Real Estate is the Royal road to riches.
It is the safest and most profitable in-
vestment for people of moderate means.
There is positively no element of risk,
whether you have \$10 a month or \$1,000
a month to invest. Success is as certain
as the rising of the sun, provided you
invest at the proper time and in the prop-
er place. There is no better nor a more
proper place to invest than in Chicago
suburban real estate, and as quickly as
you can. The opportunity is now yours.
For a short time only, a limited number
of good sized lots near Chicago, will be
sold for \$310 on the easy savings plan of
\$10 a month. For full particulars and
valuable information apply to

A New Profession.

The government is at last coming to
the knowledge of her duty to protect her
people from the robbery and injury done
them by those incompetent as well as
those not equipped to fit glasses correct-
ly. Bills are being rapidly passed in
the separate States, one is now pending
in our sister State Virginia to establish
and maintain state boards of examiners
in order to decide who is proficient and
to exclude those who are not from the
new profession of optometry, before
which every one wishing to sell spec-
tacles will have to pass an examina-
tion. It is a matter of a short time when
such laws will become universal.
The practice of optometry is a separate
and distinct one from that of medicine.
Even as dentistry requires special train-
ing and schools to fill and make teeth
so does an optometrist to fit spectacles.
J. O. BAXTER.

WHAT'S A MAN WITHOUT HIS BREECHES?

The great sale. An Apollo Belvedere may
look very artistic in marble, but the man
that wears a suit of clothing made by an
artistic tailor presents a more attractive
appearance to his friends. The St. style
and "fashion" of our clothing is now
artistic and the man who would
improve his dress should be ad-
vised to buy from
J. O. BAXTER.

The Rev. J. O. Baxter, pastor of the
First Baptist Church, will preach
at 10 o'clock on Sunday, May 15th, at
the Federal Building, New Bern, N. C.
The subject will be "The
Baptist Church."
A timely and welcome rain came Tues-
day night for which the farmers are very
thankful.
All are invited to attend the revival
meetings now in progress in the First
Baptist church.
Mr. W. A. McIntosh is erecting two fine
tenant houses with all modern improve-
ments on King street.
M. Hahn & Son received another car-
load of fine driving and draught horses
yesterday from the West.
Mr. Eliska Odum is conducting the
tanning and plumbing business of the
late D. G. Smaw for the present.
Strawberries are coming in more plus-
tfully and sell for 15 cents a quart. The
berries so far are very fine indeed.
A telegram reached here yesterday
telling of the critical illness of Mr. B. W.
Howland at his home near Maysville.
Master Henry Bryan Duffy celebrated
his third birthday on the 3rd of May by
entertaining about twenty of his little
friends at a party.
Mr. E. B. Hagburn has received his ap-
pointment as a member of the Board of
Commissioners to the World's Fair at
St. Louis.
About 200 baskets of peas went off on
the Ocracoke yesterday, the rain causing
the shipment to be light. The first ship-
ment of cabbage was also made.
The opening sermon of Mr. Jenkins at
the First Baptist Church was an able
one. He is a fine speaker and well versed
in the Bible. Hear him at 8:30 p. m. and
7:45 p. m.
The members of choir to take part in
the Memorial services, May 10th, are re-
quested to meet in the lecture room of
the Presbyterian church, Thursday even-
ing at 9 o'clock.
The Broad Street Fruit Company with
their usual enterprise have put on a new
delivery wagon with special conveni-
ences for the delivery of ice cream to
their customers.
The oyster season is passing by and
that luscious bivalve is giving way to
the clam. While the clam is not alto-
gether so popular it makes mighty good
eating in chowder and soup.
The Journal acknowledges with
thanks the invitation to attend the
Fourth Annual Reunion of the North
Carolina Association of Elks which is to
be held at Winston on May the eleventh
and twelfth.
In the police court yesterday Steven
Ebora was taxed the costs for disorderly
conduct. William Ebora was drunk
and disorderly and was sent out of the
city and told if he came back he would
have the fine and costs to pay or be put
to work.
The stringers at the packing house of
Geo. N. Ives & Son were, out yesterday
and beat all previous records of other
fish houses stringing bees. Two colored
boys, names unknown, strung and tied

eighteen minutes.

in the service of the A. & N. C. road, has
just been promoted from the position of
General Agent of the Southern Railway
at Greenville, Miss., where he has been
