The first step in the treatment of the chronic forms is to remove the scales and crusts and soften the skin, by warm baths with Cuticura Soap. The scale, ears, elbows, hands, ankies and feet will require frequently a thorough scaling in order to penetrate the thickness of the scale and skin and crusts with which these parts are often covered. Dry careare often covered. Dry care-and apply Cutiours Cintment, y at first, and where advisable d it on pieces of soft cloth and in place. Take the Resolvent,
