THE A & N C REPORT. Expected Next Week. Gen. Says A. O. L. Road Behind Lease Movement.

Raleigh, N. C., May 4th.--It is expected that the report on the Atlantic & North Carolina railway will be made to the governor next week by the board of Internal Improvements and the special committee which are studying the making of the investigation. Mention was yesterday made of the fact that another proposition had been made to the governor to lease this road and that it came from Philadelphia. It was made by some large dealers in bonds in that city.

It is said that the Federal court costs would quickly eat him up and it is said one cannot go into the Federal court for less than \$3000. Not a few people believe that the Atlantic Coast Line is behind the movement for a lease.

It is said that the State's side in the Cuyler matter will begin at once. Ex-governor Jarvis will be here tomorrow and he and James H. Pon will assist the attorney general in making the fight against the receivership now asked for by Cuyler. It is said the private stockholders are not joining in the Cuyler movement. The whole matter is renewed. The question is who is pushing the Cuyler suit.

Attorney General Gilmer when asked what would be the attitude of the State in regard to the application for a receivership of the Atlantic and North Carolina Railway made by John P. Cuyler of New York replied that the State will resist to the utmost the appointment of a receiver. He questioned most seriously the power of the Federal court to appoint a receiver of State property. He does not believe there will be an appointment, as he does not think the conditions or circumstances warrant it.

Editor Journal: We think that "Craven Democrat" has spoken none so soon in the advocacy of the two noble hearted gentlemen, who were the candidates of the Democratic party in the 8th Senatorial district several years ago, and gave their work, time and money, for the success of the party, when they and their party knew that success to them was hopeless, and that defeat was certain.
