**TAKE YOUR MEDICINE.**

Now and then you hear a fellow make a blurt about his health. But you very seldom hear him talk about his lack of blurt.

Now and then a fellow tells you that his world is down on him. But he never tells you how his milk-and-sugar has got him.

Every day you hear some fellow say that he was frozen out. But that he was over in it. He expresses not a doubt.

When the world dumps on the kitchen, you can hear him pull a face; but who always scolded at others? Now is begging for a smile.

When a man is down and out, he always has some tale to tell. He was always pushed or shoved, but never tells you that he fell.

And in short, it seems the rule to—when a chap is on the shelf—tell a tale that sounds so good he nearly thinks it's true himself.

**MORAL.**  
Never equal if you've been humbled. For nobody is in the dust. Either you passed by the stove or you were his easy mark. If they caught you in the pantry with your finger in the jam, and you got a proper licking, emulate the wife of a diplomat.

**The Only Way.**

**Robbed The Grave.**

A startling incident is narrated by John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters, to my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim. No one should fail to try them. Only 50 cents, guaranteed, at C. D. Bradham's drug store.

**Animal or Vegetable?**

Alice climbed a tree near her home every day to look at a bird's nest containing three speckled eggs. One morning after her usual visit she rushed into the house and called out to her mother excitedly: "Oh, mamma, the eggs have all blossomed into little birds!"—Lippincott's Magazine.

**Rather Fatalistic.**

"This is a tough old world," remarked the anvil in the blacksmith's shop. "I get nothing but hard knocks all day long."

"Right you are," rejoined the bellows. "I'm always hard pressed to raise the wind."

**A Great Sensation.**

There was a big sensation in Leesville, Ind., when W. H. Brown of that place who was expected to die, had his life saved by Dr. King's New Discovery for Consumption. He writes: "I endured insufferable agonies from Asthma, but your New Discovery gave me immediate relief and soon thereafter effected a complete cure." Similar cures of Consumption, Pneumonia, Bronchitis and Grip are numerous. It's the peerless remedy for all throat and lung troubles. Price 50c and \$1.00. Guaranteed by C. D. Bradham, Druggist. Trial bottles free.

**RISING BREAST**

And many other painful and serious ailments from which most mothers suffer, can be avoided by the use of "Mother's Friend." This great remedy is a God-send to women, carrying them through their most critical ordeal with safety and no pain. It insures safety to life of mother and child, and leaves her in a condition more favorable to a speedy recovery. The child is also healthy, strong and good natured. Our book "Motherhood" is worth its weight in gold to every woman, and will be sent free in plain envelope by addressing application to Bradfield Regulator Co., Atlanta, Ga.

**LAND IS WEALTH**

More than that—land is the source of all wealth. The ratio of population to acreage is the sliding scale upon which opportunity is gauged, success determined. Out the number of land holders in any State in the Union in two, and what is the result? It's simple arithmetic—opportunities doubled in that State. What if three-fourths the population be eliminated? Opportunities quadrupled; and so on. That's the condition in the great Southwest, Arkansas, Indian Territory and Oklahoma. This vast territory is supporting less than one fourth the population of its capacity. Fertile—a land where wheat and cotton thrive side by side—where two or three vegetable crops are demonstrated possibilities—the greatest fruit section in the country; but that's only half the story. The low ratio of population to acreage makes land cheap—that's the main point. There's room for success in the great Southwest. Illustrated literature sent on request.

**Are You a Dyspeptic?**

If you are a dyspeptic you owe it to yourself and your friends to get well. Dyspepsia annoys the dyspeptic's friend because his disease sours his disposition as well as his stomach. Kodol Dyspepsia Cure will not only cure dyspepsia, indigestion and sour stomach, but this palatable, reconstructive tonic digests and strengthens the whole digestive apparatus, and sweetens the life as well as the stomach. When you take Kodol Dyspepsia Cure the food you eat is enjoyed. It is digested, assimilated and its nutrient properties appropriated by the blood and tissues. Health is the result. Sold by F. S. Duff.

**Bismarck's Wonderful Eyes.**

No one ever came into the presence of the chancellor without a deep sense of the mild power reflected from those large gray blue orbs. Their flashing brilliancy and the piercing penetrability of the glances shot from them were never to be forgotten. They seemed incapable of expressing affection, and their steel-like hardness only inspired awe for the towering intellect, the irascible will, the defiant courage, the fiery energy of their owner. To watch the lightning changes of expression intruded in them, reflecting the strong emotions evoked by humbled pride, wounded ambition and thwarted self-interest, and, above all, by the loss of his absolute sway, was indeed an enviable privilege.—Henry Villard in Century.

**Best Cough Medicine For Children**

When you buy a cough medicine for small children you want one in which you can place implicit confidence. You want one that not only relieves but cures. You want one that is innocuously harmless. You want one that is pleasant to take. Chamberlain's Cough Remedy meets all of these conditions. There is nothing so good for the cough and cold incident to childhood. It is also a certain preventive cure for croup, and there is no danger whatever from "whooping cough" when it is given. It has been used in many epidemics of this disease with perfect success. For sale by all Druggists.

**The LARGEST Store**

with the Biggest Stock of Furniture and House Furnishing Goods in the State of North Carolina

collocate your trade for such finer grade of goods as you can not obtain from your home merchants. In advertising in your home paper I am not endeavoring to compete with the furniture dealers in your place, because I believe it is the duty of every good citizen to buy whatever they can at home, buy in North Carolina first, the South second, and elsewhere last, but as I carry a stock of goods as fine in quality as any store in the City of New York it may be that I have something which your home merchants have not, and my prices are, as a matter of course, from 25 per cent to 50 per cent less than New York City prices. Of course, your home merchant could order from his catalogue something that I have in stock; but then, as you are well aware, beautiful pictures are oft times deceptive, and I really think your home merchant and yourself would get better results if you would buy from me rather than order from pictures, and therefore I solicit a personal call from you.
