From now on we will have Oysters which we will serve by measure, half-shell or otherwise.

Chesapeake Bay Oysters to-day at

Nixon & Co.'s,
117 Middle St.

THE NEWS IN A NUTSHELL.

The negro congress, in session at Washington, has called on Attorney General Knox to defend the fifteenth amendment from the attacks being made on it.

A blizzard is raging on the Pacific coast. All the telegraph wires are down and railroad traffic is impeded.

A general strike of the 8,000 employees of the Chicago City railway has been ordered.

Secretary of Agriculture Wilson has purchased 500 tons of Georgia cotton seed for distribution in Texas in an effort to allay the ravages of the boll weevil.

Colonel William T. Blackwell, an old and highly respected citizen of Durham, died at his home at the age of sixty-four. He was among the pioneer manufacturers of tobacco in that city and acquired a large fortune.

They All Saw It Move.
Mrs. Burton, with her husband, Sir Richard Burton, the famous traveler, and two ladies, had driven out of Trent to a village dance and were sitting in the carriage listening to the band. In talking of it she said:
"Suddenly, at the top of a roof, I caught sight of a rat, which appeared to me to be spellbound by the music."
"Look!" I said. "Don't move, but watch that rat fascinated by the music."
So we all sat and watched it and thought it most interesting that rats should be susceptible to music like birds and snakes.

We all saw it move. We all saw its head turn and its tail move, and we kept still, not to frighten it away. The next day, feeling so much interested in the affair, we sent to inquire about it. The rat, it turned out, was made of painted tin and fixed to the top of the house. So much for imagination.

A Night Babsterian.
A Canadian university man is enjoying his home circle with the following story: He was touring in Scotland last summer. One Sunday morning he put his little hammer in his pocket (he is an amateur geologist) and, strolling out upon the hills, began to chip off such specimens of rock as interested him. A native passing by looked on with a frown. "Sir," he said, "do you ken yer breaker more than stones there?" "Breaker" the Sabbath, eh?" said the young Canadian, with a laugh, and, to appease the Scot, he put away the hammer and walked a little way with him. "A turn of the road revealed the ruins of a castle. 'What castle is that?' said the stranger. 'It's noo the day,'" was the severe reply, "to be speid' at things."—London Outlook.

SISTERS OF CHARITY RELY ON PE-RU-NA TO FIGHT CATARRH WHEREVER LOCATED IN THE SYSTEM.

MISS BEATRIX CALLAN.

since then we have used it with wonderful results for grip, coughs, colds and catarrhal diseases of the head and stomach.

"For grip and winter catarrh especially it has been of great service to the inmates of this institution."

SISTERS OF CHARITY

All Over the United States Use Pe-ru-na for Catarrh.

Dr. Hartman receives many letters from Catholic Sisters all over the United States. A recommendation recently received from a Catholic institution in the Southwest reads as follows:

A Prominent Mother Superior says: "I can testify from experience to the efficiency of Peruna as one of the very best medicines, and it gives me pleasure to add my praise to that of thousands who have used it. For years I suffered with catarrh of the stomach, all remedies proving valueless for relief. Last spring I went to Colorado, hoping to be benefited by a change of climate and while there a friend advised me to try Peruna. After using two bottles I found myself very much improved. The remains of my old disease being now so slight, I consider myself cured, yet for a while I intend to continue the use of Peruna. I am now treating another patient with your medicine. She has been sick with malaria and troubled with leucorrhoea. I have not a doubt that a cure will be speedily effected."

These are samples of letters received by Dr. Hartman from the various orders of Catholic Sisters throughout the United States.

The names and addresses to these letters have been withheld from respect to the Sisters but will be furnished upon request.

One-half of the diseases which afflict mankind are due to some catarrhal derangement of the mucous membrane lining some organ or passage of the body.

A remedy that would set immediately upon the congested mucous membrane restoring it to its normal state, would consequently cure all these diseases.

Catarrh is catarrh wherever located, whether it be in the head, throat, lungs, stomach, kidneys, or pelvic organs. A remedy that will cure it in one location will cure it in all locations.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

Interesting Letters from Catholic Institutions.

In every country of the civilized world the Sisters of Charity are known.

Not only do they minister to the spiritual and intellectual needs of the charges committed to their care, but they also minister to their bodily needs. With so many children to take care of and to protect from climate and disease, these wise and prudent sisters have found Peruna a never-failing safeguard.

A letter recently received by Dr. Hartman from Sister Beatrix B. Callan, 410 W. Thirtieth Street, New York, reads as follows:

"I cannot say too much in praise of Peruna. Eight bottles of it cured me of catarrh of the lungs of four years' standing, and I would not have been without it for anything. It helped several Sisters of coughs and colds and I have yet to find one case of catarrh that it does not cure."—Sister Beatrix.

From a Catholic institution in Central Ohio comes the following recommendation from the Sister Superior.

"Some years ago a friend of our institution recommended to us Dr. Hartman's Peruna as an excellent remedy for the influenza of which we then had several cases which threatened to be of a serious character."

"We began to use it and experienced such wonderful results that since then Peruna has become our favorite medicine for influenza, catarrh, cold, cough and bronchitis."

Another recommendation from a Catholic institution of one of the Central States written by the Sister Superior reads as follows:

"A number of years ago our attention was called to Dr. Hartman's Peruna, and

THE SISTERS GOOD WORK.

A SIMPLE REMEDY FOR CATARRH.

Just Breathe Hyomet Four Times a Day and be Cured.

If a few years ago some one had said you can cure catarrh by breathing air charged with a healing balance, the idea would have been ridiculed, and it remained for H. T. Root, the eminent investigator, to discover in Hyomet, this method of cure.

Hyomet has performed the most miraculous cure of catarrh and is today recognized by leading members of the medical profession as the only catarrh remedy that can be called upon to do just what it claims.

The complete outfit of Hyomet costs but \$1.00 and consists of an inhaler, a medicine dropper and a bottle of Hyomet.

Breathe Hyomet through the inhaler for a few minutes four times a day and it will cure the worst case of catarrh. It soothes and heals the mucous membrane of the air passages, prevents irritation, and affords a complete and lasting cure.

The treasurer of the American Life Insurance Company, J. B. Haguet, of New York city, writes: "Hyomet has completely cured my daughter of catarrh from which she has been a sufferer for years."

In New Bern there are scores of well-known people who say they have been cured of catarrh by Hyomet. If it does not cure you, H. T. Root will return the money you paid for Hyomet. This is the strongest guarantee that can be offered us in the world.

OLD AND NEW WAY.

Hyomet the Latest Scientific Discovery for Catarrh of Lungs.

The discovery of Hyomet has produced a wonderful change in the treatment of catarrh.

Previously employed, the medicine ordinarily employed in the treatment of catarrh were heavy, rough and irritating to the system. Hyomet, however, is a simple, gentle and soothing remedy, and it has been found that the treatment of catarrh by Hyomet is the most successful in curing the worst and most deep-seated cases of catarrh.

TAKE Cherry Glycerine

For COUGHS, COLDS, BRONCHITIS.

All and Pulmonary troubles of the throat and Lungs. It acts by dissolving the phlegm and thereby affords a fine expectoration relieving the most obstinate Cough.
