Home Mission Note.

Doing nothing for others is the undoing of ourselves. We must be purposely kind and generous, or we miss the best part of existence. The heart that goes out of itself gets large and full. This is the great secret of the inner life. We do ourselves the most good doing something for others.

During the last twenty five years, there has been a decided increase in the tide of immigration.

These foreigners have planted their homes in our midst, and we must with God's help bring them up to our Christian civilization. Here is the richest field ever opened to the Home Mission Society. Let us enter in with sickle in hand, and reap golden sheaves. CON

Don't Risk Your Eyes!

The eye the most delicate of all the organs should not be jeopardized by those people displaying only a few spectacles for you to choose from, until a magnifying glass is selected by yourself which you can see best through, and which special training not acquired in medical colleges, as the profession of optometry is a separate one from that of the practice of medicine as well as an expensive set of scientific instruments to properly adjust spectacles.

Our country is fast awakening and coming to the knowledge of its duty to her subjects by appointing State boards of examiners before which all people selling spectacles must pass a rigid examination.

That the profession of optometry should be separated from medicine most doctors will admit if not influenced by self, the possibilities of it can never be fully realized until aided from the overburdened shoulders of the doctor, even as dentistry had to be separate in order to develop it from just being able to pull a tooth, in the same way now done in the dental parlor, so will optometry have to be a separate profession to do the most good.

SHORT PASSING EVENTS.

The weather today: fair and cool.

Mr. H. H. Tooker is enlarging his home on East Front St.

There will be services at Christ-church today as stated in the notices, but the bell will not ring.

The steamer Flora Temple will be sold at Meadows Dock, near Union Point by the United States Marshal, Monday noon.

There was only one candidate for the Civil Service Clerk—Carrier examination at the Federal building yesterday.

Evangelist M. A. Jenkins will preach at the Court House 5 p. m. Subject: "Should the bar rooms be removed from New Bern?"

The city has uniformed her police corps with neat and navy white-dress suits and caps for the summer. The immediate tops are quite becoming to the officers.

"Prince" George the prophet, at last accounts was favoring the city of Kingston with his presence terrifying a part of its colored population with his direful prophecies.

The green grocers were well stocked Saturday with Florida vegetables, but they sold high. Beans were 10 cents a quart, potatoes 10 cts a fir the same amount and other things were in proportion.

Rev. G. T. Adams, pastor of Centenary Methodist church will preach tonight at Newport. He goes in response to a special invitation to aid in the temperance campaign that is now being waged in that place. The election will be held next week.

In the absence of the pastor, Rev. J. W. Jenkins, superintendent of the Methodist Orphanage, will preach at the Centenary Methodist church both morning and evening.

Readers of the Journal will take notice that Milligan Academy commencement sermons will be preached by Rev. G. T. Adams at the Baptist church this morning and by Rev. W. H. Rich at the Presbyterian church tonight.

An appeal has been put in circulation by the colored race requesting the National Republican Convention to favor the movement of establishing an Afro-American colony in Africa where such negroes as desire to return may do so. It is estimated that a half million colored people of the U. S. have expressed a desire for this move.

The pea picker was much in evidence here yesterday it being the first pay day for him of the season. These workers are a happy-go-lucky people. They work all the week in the truck fields more in the way of frolic than real work and Saturday they spend the earnings in the same easy manner.

Whoever built the watering troughs in the city, made a great mistake in not emptying the overflow into a drain pipe. There would have been no stop then. But there are a great many more nuisances endangering health around town than the little snail at these watering places.

How would a resident of the city like to be abroad in the country with a tired thirty horse, hot and dry himself, and apply to a farmer for a drink from his well for himself and beast, and the selfish old countryman run out and fasten up the well? Cutting off the water from the fountain on Johnson St means about the same thing.

If the disagreeable brawl on the Acad. Green Friday is to be repeated at any time by the pupils of the school, it would be better for the trustees to prohibit people passing across the green. If the use of the grounds was restricted to the youth who attend the schools there and not allowed to be used by the public as a thoroughfare and cow pasture, it would be a great big improvement anyway.

There are several evils existing in New Bern, which seem to escape the notice of the good moral legislators of the community. One, and not the least by any means, is the corrupt, pernicious literature that is placed in reach of the boys, more than one juvenile mob demonstration has been indirectly incited by the reading to the shame of the parents and disgrace to the city.

The following clipping from the Free Press refers to the murderer who is sentenced to hang in Kingston May 19th: "Frank Davis is very sick with fever in the jail at Goldsboro and having a doctor attending him every day, is the able sheriff Woodles has from Sheriff Stevens, of Wayne, in a private letter. He further states that Davis is very thin presumably from worry and illness. The physician attending Davis is giving him every attention. If he should continue ill he would be reprieved by the governor for a time."

Methodists May Remove Ban From

Dance, Card Playing and Theater.

Los Angeles, Cal., May 12.—A question of importance which has come prominently to the fore in the Methodist general conference proceedings during the last twelve hours is that involving a change in discipline to the extent of entirely removing the church ban on the pleasures of dancing, card playing and theatergoing.

It seems not unlikely that the conference will vote to remove the present rigid restriction regarding the indulgence of these recreations. The endorsement of the committee on State of the church of which Judge H. S. Hibby is chairman, had reported this morning to the assembly its recommendation upon this matter in which it urges that radical change in the rule on the subject, making it simply an advisory restriction, instead of mandatory as at present.

Under the prevailing rule the members of the church who attend a dance or theater is guilty of a direct transgression of the rules of the church, and may be punished by suspension, but if the recommendation now proposed is adopted this penalty will be rendered optional with the authorities.

Other boys were present at witness stand who were recognized for the State and on Monday there will be more trials.

THE SECOND PRIZE.

A Very Creditable Song. Poem Written For Memorial Day By Miss Margaret Bryan.

We publish herewith the poem which obtained the second prize in the contest for the Memorial Day song. The first prize poem won by Mrs. R. P. Williams was published yesterday.

The following song was written by Miss Margaret Shepard Bryan and is being sung as that of Mrs. Williams, to the tune of "Swanee River" or "Old Folks At Home."

Let us sing of all our gallant soldiers in Dixieland, How bravely did they fight in battle. In one united band, For it is only what we owe them. Now the War is o'er, To remember all our faithful veterans. And those that are no more, Chorus.

All the South today is giving. Then the praise they won. We bow our heads unto the living. They're leaving one by one. All up and down the broad Potomac. They fought with Lee, Until at Appomattox Court-House. He surrendered graciously. Yes, we will keep the record left us. Statutes and clear. The children too will hear the story. Of those who knew no fear. Chorus.

But now we've furled the conquered banner. We'll let it rest, With all the brave and noble heroes. And try to think it best, Altho' our cause is lost forever, And the men in gray, Who fought beneath its brilliant colors. Most have passed away. Chorus.

Yet the South today is giving. Then the praise they won. We bow our heads unto the living. They're leaving one by one. All up and down the broad Potomac. They fought with Lee, Until at Appomattox Court-House. He surrendered graciously. Yes, we will keep the record left us. Statutes and clear. The children too will hear the story. Of those who knew no fear. Chorus.
