morning two drags were being driven south from Broad street and the drivers either stimulated by a desire to beat in a race or having a fear that they might get some where late they whipped their animals into a run and went on Pollock street at a speed greater than the law allows and at imminent risk of running down a luckless pedestrian.

It would be a good plan to call a meeting of back and drag drivers and read them the law on fast driving and give them a little earnest lecture.

Several parties near here are housing and curing tobacco this week. Mr E B Elliot cured two barns last week.

Farm labor is scarce and higher around this section of the State than it has ever been before since can be remembered.

Were it not for the women and children there would surely be a famine. All the boys and men are in the woods.

There seems to be an epidemic of typhoid fever in Onslow County among the course of the White Oak river. The following young men all about 23 years old have died as follows: Mr Allen Parker of Belgrade, on the 9th, Mr David Aman Jr., Hickory Hill Saturday a m, 3 p m the 11th, Bryce Scott Jr at Palmetto N. C. Monday a m 4 p m 18th. We hear there are two cases at Mr Randolph Mills, and two at Mr Parker's and several others in other parts along the line of the river.

Wonder why the ice manufacturers of New Bern are letting Wilmington get their ice trade from here. The dealers here say they can get better ice for ten cents per one-hundred pounds less delivered here at the railroad depot, than that of New Bern only twelve miles against seventy-four to Wilmington.
