### Mrs. Fred Vnrath,

"I am pleased to give my experience with Wine of Cardui as I am very grateful for its help. After my first baby was born I could not seem to regain my strength, although the doctor gave me a tonic which he considered very superior, but instead of getting better I grew weaker every day. My husband came home one evening with

what it would do for me. As he seemed to have so much faith in it I did take the imedicine and was very grateful to find my strength slowly esturning. In two weeks I was out of bed and in a month I was able to take up my usual duties. I am very enthusiastic in its praise." OTHERHOOD is the noblest duty

hers, as are their ambitions, triumphs and defeats. Healthy women do not suf-fer miscarriage nor does a woman who is healthy suffer tortures at childbirth It is the woman who is ail ing—who has female weak ness—who fears the ordea of becoming a mother. Wine of Cardui builds up the wo manly in a woman. It stops

all unnatural drains and straine—irregularities which are re-sponsible for barrenness and miscarriage. It makes a woman strong and healthy and able to pass through preg-nancy and childbirth with little suffering. After the ordeal is passed the Wine prepares a woman for a speedy recovery to health and activity.

Wine of Cardui, in re-inforcing the or this privilege women can achieve or aspire to. Without this privilege women do not get all there is in life—too often they go through the world discontented, wrapped up in their own selfish cares and troubles. How different is the happy mother, watching her children will cure almost any case of barrenness except cases of organic trouble. How can you refuse to take such a remedy that promises such relief from suffering? Wine of Cardui simply makes you a grow into manhood and womanhood.
A mother lives as many lives as she has women do not suffer. They look for-children—their joys and sources are ward to motherhood with joy.
