PORT ARTHUR HOLDS OUT

Japanese Making a Flank Move. Fleet Reported Withdrawn as Troops are Land-ed. France Un-easy.

Special to Journal.

London, Feb. 12.—There is an unconfirmed report of the surrender of Port Arthur today.

The later news is that Port Arthur still holds out but that the terrific bombardment of the Japanese fleet is rapidly reducing the Russian defences. The town is being wrecked by the Japanese fire and there is a great loss of life. The populace is fleeing from the city. All foreigners were notified to leave.

Advices by way of Shanghai are that the Russian fleet at Port Arthur has been completely smashed with great loss of life.

The Japanese fleet is now reported to have withdrawn from the neighborhood of Port Arthur, their last movement against the place being to cover the landing of forces. This has now been accomplished.

An engagement with land forces is reported north of Port Arthur.

Baron Hayashi has been informed that the Japanese troops are advancing rapidly on the Yalu river where it is expected they will soon come in contact with the Russians.

The plan of campaign of Japan is to push across the Yalu river and on to Mukden, the present Russian base on the Manchurian railroad, driving the Russians back on Harbin to the north. This move will isolate Port Arthur and give Japan the control of the Manchurian railroad and telegraph line.

Coria is now dominated by Japan who occupy the following places, Seoul, the capital, Masampo in the southeast, and Chempulpo, Ping Yang and Chensalpo on the west.

Nagasaki, February 12.—The Russian troops seen in the neighborhood of Seoul and expected to attack the capital are probably remnants of forces that were defeated near Yalu. It was thought that the Russians might make an attack on Seoul so as to relieve Port Arthur by drawing off Japanese forces.

Berlin, February 12.—The German government has notified Russia that the Baltic fleet cannot pass through the Kiel ship canal on route to the far east. The Russian fleet will now proceed via Skager around the northern extremity of Denmark. The fleet made an attempt to go by the northern route in the first instance but were driven back by storms and ice. The fleet consists of five new battleships and three smaller vessels.

Paris, February 12.—It is denied that the French government is rushing warships to the far east. It is learned however that vessels have sailed. There is talk of France becoming embroiled in the war.

The Kind You've Always Bought

CAUGHT BY THE GRIP. RELEASED BY PE-RU-NA.

Congressman Geo. H. White's Case. A Noted Sculptress Cured.

The world of medicine recognizes Grip as epidemic catarrh. - Medical Talk.

LA GRIPPE is epidemic catarrh. It spares no class or nationality. The cultured and the ignorant, the aristocrat and the pauper, the masses and the classes are alike subject to la grippe. None are exempt—all are liable.

Have you the grip? Or, rather, has the grip got you? Grip is well named. The original French term, la grippe, has been shortened by the busy American to read "grip." Without intending to do so a new word has been coined that exactly described the case. As if some hideous giant with a awful Grim had

clutched us in its fatal clasp. Men, women, children, whole towns and cities are caught in the baneful grip of a terrible monster.

Pe-ru-na for Grip.

Mrs. Theophil Schmitt, wife of the Ex-Secretary of the German Consulate, writes the following letter from 3417 Wabash avenue, Chicago, Ill.:

"I suffered this winter with a severe attack of la grippe. After using three bottles of Pe-ru-na I found the grip had disappeared."—Mrs. T. Schmitt.

Mrs. Celeste Corvill writes from 219 N. Avenue, Aurora, Ill.:

"Only those who have suffered with la grippe and been cured can appreciate how grateful I feel that such a splendid medicine as Pe-ru-na has been placed at the door of every suffering person."—Mrs. C. Corvill.

Noted Sculptress Cured of Grip.

Mrs. M. C. Cooper, of the Royal Academy of Arts, of London, England, now residing in Washington, D. C., is one of the greatest living sculptors and painters of the world. She says:

"I take pleasure in recommending Pe-ru-na for catarrh and la grippe. I have suffered for months, and after the use of one bottle of Pe-ru-na I am entirely well."—Mrs. M. C. Cooper.

D. L. Wallace, a charter member of the International Barber's Union, writes from 15 Western avenue, Minneapolis, Minn.:

"Following a severe attack of la grippe I seemed to be affected bodily all over. One of my customers who was greatly helped by Pe-ru-na advised me to try it, and I procured a bottle the same day. Now my head is clear, my nerves are steady, I enjoy food and rest well. Pe-ru-na has been worth a dollar a dose to me."—D. L. Wallace.

Lieutenant Charles Hunt, of the Salt Lake City Barracks of the Salvation Army, writes from Ogden, Utah:

"Two months ago I was suffering with so severe a cold that I could hardly speak. Our captain advised me to try Pe-ru-na and procured a bottle for me, and truly it worked wonders. Within two weeks I was entirely well."—Charles Hunt.

Congressman White's Letter.

Turkey, N. C.

Gentlemen—I am sorry that afflicted with Pe-ru-na and find it to be an excellent remedy for the grip and catarrh. I have used it in my family and they all find me in recommending it as an excellent remedy."—George H. White, Member of Congress.

Mrs. T. W. Collins, Treasurer Independent Order of Good Templars, of Everett, Wash., writes:

"After having a severe attack of la grippe I continued in a feeble condition even after the doctors called me cured. My blood seemed poisoned. Pe-ru-na cured me."—Mrs. T. W. Collins.

If you do not derive prompt and satisfactory results from the use of Pe-ru-na, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.
