FALLING BACK

Russians Seeking to Mobilize Troops

Will Take Months to Repair Russian Ships, Ammunition Needed at Vladivostok, Port Arthur and Dally Damaged.

Special to Journal.

St. Petersburg, Feb. 14.—It is reported that the Russian plan is to fall back indefinitely, until 800,000 troops are mobilized to oppose the Japanese, and 300,000 are ready to oppose the Chinese, if necessary.

Admiral Makarov has determined to battle hard with the Japanese fleet, and if possible make use of the Baltic fleet.

The Pallada, Olegovitch and Beigivan the injured Russian ships will not be repaired in many months.

There is no truth in the report that Port Arthur has fallen. The situation there is unchanged during the past twenty four hours.

Newschwang, Feb. 14.—The people here are greatly excited because ten thousand Japanese are approaching this place.

Moscow, Feb. 14.—Orders to rush ammunition of the right calibre to the far east are sent here. The shells at Vladivostok are too large for the guns of the forts, and had the Japanese ships called in they probably could have taken the town easily.

Tokio, March, 14.—The Russian report of the Japanese torpedo boat destroyer sunk, and Cruiser Tokosago damaged, at the last attack at Port Arthur are officially pronounced untrue.

The damaged torpedo boat will be repaired in a week.

London, Feb. 14.—Special dispatches from Tokio and Yia Kow also give reports of heavy Russian casualties at Port Arthur, amounting to forty men killed and 100 wounded, but they are so conflicting in details that it is not wise to give them much credence.

In a dispatch from Tokio dated March 13, a correspondent of The Daily Telegraph says that in the latest attack on Port Arthur two Russian torpedo boat destroyers were sunk and great damage was done to the docks, forts and arsenals, including the explosion of a powder magazine.

Dally is reported to have been almost entirely destroyed; several guns there were dismounted, and the crews of four torpedo boats in the inside harbor are said to have been deserted.

The Daily Telegraph publishes at Yia Kow, wired reports that the Russian battleship Retvizan, at Port Arthur, was hit five times by projectiles, and that there were twenty casualties on board.

This correspondent declares further that the presence of Japanese at Feng-Huan-Cheng (the Manchurian town about 145 miles northwest of Wiji), has been confirmed.

In a dispatch from Che Foo dated March 13 a correspondent of the Daily Mail describes an inspection of Port Arthur, made on the 11th instant. The city seemed to be on fire. The Broadhill fort appeared to have suffered terribly; the defenses were shattered and the earthworks torn up.

No guns were visible. The line of forts on the Tiger's Head appeared to have suffered damage. At certain points signs of life could be seen anywhere and Port Arthur looked like a city of death.

There is no dangerous stomach druging when using Hyonol. The healing and aromatic balsams which compose this wonderful treatment are breathed through a neat pocket inhaler that comes with every \$1 outfit.

In this way the germ-killing and health-giving Hyonol penetrates to the most remote cells of the lungs. It searches out and kills disease germs in the air passages of the head, throat and nose, soothes and heals the irritated mucous membrane, and absolutely drives outers from the system.

Such remarkable results have followed the use of Hyonol by the best people in New Bern, that F. S. Duffy has the greatest confidence in its power to cure croup. He believes in it so thoroughly that he will give his personal guarantee to refund the money if it does not cure the pneumonia in ten days.

This is an unusual offer and the few that get any medicine or treatment for the cure of croup, but have not tried Hyonol, will find it the most effective remedy, while it is still, the most effective.

It is a safe and reliable remedy for croup, and is the only one that is so effective.

HEADLESS MULLET

On Bench Warrant Receiver McBee Arrested

And Taken to Raleigh by Sheriff Biddle Last Night. What Arrived Here Today. Hearings Today. Serious Charges in Warrant

Special to Journal.

Raleigh, March 14.—Today Attorney General Glimmer, in behalf of the people of North Carolina, made an affidavit charging K. S. Finch and V. H. McBea with conspiracy against the State, in procuring in the Federal Court a receivership of the Atlantic and North Carolina Railway.

The affidavit sets forth, that in 1887, the Legislature chartered this road, and in 1889 so amended its charter as to empower the State board of Internal Improvements to appoint eight of the twelve directors to manage the State's interest in the road. That these eight directors in conjunction with the four appointed by the private stockholders, have superintended the railway's affairs, the State owing 19,000 shares and private stockholders 5,844. That February 28th Finch and McBea, well knowing the State owned these shares, and that the people of the State were largely interested in the road and said railway property was then under control of its president and directors, did within jurisdiction of this court, fraudulently, maliciously, feloniously and unlawfully conspire, combine, unite, co-operate and agree among themselves by wrongful, unlawful and indirect means and diverse acts, devices and practices to injure, damage and impoverish the property of said railway, and to injure, embarrass and obstruct its president and directors in conducting its business, to the great damage of State and her officers, president and directors of railway, to the evil example of all others in like manner offending and against peace, government and dignity of North Carolina.

