Philadelphia Parties Make Proposition For A & N O Road. What Governor Aycock Says.

Special to Journal.

Raleigh N. C., May 21.—Several weeks ago the Governor received a proposition from a Philadelphia firm to lease the A & N O railroad for fifty years. Ten days ago a member of the firm came here, saw the Governor, then made a complete inspection of the road. This afternoon they sent the Governor a new proposition, by far the best ever received. It is a fifty year lease, rate offered being three and half per cent for first ten years, five for second ten years, seven for remaining 30 years, also seven per cent for all or any part of 40 years, after 50 years. All interest to be paid in advance in January and July, the firm agreeing to pay interest of the bonded debt; Agreeing to build in five years thirty five miles of new road, to be a feeder, and within ten years thereafter not less than 50 more miles of new road, also as feeder. State to have power to examine the road at any time, and if it is found the lessees are not keeping properly up to standard of condition, in which they received it upon notice from lessees, the lessees shall make repairs before end of lease year.

The lessees are not connected with the Atlantic Coast Line, or any other railway. The proposition is made in an individual capacity entirely. The Governor said the proposition is most average six per cent. He was asked if it had not all the time been his purpose to lease. He replied: "It has been my purpose to lease when I could lease to persons who would keep the lease, improve road, and secure the people, but I have at no time been willing to lease for less than its value, or without sufficient guarantees to secure performance of terms of lease."

OUR BOB GLENN.

Not since the days of Zeb Vance does a name sound more pleasing to the ears of true Democrats than that of Bob Glenn.

There is a brevity and euphony about them that make fine battle chords.

As the former was a Slogan to conjure the masses in his day, so is the latter effective in this day.

The men having striking characteristics in common Glenn possesses the rugged physique, the ready wit, the fiery eloquence, the earnestness, and the other superior traits that distinguished the great Vance.

After battling for Democracy for nearly thirty years, on every hustings in the State, Mr Glenn for the first time asks through his friends suitable recognition by being made Governor of North Carolina.

Without disparagement of other candidates it can be truthfully said that Mr Glenn possesses higher qualifications for the office than any of the rest and that he deserves this recognition because of earnest and disinterested labor for the cause cannot be disputed.

The people at his home say of him: "He stands upon the broad plateau of middle life in the fullness of matured faculties. He is a good lawyer, a strong thinker, an able campaigner, a sound statesman, a man of the people and for the people, with the courage of his convictions."

He is a man who loves his party with his whole heart, who loves it most when in the right or wrong, weak or strong, in prosperity or in adversity, he is a loyal, true, steadfast Democrat.

Since manhood he has been a party worker, commencing in 1873, and taking part in every campaign from that day to this. He has always placed himself in the hands of the State Executive Committee and the campaign managers of his own county going cheerfully at his own expense, wherever and whenever sent, and in the dark days of his State's oppression was ever in the thick of the fray, fighting to rid the people of the negro domination and radical misrule.

He has not yet been honored with an office directly from the people of the State, and would deeply appreciate an honor which carries with it the stamp of approval, recognition and confidence of his fellow citizens.

Democrats, this man labored for your success for twenty-eight years, on the hustings, in the councils of the party, at the voting precinct on the day of election, never studying his own case, but only asking where he was needed, he has given himself to the people, now he asks to be Governor. Will not those who have enjoyed the fruits of the victories he has helped win, and the people whose interests he has defended and upheld, rally to his support and nominate him?

Let the Democrats of Craven county who have often listened to his splendid exposition of Democracy, and who know all of the above to be true, rally to his support and give the solid vote of the county in the approaching State Convention to Bob Glenn.

STATE ANSWERS CUYLER'S

Complain: For Receiver's Road Not Bankrupt. How Cuyler's Stock Was Voted.

Special to Journal.

Raleigh, May 21.—The answer and demurrer of the State and the Atlantic and North Carolina railway, to the bill of the complainant of Cuyler of New York, who applies for a receiver, was filed in the federal court here this afternoon.

It says the road is not bankrupt, but has earned a million and a quarter dollars in the past five years, and expended its net earnings of over three hundred thousand dollars in permanent betterments.

The answer further says that Cuyler's stock was voted at all stockholders meetings in favor of the acts he complains of.

FACTS FROM FRANCE.

There are less than 550 negroes in all France.

The Institute of France has received a bequest from M. Jean Debrosse yielding an income of \$3,000 yearly.

The first motor lifeboat built in France has just been launched at the port of La Rochelle. It is worked by petroleum and is of twelve horsepower. Some of the flimsy garments sold in Parisian stores are made of such poor material that hand sewing is necessary. The girls who do this get only 30 to 40 cents for twelve, fourteen or more hours of work.

French economists are asserting that when a monopoly becomes injurious it should be bought by the state and managed in the interest of the public. This question has gone so far beyond the theory that M. Rouvier, the minister of finance, has seriously thought of taking in hand the refining of oil.
