# GREAT VALUE IN FRATERNAL ORGANIZATIONS.

Local fraternal organizations, in their nocial phases, have most pleasing and apful sfeatures, which are valuable in the lives of their members.

But especially valuable is the insurance benefit, whereby at death a membar's family comes into possession of a sum of money, which in all probability would not be theirs, if the father or husband had not been a member.

Besides this death benefit, there are the visitations to sick members and the assistance given to the families of sick members, which are sources of satisfaction and value.

In this city, hardly a month passes without some case of the practical value of a membership in a local fraternal organization being demonstrated.

There are many wives and children who without the benefits coming through some one or more of these local fraternel organizations, would have been left in destitution, and become charges upon Money..... the community.

The cost of becoming a member and keeping up a membership in these fraternal organizations, amounts to comparatively little, not enough to prevent any man from joining, while even when members may be at times in financial troubles, their memberships can be kept up, while the protection and social benefits are still theirs.

Every man can find membership in a local fraternal order of good to him, both in his daily life, and in his death, truly beneficial, if he is of moderate means with a family who have been de pendent upon his dally earnings.

Catarrh Cannot be Cured with LOCAL APPLICATIONS, as they ich the seat of the d

Catarrh is a blood or constitutional discase, and in order to cure it you must take internal remedies. Hall's Catarrh. Oure is taken internally, and acts directly on the blood and mucous surfaces Hall's Catarrh Cure is not a quack medi-cine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best tonics known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonder ful results in caring Catarrh. Send for testimonials froe.

### A. B. Baxter's Cotton Letter.

New York, Sept 10 .- The market opened higher under the lead of good cables. The recent decline was looked upon as unwarranted. The weather in the South was pretty good east of the Mississippi, so far as shown by the map but in the Southwest the temperature was tooflow from Oklahoma to Abliene Texas. Furthermore despite the good showing every day as to rain and moisture, the reports from people in position to judge, are to the effect that the crop is not near so well as it has been and in fact has been losing ground right along. more especially in Georgia and Mississip pi. Texas also has failed to recover from the effects of the weevil and good people there are confident the crop will not prove greater than last year. The get Dr'King's New Discovery for Conmarket was quiet after the opening, but sumption, Coughs and Colds, W H there was a fair buying by southern houses. Receipts were expected to run

small but not so small as they have been Today figures were but 7,000 against 28,000 last year. In the Liverpool market prices advanced 8 to 8 points. Galveston receipts only 1890 bales against 10,200 last year and New Orleans 714 against 3,500 last year. . Ootton held steady later In the morning on presistent demand from shorts, and what seemed to be conservative new buying. Offerings were not large and sentiment seemed to have taken a bullish leaning.

Fearful Odds Against Him.

Bedridden, alone and destitute. Such, in brief was the condition of an old sol dier by name of J J Havens, Versalles O. For years he was troubled with Kidney disease and neither doctors nor medicine gave him relief. At length he tried Electric Bitters. It put him on his feet in short order and now be testifies. "I'm on the road to complete recovery," Best on earth for Liver and Kidney troubles and all forms of Btomach and Bowel Complaints. Only 50c. Guaranteed by O D Bradham, druggist.

for investigation, such as fruit, ver bles and grain, to the two-hundredtwenty five thousandth part of an in is one of the new equipments, rangements are made for photogra-ing these minute wafers while un-the microscope, and from the enist sections are made transparencies throwing upon the screen.

A test was made recently of spruc and linen pulp for the manufacture of paper in this country, and it was found the manufacturers were being imposed upon by the importers, and through the determination of the microscopist thousands of dollars were saved. In importing sumae into this country fraud was constantly practiced on dealer and manufacturers. This was stoppe through this department. This appart tus is also used for getting at the di case of wheat and other grain and als the adaptability of certain varieties wheat to different climates, besides certaining the amount of starch and other nutritive qualities developed u der certain soil and climatic condition -Chicago Tribune.

### The Genuine vs. Counterfeits.

The genuine is always better than counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreclated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes tha are on the market. W. S. Ledbetter, of Shreveport, La., saye: "After using numerous other remedies without bene fit, one box of DeWitt's Witch Haze Salve cured me." For blind, bleeding itaking and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by F. S. Duffy.

In my early days I once tried to en gage as model a big negro who made a living out of chewing glass in sundry barrooms for the entertainment of those gathered there.

"What cullab, boss?" he asked suspiclously. plied. "I want to paint your face, you know."

know."

"Tah; I'se not taking any, bose," he said firmly. "The cullan I'se got is good enough for this chile."

I once nearly got hammered for making a colored sketch from life of a very respectable golf caddie in an attitude of ease, subsequently adding a street conser as a background and sending it to an exhibition under the title "A Leaf-er." The man came round to see me in a violent rage, said he was "a bloomin, respectable, ligh class golf caddie and no loafer," and if I didn't sitter the title of that dashed picture he'd either put his solicitor on to me or joily well bash me.

Oh, yes, there's a lot of humor should if you only look for it in places where you don't expect to find it.— Tem-Browne in Booklovers' Magazine.

What is Life?

In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pala results. Irregular living means derangement of the organs, resulting in Constigution, Headache or Liver trouble. Dr King's New Life Pills quickly re-adjusts this. It's gestle, yet thorough. Only 25c et O D bradham's drug store.
