CHRISTIAN SCIENCE—A SCIENCE. Rev. Mary Baker G. Eddy, Discoverer of Christian Science. Everything was pleasant and agreeable to the eyes, and it only needed the presence of the speaker, Mr Young, with his magnetic eloquence, to make the scene complete. Mr Romulus A. Nunn introduced the speaker in a pleasing manner, saying—since the time the people of this world have looked around and upon its beauties to bring them to their minds to enjoy them, there has been activity of study, the desire has been to regard religion in various ways, and from restricted doctrines, the disposition has been to go beyond, to accept some good in each, to find no harsh criticism of any, and the spirit has been to let all believe what they would believe, so it was good, and the question may be asked who shall say otherwise? The time was when no toleration prevailed in religious thought, but today that is changed. Tonight we have with us, Mr Bicknell Young of Chicago, a gentleman whose reputation has come before him, and we shall tonight hear him upon, Christian Science. Without any preliminary, the speaker at once entered upon his lecture, and for over an hour held the close attention of his audience. Mr. Young is a quiet, deliberate speaker, his language is the best, his manner attractive, his enunciation clear, declamatory, eloquent and impressive. His discourse not only being well versed in his subject, but equally serious and a firm believer in his every argument in favor of Christian Science. Perhaps it is fairness and apparent absolute belief in what he says, which gives Mr. Young most strength in his speaking. He said in part: "Christian Science may be defined as the science of all that relates to God, and is science not only in relation to ourselves but to third party."

REV. MARY BAKER G. EDDY, Discoverer of Christian Science. The Heavens Seen From the Sea. Every one who has been much at sea knows something of the peculiar splendor of the heavens when beheld from the deck of a ship. Celestial phenomena seem to possess an unusual impressiveness when viewed under such circumstances. The clearness of the air in fair weather and the flatness and distance of the horizon tend to heighten this effect. Applying Her Information. "Mamma," queried little Florence, "should I say pants or trousers?" "Trousers, my dear," replied her mother. "Then," said Florence, "I must give Fido some water, for he's trimmers just awfully."

ARAPHOE. April 17. Our people are having fine weather for their farms which is moving on nicely. Some of our farmers met with the misfortune last week of getting their potatoes cut down by the frost. But only about in the loose swamps newly cleared. There is much work going on in our vicinity in the way of improvements. Within 3 miles of Arapahoe there are six new buildings nearly completed, the most of which are well constructed and of modern style. The farming business has advanced rapidly for the last few years. We are safe to say for the last 5 years the farming business in our community has advanced 50 per cent taking all things in consideration together with the new lands just cleared up and the old worn-out farms that have been improving. While our people are far behind in some respects I make mention of these things to let the readers of the Journal know that we are making at least normal progress. Mr W B Reed who not long since went out of the merchandise business has bought a tract of swamp land and will go to farming. These conditions to be much sickness in our surrounding neighborhood. Mrs Stella Phillips wife of Mr George Phillips is very low with hemorrhagic fever. Mr A D Row's has been very sick this week. Mr Thomas Ferris wife and two of his children have been very sick this week. There seems to be an unusual amount of sickness for this season of the year.

CASTORIA For Infants and Children. The Kind You Have Always Bought. Beware of cheap imitations. Sold Everywhere.

BELLAIR. Farmers are catching up with the weather if not with their work, and some are taking time to go fishing and a nice bunch is occasionally secured. Cotton planting is about finished, corn is coming up and some of it that was cut to the ground and is coming the second time which does not at all hurt it. The few cabbage plants about here are looking fine, and being planted in winter have the advantage of not running to seed as those plants early are doing. With some few exceptions the stand of potatoes is good and though rather dry for they are growing nicely, and the ever-busy potato bug has put in his appearance. Spring greens are not so scarce now as formerly young collards have attained good size to eat and they certainly take the place of no greens at all, very much. Mrs Rosa Taylor, of Grifton has been visiting in our midst. Mrs. H. W. Holt, of Goldsboro is visiting her parents and friends at Bellair. Also Miss Henry Metts, of New Bern, is visiting in our vicinity. The venerable patriarch Mr. Lewis Kilpatrick of near Grifton made a short visit to his children and grand children about Bellair. He is nearly 85 years old and walked fifteen miles one day not long since, and that too, looking after business for a friend. Our public roads are in fair condition now with the exception of a few holes one or two over a seem to neglect.

BREATHHE HEALING AIR. Hyomel Destroys Germs of Catarrh and Cures the Disease—Money Back If It Fails. No other treatment for catarrhal troubles is as pleasant and convenient to use as Hyomel. Simply put twenty drops of Hyomel in the Inhaler that comes with every outfit, and then breathe it for a few minutes four times a day, and it will cure the worst case of catarrh. In this way, one takes into the air passages of the head, throat and lungs air that is filled with balsamic healing and antiseptic fragrance. It goes to the most remote parts of the air passages, destroys all catarrhal germs, and enriches and purifies the blood with additional ozone. The first day's use of Hyomel will show a decided improvement, and in a short time there will be no further trouble with catarrh. Its good effects are quickly gained, and the benefit is permanent. You take no risk in buying Hyomel. The complete outfit costs but one dollar, and if, after using you can say that it did not give satisfaction, F. S. Duffy, will return your money. You have the promise of one of the most reliable drug firms in this section, that Hyomel will cost you absolutely nothing, if you can say "it did not help." You are to use it entirely at his risk, with the understanding that your money will be returned without question or argument, if you are not satisfied with Hyomel.

Fire Insurance! And Brick For Sale! WAKE UP! BALD HEADS COVERED With Luxuriant Hair and Crusted Scapls Cleansed and Purified by CUTICURA SOAP Assisted by Light Dressings of Cuticura, the Great Skin Cure. This treatment at once stops falling hair, removes crusts, scales and dandruff, destroys hair parasites, soothes irritated, itching surfaces, stimulates the hair follicles, loosens the scalp skin, supplies the roots with energy and nourishment, and makes the hair grow upon a sweet, wholesome, healthy scalp when all else fails. Millions now rely on Cuticura Soap, assisted by Cuticura Ointment, the great skin cure, for preserving, purifying and beautifying the skin, for cleansing the scalp of crusts, scales and dandruff, and the stopping of falling hair, for softening, whitening and soothing red, rough and sore hands, for baby rashes, itching and chafings, for smoothening irritations, or too free or offensive perspiration, for ulcerative weaknesses, and many sensitive, antiseptic purposes which readily suggest themselves, as well as for all the purposes of the toilet and surgery. Complete treatment for every humor, consisting of Cuticura Soap, to cleanse the skin, Cuticura Ointment, to heal the skin, and Cuticura Resolvent Pills, to cool and cleanse the blood, may now be had for one dollar. A single set is often sufficient to cure the most torturing, disfiguring, itching, burning and scaly humors, eczema, rashes and irritations, from infancy to age, when all else fails.
