Traded Wife For Fish Nets.

A peculiar story comes from Currituck County of a man named Outlaw exchanging his wife and two children to his brother for a pair of fish nets, the exchange being agreeable to all parties concerned. After the barter Jerome Outlaw, to whom the woman and children were given, and his new possessions were arrested in Elizabeth City Thursday and taken to Currituck for trial, but in view of the fact that there was not sufficient evidence to convict and that the children of the defendants were dependent on some one for support, the couple were released.

Letter to J. Paul Spence.
New Bern, N. C.
Dear Sir: You are a teacher; here's one for your boys:

If the painting costs two or three times as much as the paint, and one paint goes twice as far as another, how much are these two paints worth?
If Doves is worth \$1.50 or \$1.75 a gallon, how much is the other one worth?

How much is a gallon of paint worth anyway?
The answer is: Depends on the paint.
The reason is, paintain't always paint. There are true and false paints and short measure.

How much is a short-measure gallon worth? How much is false paint worth? How much is Doves worth?
There are millions a year in the answer to this question.

Yours truly

EASTERN WAR.

Inhabitants of Vladivostok Warned to Leave.

Port Arthur and Vladivostok Must Defend Themselves. Russia Trying to Gain Time. Continued Bombardment of Port Arthur. War Prizes.

Special to Journal.
St. Petersburg, March 5.—The Admiral in command of Vladivostok warns the inhabitants within 17 miles of the city to leave immediately, taking only personal effects, but no food, stores or cattle, which the garrison needs. Apprehension for the safety of the garrison is felt. It is thought Vladivostok is untenable owing to the Japanese fleet, and the approach of the Japanese army from Posiet Bay.

It is the intention of the Russian Commanders to let Port Arthur and Vladivostok defend themselves the best they can, and to concentrate the Russian troops along the line of the Trans-Siberian railway.

London, March 5.—It is said that Russia is seeking to gain time in Manchuria, as it has been discovered that enough troops cannot be brought to the front and sufficiently provisioned to begin an active campaign for another month.

General Liawitch is withdrawing the advance guard in Northern Corea, and there is confirmation of the advance of a large Japanese force in the rear of the departing Russians, coming from the northeast coast.

The Russian General has resolved to make a stand at New Chwang before retreating upon Liao Yang.

Tien Tsin, March 5.—Port Arthur has been bombarded by the Japanese at intervals on Monday, Tuesday and Wednesday.

Tokio, March 5.—The Russian fleet is reported as having left Vladivostok, July 20th for a northern cruise seeking Japanese vessels as prizes. Two Russian ships were seen off Ussuri Bay. A Russian volunteer transport steamer has been fitted up as an auxiliary cruiser.

The steamer Manchuria, belonging to the Chinese Eastern Railway company, the schooner Sillipoor and the steam launch Ullde have been declared prizes of war by the naval court at Sasebo.
