### PUBLIC INDIGNANT.

Over Judge Parnell's Naming McBoe Again for Receiver A & N. C.

The telegram to the Journal yesterday morning, announcing the appointment of V. E. McBoe as co-receiver in the Atlantic & North Carolina railroad with Thomas D. Meares, was soon known all over the city, and provoked the greatest indignation.

"What right has Parnell to appoint a possible convict to the receivership?" said one person. "Here is McBoe on trial for conspiracy against the State, put into control of the property which he is charged with attempting to take away from the State."

"Why was Judge Parnell so 'judgment' over this case McBoe, on the trial, yet is now co-opting the fellow, like a political burning?"

Said another citizen, "This appointment is a direct slap by Parnell against the Governor. The Judge wants to show his contempt for State authority, and took this method to show Governor Aycock, that he, Parnell, was a rickety 'it'."

"There were plenty of expressions that Judge Parnell ought to be impeached, and there was enough heard on all sides to make Judge Parnell's ears burn if the old theory of talking is doing it, would have any such effect. They would have been too hot to touch."

On every side the action of Judge Parnell in naming McBoe was thoroughly and loudly denounced. It is held as a gross insult by everyone here.

### LESE MAJESTY.

Judge Parnell Objects to Editorial Criticism.

Issues Rule for Contempt Against Josephus Daniels. Parnell Restores McBoe to Office Finch's Lofly Sentiments on Receivership.

Special to Journal.

Raleigh, May 30--Judge Parnell created sensation in Federal court here today, by stating that he had issued rule for contempt, against Josephus Daniels, Editor of Raleigh News & Observer, on account of editorial which appeared in yesterday's paper. This editorial criticizing Parnell for appointing a receiver for Atlantic and North Carolina Railway. Judge charged Grand Jury on question of contempt, saying it was his duty to indict all persons who had published, or uttered things calculated and intended to bring court into disrepute, and that special act of Congress covered matter very fully.

Judge Parnell appointed V. E. McBoe, Co-Receiver with Thomas D. Meares of Atlantic and North Carolina railway. Action was quite unexpected. Receiver Meares and Co-Receiver McBoe this afternoon gave joint bond in surety company, for \$50,000. Both leave here for New Bern on early morning train tomorrow. McBoe was asked if he had anything to say, and replied with a smile, "I go to New Bern tomorrow. I hope there will be no band and no flowers." K. S. Finch, who is made Co-plaintiff with Oyler in the matter came today and said he would leave in the morning for Charlotte. He was asked what he thought of matters, and in reply, "I am entirely satisfied with results."

W. W. Fleming, attorney for Oyler was asked what he had to say, he replied "with Meares and McBoe in charge Atlantic & North Carolina takes place it deserves in railway world, and as North Carolina Institution, I am so well satisfied it will be put in good shape, that I feel the action taken will be sustained by people after they see what has been done." It was as first expected Editor Daniels would answer at three o'clock this afternoon in contempt proceedings, but Judge Parnell fixed ten o'clock tomorrow morning as time. Of course there will be big crowd in Federal court room. Editor Daniels was asked what he had to say about the matter and replied "I will be on hand. Better men than I have been in jail. Joe Turner and John Bunyan were both in jail. Joe Turner told me years ago I would get in jail unless I stopped getting after bond stealers."

### TO RESIST IMPRISONMENT.

Habeas Corpus Proceedings Instituted to Keep Lawyers out of Jail.

Wilmington, May 30--The report comes that habeas corpus proceedings are already being instituted, and that C. F. Carroll, R. O. Southard and E. W. Kerr, will not be imprisoned under the contempt order of Judge Parnell. The habeas corpus proceedings will not take place until after the papers are served upon the defendants.

### DECORATION DAY.

Crowd of Visitors Spend the Day Here. Memorial Services Held at Cemetery. Address by Rev. W. Geo. Avant.

Monday was observed as Decoration Day in New Bern in a most orderly and appropriate manner. Time was, a few years ago, when the observance of this anniversary was a desecration, but that of yesterday was such as to reflect credit on the colored people, who were in the main the participants.

Crowds of colored people from nearby towns and from the country, came in on trains and boats in the early morning, and quietly dispersed themselves over the city until it was time to gather at the cemetery. Many of them bringing baskets of flowers from their homes to lay on the soldiers graves.

The Grand Army formed their column at their hall in the west end, and followed by The Sons and a vast concourse of citizens proceeded to the National Cemetery where arrangements had been previously made for the usual services. The assembly there is said to have numbered upward of three thousand persons.

Rev. George W. Avant delivered an able and impressive address. The graves were then decorated, and the immense throng returned to the city where they spent the remainder of the day pleasantly. Nearly all the visitors returned to their homes in the evening.

### INVITATION FROM F. S. DUFFY

Leading New Bern Druggist Urges You To Try Hyemol, The Guaranteed Cure for Catarrh.

Any reader of the Journal who suffers with catarrh, or who is subject to catarrhal colds, is invited to F. S. Duffy's store for a complete Hyemol outfit on approval. So confident is he that Hyemol will cure the worst and most deep-seated case of catarrh that he will furnish a full month's treatment of Hyemol on trial.

While it would be unreasonable to expect a chronic case of catarrh, which has been growing worse for years, could be cured within a month, yet he feels sure that the thirty days' treatment will convince the user that Hyemol is infallible in driving catarrhal poison from the system. There is no dangerous stomach-dragging when Hyemol is used. Simply breathe its healing influence through the nasal tubular that comes with every outfit, and the germ-killing and health-giving air will penetrate to the most remote cells in the passages of the head, throat and lungs, and drive catarrhal poison from the system. Nothing else will so quickly cure a cold in the head or stop an ordinary cough.

Angers and public speakers will find Hyemol invaluable. It strengthens the voice and gives it a rich, clear tone. Catarrhal deafness is cured when Hyemol and the special Hyemol tubes are used.

The complete outfit costs only one dollar, and if you delay, you lose out. It is not only a cure, but a preventive of the disease. F. S. Duffy will
