a be settled in the usual way, as they are settled in every national convention."
 The fact that Mr Hearst in previous political campaigns has always been an ardent and loyal supporter of Democratic principles and nominees, is too easily lost sight of—and just because Mr Hearst may aspire himself to political recognition. Let some candidate be nominated by the Democratic, and it will be found that the Hearst memory and without any hostile criticism from those in the party.
 Deafness Cannot Bc Cured by local applications, as they cannot by local applications, as they cannot by local applications, as they cannot be cured by local applications, as they cannot be applications at the hands of his party.

The Magnetic Feedle. There are two places on the earth's surface where the magnetic needle must point due south. They are not easy places to reach. One is in the Galumbia Good Radowed. Biwin Gould has endowed the Co-lumbia variity crew with \$10,000. This money has been prested at 4 per-cent and will yield the crew the next sum of \$460 annually. Mr. Gould was a member of the crew in 1927 and has always taken a deep interest in the rowing affairs of the college. The an-nual income he has put at the disposi-to the crew will prove a nice little ar-cieva for the crew management to start in with each year. arctic region north of the perthem magnetic pole, on the line between that pole and the geographical north pole. The other is in the antarctic regions, The other is in the antirche regions, a south of the southern magnetic pole, a on the line between that spot and the r geographical south pole. In the first in case the point of the needle is attract-of to the northern magnetic pole. In of the second case the other end of the in needle is attracted to the southern magnetic pole.

magnetic pole.
