RUSSIANS CUT OFF.

Submarine Boats Used By Japs Against Russian Navy.

London, May 18.—The Rome correspondent of the Central News wires that a telegram has been received there from Tokio reporting that two Japanese divisions have arrived close to Mukden, Manchuria, on the north end and have cut off Gen. Kuropatkin's line of retreat.

St. Petersburg, May 18.—A letter has been received from Gen. Stoessel, chief of staff at Port Arthur, which gives the first intimation that submarine boats have been used in the present war. The letter written by Stoessel states that the battleship Poltada, which was damaged at the time the Petropavlok was destroyed, was struck by a torpedo sent from a submarine. All the Russian reports on the damaging of the Poltada sent heretofore said she struck a Russian mine.

Hard Times.

Some Atrocious Puns.

If there is any retribution for misdeeds in this world the Wilmington star man ought to get the full benefit of it. Read some of the output of his degraded mind.

In New York Mrs Ina DeLong has secured a divorce from Mr Chas E Delong. She just wanted to DeLong herself, and that is de long and de short of it.

A Northern lady has made a beautiful quilt out of the tops of her discarded silk stockings She ought to preserve it, for it will make an interesting item in her log-acy.

Miss Phillips, daughter of multimillionaire William Astor, has announced her intention to go upon the stage. Mr Astor doubtless views this as a disaster for Miss Astor. We guess he's Astor to reconsider.

SENSIBLE WAY TO CURE CATARRH.

Hyomei Breathed Air You Breathe and Kills All Catarrhal Germs Costs Nothing Unless It Cures.

Do not take medicines into the stomach to kill catarrhal germs in the head and throat. All alone can reach these germs. Medicated with Hyomei and breathed through the neat inhaler that comes with every outfit, the air goes to the most remote cells of the head, throat and lungs, and completely destroys the disease germs. Hyomei is the only scientific, yet scientific way to cure catarrh. Other remedies may fail, Hyomei will cure.

It takes 10 minutes and you get one vitalizing and invigorating effect from the first few breaths of Hyomei. If it should happen that Hyomei did not give you the same good effects that it has in many other cases right here at home, F. S. Duffy, will refund your money without question or argument. You will be the sole judge as to whether Hyomei cost you a penny or not.

The complete outfit, consisting of a medicine dropper, and inhaler that can be carried in the vest pocket, and a bottle of Hyomei, sells for only one dollar. Extra bottles of Hyomei can be obtained if needed for fifty cents.

When you have purchased outfit, F. S. Duffy, will give you a signed receipt, agreeing to refund the money in case it does not cure Catarrh and other diseases of the respiratory organs. This is the strongest evidence that he can offer as to his faith in Hyomei—to pay for himself in case it does not cure you.

"WHAT'S A MAN WITHOUT HIS BREECHES?"

the poet asks. An Apollo Belvidere may look very artistic in marble, but the man that wears a suit of clothing made by an artistic tailor presents a more attractive appearance to his friends. The fit, style cut and "hang" of our clothing is swell and artistic, and the man who would be elegant in dress cannot afford to be tailored by any one but
