## THE NEWS IN A NUTSHELL.

Former Senator J. G. Peitchard, of North Carolina, now a judge of the Supreme Court of the District of Columbia, was quietly married to Mrs. Lillian Bann at her home in Washington, D. C.

A new religious creed has been incorporated in Canton, Ohio, under the name of the First Episcopal Church Grand Unity of the World, with power to organize subordinate associations.

At the Charleston meeting of the Daughters of the Confederacy, Mrs. Augustine T. Smythe of Charleston was elected president over Mrs. Henderson of Mississippi. St. Louis is selected as the place for the meeting of the order next year.

A woman recently arrived from Russia who had spent her life in a small interior town, after a few weeks in New York City became demoralized because of the noise in New York City.

A rear end collision on the Illinois Central Railway near Kentwood, La., resulted in killing twenty negroes. Ten other negroes and three white men were injured.

Cotton is coming into Wilmington, N. C., with much, and big ships have come to take it away.

Centinians in Washington among members of Congress is naming Governor Fisher as the Democratic candidate for the Presidency, who is most likely to be able to defeat Roosevelt, who, it is conceded, will be the man named by the Republicans.

## COPE.

Nov. 16.—Crops are nearly housed now and most of the farmers are preparing for their next crop as the weather is so fine, seems almost like spring and besides it can't cotton makes them feel more like work any way.

Mr. N. Riggs has his home nearly completed on South side the railroad which will be occupied by Dr. Perkins. There are two more dwelling houses in the most end of town belonging to Messrs J. D. White and Charlie Sutton that is nearly completed, but there are plenty of vacant lots yet.

Mr. T. R. White of New Bern, has moved back with his family. After one year in Core six months there is no danger of ever losing them again until death takes them across the River.

Quite a number of Covetees are attend church at Whitegreen Sunday the day being so nice and pleasant.

Mrs. Appala McCoy of New Bern, spent Sunday in Core, visiting her brother and returned on the afternoon train.

Messrs C. H. Hines and Graham Wood took a trip to Fort Baranwell last Sunday.

Mr. Ernest Groves of Dover came down yesterday and spent the day. Guess there is some attraction for him here.

Well girls come along this week and get your "Beauty Stick" as a photographer will be here four or five days and he claims to make as good a photograph as any one.

Drummers are getting scarce now don't have only three or four a day, don't see where they have all gone unless they have a few days vacation being it is nearly Thanksgiving. Guess the stores will all be closed here that day or nearly all our way.

**WHAT IS CATARRH?**  
It is a disease of the bladder and is a common and disagreeable disease.

It is caused by the simple matter of holding in the air, gas, and urine. It kills the germ of catarrhal infection, kills and soothes the irritated mucous membrane, enters the blood with the oxygen and kills the germs present there, effectively driving this disease from the system.

The complete system costs only \$1.00 and comprises an inhaler, a bottle of Eucalypti and a dropper. The inhaler will lead a lifetime, and additional bottles of Eucalypti can be obtained for 50c.

If you have any of the following symptoms, catarrhal infection, or any other disease of the bladder, immediate relief can be had by the use of the Eucalypti.

It is a disease of the bladder and is a common and disagreeable disease. It is caused by the simple matter of holding in the air, gas, and urine. It kills the germ of catarrhal infection, kills and soothes the irritated mucous membrane, enters the blood with the oxygen and kills the germs present there, effectively driving this disease from the system.

## FIFTY MILLIONS

Increase of Assessed Value of State Property.

Portrait Presented, Textile Mills. A. N. C. Lease Question, Easy State Treasury, Steadman Favorite For Governor, Division Among Meth. Odists.

Raleigh, November 16.—In an interview with chairman McNeill of the corporation commission he was asked what he thought the increase on the assessed value of real and personal property will be. He replied that about 75 counties had been heard from, and their returns filed, these showing an average increase of about half a million dollars to the county. This will make something like \$50,000,000 for all the counties, and the increase in the State on a basis of 25 cts. on the \$100 valuation will yield something like \$125,000,000 more tax, from that is, real and personal property. Chairman McNeill thought earlier in the year that the increase would be somewhat larger, say about \$75,000,000, but it now seems reasonably certain it will run considerably under that figure.