Upon this affidavit Outlet Justice Walter Clark issued bench warrant for Finch and McBea returnable tomorrow here. The charge is one of the gravest known. Chief Justice has subpoenaed number of witnesses, among them managers of Raleigh, Telegraph offices, attorneys John W. Hinesdale, William H. Day, F. H. Busbee and Edward Chambers Smith. It is learned that 45 shares of stock of road on which Finch based his application for a receiver were bought from Edward Chambers Smith at par \$100 each.

All the Way From Florida.

The Journal has received from Mr. Geo. W. Ward our former esteemed correspondent at Swansboro, erstwhile Pedagogue of Satter Path, now a resident of Punta Gorda, Fla., a scale taken from the side of a fifty pound tarpon, caught in the Punta Gorda Bay.

The scale is a very large one, scarcely as large as a china tea saucer, but beautifully transparent, with certain silver markings.

Friend Ward failed to mention the name of the one who captured the enormous fish, but appreciating his rare sense of modesty, and knowing something of his wonderful sporting proclivities, we haven't the slightest doubt but what he was the fisherman.

Breaths Hyonol and Kill All Catarrhal Germs. "Money Back If It Fails." Says F. S. Duffy.

There is no dangerous stomach druging when using Hyonol. The healing and aromatic balsams which compose this wonderful treatment are breathed through a neat pocket inhaler that comes with every \$1 outfit.

In this way the germ-killing and health-giving Hyonol penetrates to the most remote cells of the lungs. It searches out and kills disease germs in the air passages of the head, throat and nose, soothes and heals the irritated mucous membrane, and absolutely drives outers from the system.

Such remarkable results have followed the use of Hyonol by the best people in New Bern, that F. S. Duffy has the greatest confidence in its power to cure croup. He believes in it so thoroughly that he will give his personal guarantee to refund the money if it does not cure the pneumonia in ten days.

This is an unusual offer and the few that get any medicine or treatment for the cure of croup, but have not tried Hyonol, will find it the most effective remedy, while it is still, the most effective.

CURED OF HIS CLUB.

The Way One Woman Kept Her Husband Home in the Evenings.

"I would be very happy if my husband would not spend so many of his evenings at the club," said Mrs. Bride, with a sigh.

"Why don't you try the suspicion cure?" said her intimate friend.

"What is the suspicion cure?" asked Mrs. Bride.

"Well, my husband once got into the habit of spending his evenings at the club, and I worried myself ill. Then I changed my tactics. Instead of asking him to remain at home I urged him to go to the club. The way he raised his eyebrows the first time I suggested it showed that I was on the right track.

"One night he said he had a severe headache and would remain at home. I opposed the idea and insisted that an evening at his club would make him forget his headache. He gave me a hard look, but acted on the suggestion. I knew he would be back within an hour, so I made an elaborate toilet. He returned, as I expected, with the plea that his head was worse. I ignored his question concerning my elaborate toilet. He hasn't been away for an evening since. It is almost like the old honeymoon, only he appears to have something on his mind."

THE LOVING CUP.

Its Origin Dates From the Assassination of King Edward.

The remote origin of the loving cup dates from the story of the assassination of Edward, king and martyr, who was stabbed in the back while drinking. It had been usual at feasts to pass round a large cup, which each, as he rose to drink, lifted with both hands, exposing his body to attack. This custom was altered, so that when one stood up to drink he who sat next became his "pledge" and also rose, drawn sword in hand, to protect him.

This practice in a modified form continued long after changed conditions of society had ceased to need it and was the origin of our custom of drinking healths and particularly of the ceremonial, preserved in almost its primitive form, of passing round the loving cup, when, as each person rises and takes the cup in his hand to drink, the guest next to him also rises and grasps the second handle.

Some authorities ascribe its origin to Margaret, consort of Malcolm, king of Scotland, and others to Henry of Navarre—London Truth.

DIED.

Mrs. Nancy Jane Watson, aged 85, Sunday night March 14th, 1904. The funeral will be at All Saints chapel today at 10 a. m.

BABIES ON FIRE

With Itching, Burning, Scaly Humors of the Skin

Instantly Relieved by Baths with Cuticura Soap

And Gentle Applications of Cuticura Ointment.

Instant relief and refreshing sleep for skin-tortured babies, and rest for tired, fretted mothers, in warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, the great skin cure, and purist of emollients, to be followed in severe cases by mild doses of Cuticura Resolvent.

"My niece's little baby boy, two years old, was so badly afflicted with eczema that he needed constant watching. It was all over his face and he scratched the sores constantly. Mornings his clothes would be stained with blood, and his face and hands would be covered. His family never could take him out, as his face was always full of large sores. They had medical treatment, and tried everything they heard of. She commenced using the Cuticura Remedies last spring and found that at last she had a wonderful healer. The sores left his face and he was entirely cured, and now his face is as smooth and rosy as though no sore had ever been
