MISS MONIE BOWEY,

No. 36 Perry Street, DETROIT, MICHIGAN.

A couple of winters ago I slipped on a frozen sidewalk and fell flat on my back. On being examined I found that I had sustained internal injuries which laid me up for more than two months. After that I noticed that I had pains in the back and groin which I never had before. I doctored and doctored for several months but as the pain increased instead of getting better I decided that I was not having the right treatment. Reading in the papers of the wonderful cure performed by Wine of Cardui I wrote to one of the parties and received a very satisfactory reply and I immediately sent for some. In a very short time I felt generally better and after seven weeks faithful use I was once more well and strong. I have never had a sick hour since and I daily thank your splendid medicine.

WINE OF CARDUI is one medicine that should always be kept on hand in every home for the relief of all ailments of the female system. It is a first-class medicine and a dangerous accident would not have resulted so seriously had she taken Wine of Cardui promptly.

PHIL MAY'S BARGAIN.

An Experience the Artist Had With a Moving Conductor.

An amusing story is told of the artist Phil May and an English conjurer at a time at Stratford-on-Avon. Phil was in the crowd which had gathered to watch a very clever gentleman who was wrapping up conjuring and half-crowns in pieces of paper and selling them for 2 shillings. The "sharp" had a beautiful face—such a face as Phil May loved to draw. He watched him intently, and the gentleman saw him and made a speech forthwith.

"If that celebrated portrait painter or with the right brushes on will 'and up the picture, the equally celebrated benefactor to 'community will give 'im' away quite for coppers will reward 'im' accordingly," he shouted.

Phil, with a tremble in his eye, handed up the drawing. The conjurer was delighted with the sketch and pinned it to the billboard of his cart. With another preliminary speech, he threw three sovereigns, three half-sovereigns and several half-crowns into a piece of paper, screwed it up and handed it to the artist. "You'll be president of the 'bloom' B'yal academy some day, young man," said he. "Here, catch."

"A bargain's a bargain," said Phil, walking off with the packet of gold and silver.

He confessed afterward when he opened the packet and found two pennies and a halfpenny in it that it was the most entertaining commission he had ever been paid for.

Gained Forty Pounds in Thirty Days. For several months our younger brother had been troubled with indigestion. He tried several remedies but got no benefit from them. We purchased some of Chamberlain's Stomach and Liver Tablets and he commenced taking them. Inside of thirty days he had gained forty pounds in flesh. He is now fully recovered. We have a good trade on the Tablets—Holley Bros., Merchants Long Branch, Mo. For sale by All Druggists.

Druggist and His Age. On one occasion, Branch, the noted teacher, went on the stage to see Bragg, the famous singer, whom he had been pining up and down like a madman, humming over his part.

"Why, Bragg, what is the matter with you? Are you nervous?" he asked.

"Yes, I am nervous," was the reply as he walked forward and faster than ever. "But, Bragg, you ought not to be nervous. I've heard you sing the part 200 times. I heard you sing it thirty years ago."

"Thirty years ago! Who are you that should know so much?"

"Who am I? You know who I am, and I know who you are."

"Very well, you know what I am, but I am sure you do not know what you are, and if you wish I will tell you. You are a fool!"

Conditions and Digestion. People with weak digestion will always be found to be fond of condiments, in the modesty of these things is to stimulate the glands of the stomach and cause them to produce a larger supply of digestive juices. Pepper, mustard and other like spices stir up the liver and are useful to people who from necessity or other causes lead sedentary lives. Vinegar dissolves the cellulose in raw vegetables, and that is why it tastes so well with cabbage and salads, for there is no better judge than the palate as to what is good for the stomach. The oil is added because it protects the stomach from the biting action of the spices.

The Thumb. Thumbs have been appreciated ever since the world began. The ancients used to call the thumb the other hand. Barbers kings used to swear and make oaths by their thumbs. In Rome a sign of favor to write and kiss the thumb and of disgrace or disfavor to lift it up or turn it outward. A man who was hurt in his thumb was accused from serving in the Roman wars. Some of the secondarily citizens used to cut off their thumbs so as to remain at home and get rich. Teachers used to punish their pupils by hitting their thumbs.

Management For Children. Fifty—Mum, won't you gimme me candy now?
Mrs. Casey—Did I tell ya Oi wouldn't give ya anny at all if ya didn't hape still?
Fifty—Yea, but—
Mrs. Casey—Well, the longer ya hape still the sooner ya'll get it—Philadelphia Press.

The Only Way. Fifty—Healy, now, do you think there is any way whereby a man can get the respect of his children?
Mrs. Casey—He might send them away from home as soon as they begin to take notice—Boston Transcript.

Blood Poison. Blood Poison is a disease of the blood, caused by impurities in the blood. It is a disease of the blood, caused by impurities in the blood.

Latent Eye Strain. The mysterious and unnamable sensations of a person can almost always be traced to a latent eye strain, which will become more pronounced when or just after reading, or any close work, and is accompanied with a headache, varying in intensity at different periods; this headache begins in the eyes and forehead sometimes extending down the back, often times causing sick stomach and vomiting.

To Be Healthy Be Practical. Theoretically, every adult person of any intelligence wishes to be strong and healthy. Practically, a majority of them wish nothing of the sort. They would like to be well enough, but are not willing to pay the price, though it really costs nothing. When a man gets out of health he usually wants to get something to "patch him up" so that he can continue the foolish things which have caused his bad condition; hence the almost universal report to drug treatment instead of the natural means of restoring and maintaining health and strength. If a man is really desirous of being naturally sound and healthy he will try to study out the means of becoming so. These means are all included in the seven foundation principles of practical hygiene—namely, exercise, rest, air, light, food, drink and bathing—Cooking Club.

A Dream Indeed. Wife—I dreamed last night that I was in a mine that was full of the loveliest bonnets and—
Husband (heavily)—But that was only a dream, my dear.