An oil portrait of Col. William E. Check, who commanded the First N. C. Cavalry during the latter part of the Civil War, has been presented to the State Library by his family. It is learned at the office of the State Labor Commissioner, upon inquiry as to the number of textile mills in operation in this State, that there are 241 cotton, 48 knitting, 14 woolen and 8 silk. A total of 301, which shows a considerable increase over last year. The increase in the number of spindles and looms will be even greater than the increase in mills with textile, so many additional additions having been made to old mills.

From what can be gathered, it does not appear that the Council of State has as yet changed its mind in regard to the lease of the Atlantic and North Carolina railway. Six weeks ago, upon a vote by the council, it was unanimously against a lease. Of course it is merely the advisor of the Governor in such matters. The State officers will no doubt enjoy their Thanksgiving as is to speak they are on "Easy Street," in a financial way, last year having been greatly bothered by the excess of expenditures over receipts, but this sort of thing is happily at an end, and the balance in the Treasury will no doubt be gratifying. Of course it is not yet known what the balance will be, but it will hardly fall under \$40,000.

The feeling here in regard to the matter of the Raleigh dispensary does not at all abate, and it is very freely said that if a vote is going to be taken now, the town would go for prohibition with a whoop. It is further said that if the dispensary is not properly managed the town will go absolutely dry whenever the next election is held.

In the course of a chat with a prominent North Carolinian from the Piedmont section, he was asked what the people were talking about and replied that they were talking quite a good deal about State politics, and most of all about who was to be the next Democratic nominee for governor. He declared that if a vote were now to be taken Charles M. Siedman would win in a walk, but that Robert B. Glenn was certainly very strong, and nobody could tell what would happen.

The very sharp division among the Methodists in this State in regard to Dr. King and the Presidency of Trinity College was never more pronounced than it is just now. A Methodist says that this controversy has affected the church college, not only Trinity, but the other ones too, and he added that Trinity which now has but a small attendance ought to have three or four hundred.

There were about 200 persons summoned as witnesses in the Ernest Haywood murder trial here in October, by both sides, and it looks as if about 20 of these will not get any pay for their attendance, the judge having ruled that a number of them, on both sides were not entitled to any compensation.

## Notice to Creditors.

The South Carolina Corporation Commission vs. The Farmers and Merchants Bank of New Bern, N. C.

Pursuant to the order of the Superior Court of Craven county, the undersigned Receivers having on the 10th day of November 1903, exposed to all creditors who desired to see the same, a complete list of all creditors who had presented their several claims, and the amounts ascertained by the Receivers to be due on each of said claims—and since the said 10th day of November 1903, one of said Receivers having personally inspected and examined the Books and Accounts of the Merchants National Bank of Baltimore, and both of said Receivers having carefully examined the correspondence between the Cashier of the Farmers and Merchants Bank and the Girard National Bank of Philadelphia, and from such examination the undersigned Receivers have reached the conclusion, that the amounts claimed by said Banks respectively upon the heretofore contested claims arising upon the notes of the Southern Hooley Mills are valid claims against the Farmers and Merchants Bank, which for the absence of satisfactory evidence appeared upon the list of said claims on the said 10th day of November, not to be due by said Bank; and said Receivers having duly filed and returned the full list of all claimants, together with the amounts ascertained to be due upon each claim, to the Superior Court of Craven county, in the Clerk's office of said court.—Therefore any and all creditors under the order of said court are hereby notified to file any and all exceptions to the report of said Receivers, on or before the first 3 days of the coming court commencing November 23, as to his own claim, or to the claim of any other person against the said Farmers and Merchants Bank, in order that such exceptions may be passed upon by the Court, according to law, or to take such other proceedings as they may be advised for the adjudication of their claims.

This Nov. 14th, 1903.  
THOMAS DANIELS,  
Receiver F. & M. Bank.  
JOHN DUNN,  
Receiver F. & M. Bank.
