Seed cotton sold in the local market at three cents yesterday. Sixty bales of cotton were sold on the local market yesterday at 9 to 24 cents.

The gross receipts of the opening night of the Odd Fellows Carnival at Elizabeth City were \$1,000.

The proceedings of Board of Aldermen and reports of the city officers will be found on the inside page of this issue. They are of importance to every citizen and should be read.

The Christian Scientists have obtained license from the authorities of Lenoir county to "practice the healing art" in that county. This is the first time license has been granted this sort to practice healing in the State.

The days are growing shorter rapidly and when clouds combine with shorter hours too, as was the case yesterday, make the days dark. It would be exceedingly pleasant to have the lights turned on as early as half past four.

There is a certain locality in New Bern known as Sugar Hill, well known to a class of her citizens, who resort there nightly to engage in their sport and wholly pestilence. For some cause no light is ever displayed at the place. Perhaps some of those whose resort it is can tell the reason why.

The popular play, Reaping the Harvest, appears at the opera house tonight. The people here who have seen the play can vouch for the great merits which the drama has. The seats are on sale at Waters' store and are going fast. Those who have not secured their tickets should do so early as possible.

The weather yesterday was of the unusual kind and kaleidoscopic changes were the order of the day. In the morning it was uncomfortably warm and bade fare to be no all day. About 11 o'clock clouds began to gather and the rain came at intervals during the rest of the day. There was a marked change in the temperature; the mercury fell over 30 degrees.

The Oaks Market has received a car load of live beef cattle, shipped direct from the West. The bringing of live cattle from the West is an unusual thing. A few years ago the surrounding country supplied the local markets cheaply with beef, sometimes as cheap as three cents a pound, but now six or eight cents cannot procure a supply. The ranges have been practically destroyed through this country, and where the ranges are any good the farmers neglect to pay much attention to stock, hence the townspeople are compelled to send to the western markets for their meats. It's a good thing for New Bern that she has an enterprising market concern like the Oaks, otherwise our meat supply would be very slim at times.

No Election of Bishop Coadjutor. The Diocese of Eastern Carolinas met in Goldsboro Wednesday night for the purpose of electing a bishop coadjutor. It was the largest council ever held in the Diocese.

Dr. Nathaniel Harding presided. Rev. Mr. Quarry of Seawater Tenn. was nominated but the nomination was rejected by the laity. Dr. I. W. Hughes of Chocowinity was nominated, and also rejected by the laity.

The Council adjourned at midnight, and met again Thursday morning. The Clergy agreed by a large majority on Rev. T. M. N. George of this city, but this nomination was rejected by laity.

After more discussion, the Council on motion adjourned sine die—there being no election.

Bee Hive Millinery Opening. A beautiful line of fall and winter hats were on exhibition at the millinery opening of the Bee Hive yesterday. Artistic shapes trimmed in the most approved style were seen in large variety.

DECLARED ILLEGAL.

The Elizabeth City Local Option Election. Elizabeth City Cons. Virginia-Pilot, Oct. 7th.

The city aldermen met in the city hall Monday evening and their proceedings were interesting; in fact, it was the most interesting one they have held in many months. A large number of spectators were present and all manifested a deep interest.

The principal topic of discussion was concerning the recent local option election. It will be remembered that the votes of many citizens were challenged and they could not vote. In the seventh ward many voted under protest and as a consequence they were arrested and arraigned in the superior court. The case was so weak against them, however, it was dismissed without having gone to the jury.

Last night the aldermen brought up the question that if the court could find nothing against the ones who cast ballots under protest, was the election legal and legitimate when many other qualified voters were kept from voting on the same grounds? Lengthy and bitter was the argument which ensued. The pros and cons were heard, and what they said was fully weighed, and at last a ballot was taken. The majority of the aldermen decided that the election was not legal and rejected it.

Who? The handsome diamond ring on exhibit at Hibbard's jewelry store has been purchased by the committee and will be presented to the fortunate young lady who shall be selected to reign at opening of the Carnival. Messrs. Simpson and Hibbard assisted by a committee of ladies will have charge of the contest.

Boxes will be placed today at Bradham's and Davis' Pharmacy, McSorley's, Dawson's and Bryan's confectionery stores, where all who desire can start the ball rolling for their choice, to wear the scepter of queenly power at a cost of one cent per vote.

The votes will be announced in Sunday's issue of the Journal and each morning during the Carnival the ballot box will be placed in a booth on Middle street near Waters store on Monday evening and will remain there through the Carnival until Friday noon, when the vote will be canvassed and the coronation will take place that evening before a brilliant court surrounded by the militia.

The Carnival Co. is exhibiting at Elizabeth City this week and is giving great success.

Goldsboro 249 Prohibition. At the election in Goldsboro, yesterday the vote for prohibition was 249 majority.

BARFOOT'S NEW STORE. Millinery Opening and Beautiful Array of Dress Goods and Novelties.

Although Jupiter Pluvius was not altogether propitious in the weather he dealt out yesterday, the opening of the new store of Barfoot Bros. was a distinct success. The store is one of the prettiest and most complete in the city. A large number of ladies who attended the opening spoke in high praises of the fine accommodations furnished by the firm.

The occasion was more devoted to the millinery features. A great many hats were sold, in fact, their sales were larger than at any other similar occasion in the history of the store. The ladies were highly pleased with the variety and beautiful display of fall and winter millinery goods. The sale was conducted under the supervision of Miss Mary Herr with four able assistants.

Two handsome new show cases display to a fine advantage the goods contained therein. One held a beautiful array of velvet, silk and dress trimmings and other articles to fascinate the female eye.

A large number of tailor made dresses were sold and orders for many others were taken. This department of the business is new with the firm but it has become very popular and will undoubtedly find large favor among the ladies.

CANTONIA. The new mill plant located at Elmer's station, formerly owned by J. E. Benton. The plant is a complete new mill of 10000 lbs. per day capacity, also has all modern machinery. For terms and conditions apply to J. E. BENTON.

THURSDAY'S COURT.

About Clear the Criminal Docket as Near As Can be at This Term. Superior Court commenced yesterday morning at 9:30, officers all in their places.

The case of Richard Dixon which was continued from Wednesday on account of an irregularity of the magistrate sending him up, was disposed of. Dixon was charged with carrying concealed weapon and was fined \$15 and costs. The magistrate's note appearing before the court, explained that as the pistol was not loaded and that the negro boy surrendered it, so damage having been done he deemed the case to be in his jurisdiction and therefore imposed a small fine and costs. Finding afterwards that his judgment was irregular, he sent the papers up to court. An apology was made and the court excused the magistrate.

Collie Smith convicted of assault and battery. A motion having been made Wednesday for new trial, case continued until Thursday. Motion denied. Fine of \$50 and costs imposed, which were paid.

Mary Morris, colored, larceny, convicted, sentenced to one year in State's Prison.

J. H. Mattocks, failure to list taxes. Judgment suspended on payment of taxes and cost of action.

B. Z. Cooper carrying concealed weapon, guilty. Judgment suspended on payment of costs. There were circumstances about this case appealing to the court for leniency which was granted.

The A. & N. O. Company through its attorney W. O. Monroe, vs. J. F. Koroney asked for judgment by default and continuation. Granted.

A similar judgment was asked by Mr. Monroe for same company vs. J. F. Higgins which was also granted.

State vs. King David Bennett, for unlawfully injuring an animal, found guilty. Judgment reserved. King David is a colored farmer living in the vicinity of Havelock. One of his neighbors mules took to breaking in his field which was very annoying. One Sunday King David's patience being exhausted, he rushed out in his fury with a hoe and ferociously hooked and mutilated the mule with the implement. It was a cruel and most brutal deed.

Mark Duffy, assault and battery, guilty. Judgment suspended.

Matt White and Will Sprull, two young negroes, were charged with gamboling, not guilty.

State vs. Joe Scott, colored, assault with deadly weapon, was found guilty. Fined \$15 and costs.

The Solicitor announced that the criminal docket was about cleaned up as near as can be this term. Only two more jury cases to be disposed of, one will be taken up today, the other Monday.

There are a great number of not yet cases still remaining on the docket, which will come up next term.

The Grand Jury finished their work in the afternoon, made their report and were discharged. In their report they stated that the public properties were found in fairly good shape, except the bridges over Trent and House rivers, which they reported were in very bad condition.
